

Excellence by Design

2006 Collection

One of the most rewarding things about owning a caravan is the freedom. Freedom to choose when you want to pack up and go, and freedom to go wherever you choose.

Freedom is also one of the most rewarding things about a Coachman caravan.

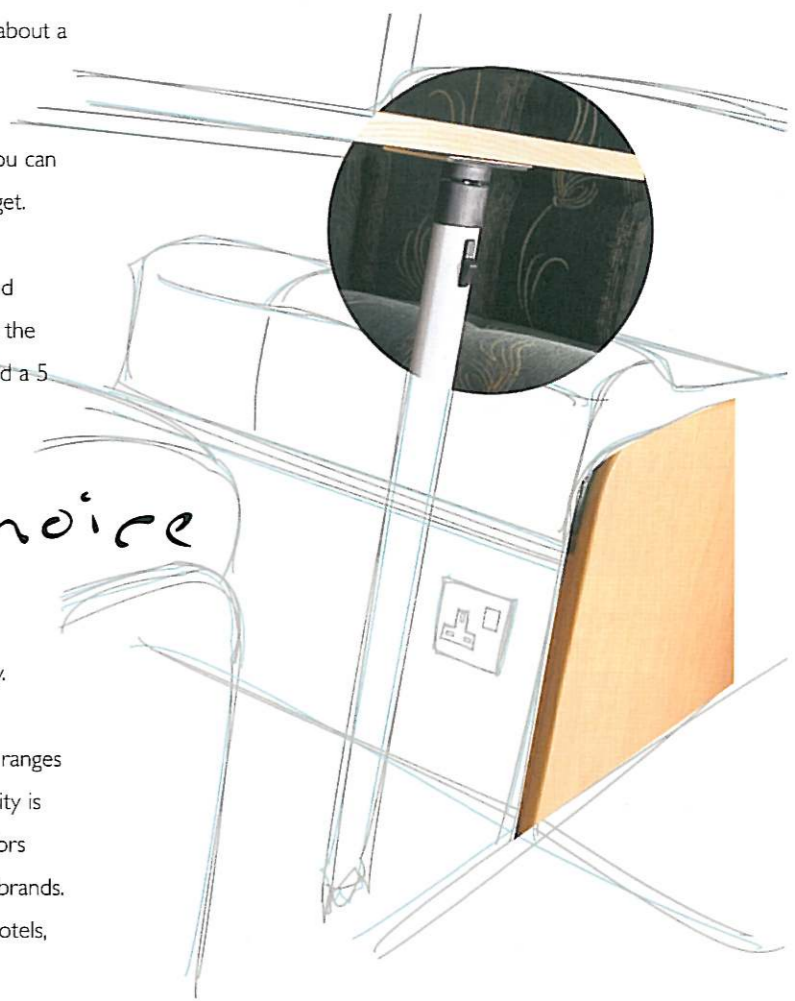

Freedom to choose from a range of caravans, so you can find one perfectly matched to your needs and budget. Freedom to choose without worry, because every Coachman caravan is built to the highest quality. And freedom to relax and really enjoy your leisure, with the reassurance of a 3 Year Manufacturer's Warranty and a 5 Year Worry-Free Water Ingress guarantee.

## Freedom of choice

For 2006, freedom comes with more space, more refinement, more choice and more value for money.

Our all-new designs for our Pastiche, VIP and Laser ranges have set higher standards than ever. Their build quality is impeccable, their engineering innovative, their interiors luxurious, and their accessories supplied by leading brands. In fact, if caravan accommodation was graded like hotels, these would be indisputably 5 Star:

But of course, in your Coachman caravan you have one big advantage over staying in even the most luxurious hotel. That's the freedom to change the view from your window, as often as you choose.

*Freedom comes at a price to suit your pocket, in a caravan to suit your needs.*

Newly styled wider Bodysells and fronts

NEW styled aluminium sides with exciting new graphics

# New Features for 2006

All Coachman caravans have been given an exciting new look for 2006. The Amara has newly styled aluminium with striking new graphics and alloy wheels while the Pastiche, VIP & Laser have been given newly styled wider body shells, new stylish fronts and backs, striking new graphics, new lights and stainless steel grab handles plus a multitude of other new features.

Remote Alarm

Curved Door Fridge

Loose Lay Carpets

Spinflo sink

Status 530 Aerial

Chrome Cup & plate racks

Chrome Utensil Racks

Glass Downlighters

New Reading Lights

Alko secure

Chrome Rear Light Clusters

Stainless steel Grab Handles

Alko Wheel Carrier

Door Flyscreen

Cocktail Cabinets

Radio/CD/DVD/MP3 Player

Microwave

Newly styled Backs

Plus two new larger Laser fixed bed layouts

Please Note: Many of the items shown above are model specific and therefore you must check availability of individual items with your dealer.

# Freedom of movement

*The wider open spaces*

Design changes to the Coachman Laser make the 2006 model significantly wider than before – which means more internal space for you to enjoy. We've also taken the opportunity to make the Laser even more of a home-from-home by adding 2 new layouts, both of which have a bedroom with a fixed bed and ensuite toilet/shower room.

In fact the 2006 Laser has everything you might expect in a static caravan, but with one important advantage. When you want to move sites you simply hitch up and go.

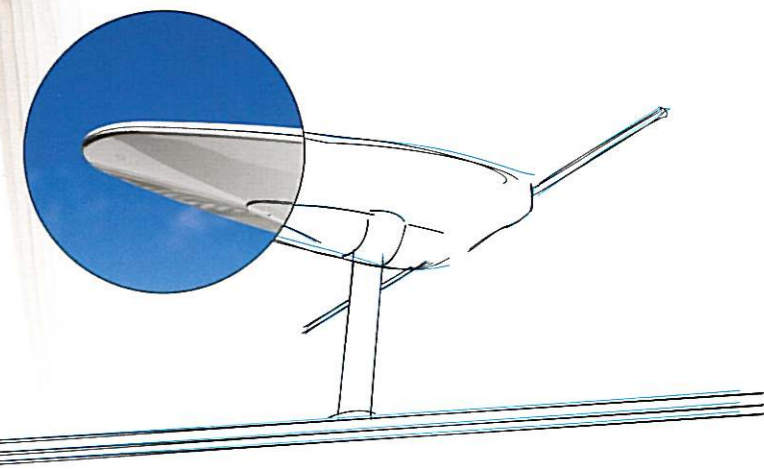

Freedom  
without limits

No other caravan in this class  
has the same level of equipment  
as the Coachman Laser

The equipment in the Coachman Laser doesn't only beat every other caravan in its class. It also measures up against the comforts of home.

Measure the fridge, for example, and you'll find it has more room inside than ever. The Spinflo sink's specially designed chopping board provides more work space. And the luxurious bedding is designed to domestic standards – so when you sit down and put your feet up, you'll feel right at home.

We've installed a Sony entertainment centre and in the kitchen there's a Sharp microwave: so you can spend less time cooking your food and more time enjoying it. And there is freedom from worry as all 2006 Lasers are fitted with the all new Al-Ko Secure wheel clamping security device as standard.

# Spec Laser

This year's Coachman Laser model has a new front and rear external design, with chrome rear light clusters and brake light. The new design is not only more attractive from the outside but – being wider – also creates extra internal space, for an even more spacious and practical layout.

## Specifications

Sleeping Areas	Option 1	Option 2
<b>590/4</b>	2 x Single 1900 x 720mm (6'3" x 2'4") 1 x Single 1795 x 710mm (5'11" x 2'4") 1 x Single (bunk) 1755 x 610mm (5'9" x 2'0")	1 x Double 2030 x 1475mm (6'8" x 4'10") 1 x Single 1795 x 710mm (5'11" x 2'4") 1 x Single (bunk) 1755 x 610mm (5'9" x 2'0")

Awning dimensions represent the shortest ground-to-ground awning measurements for 2006 model year Coachman caravans. We do however **strongly recommend** that you consult your awning supplier before making a purchase as awning manufacturers have different methods of sizing their products

\*Including TV Aerial

# Freedom from worry

Pack up  
your troubles

When you set off down the road with your Coachman VIP, you're leaving all your worries behind. And we don't mean just the daily grind, mowing the lawn, and doing the dusting.

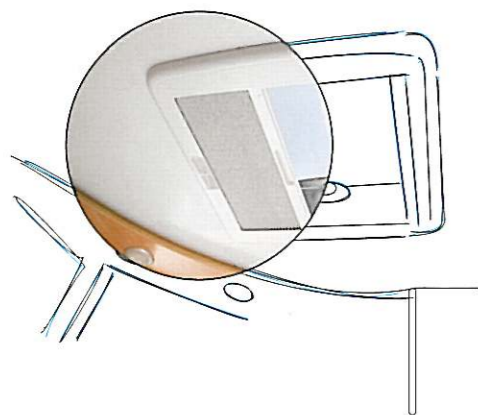

Like every other Coachman model, every single VIP caravan we produce is tested continuously for more than 12 hours as soon as it comes off the assembly line. Electrical, gas and water systems are all put through this punishing trial, so that when you flick a switch or turn on a tap you can be 100% confident it will work perfectly every time.

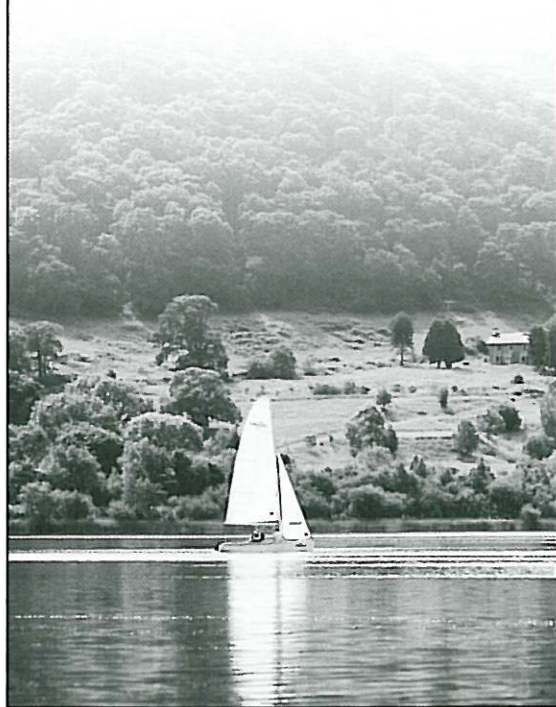

For the 2006 Coachman VIP, new front and rear designs, together with a selection of upgraded equipment inside, mean that VIP stands for Very Improved Product.

*New internal design features are practical and attractive*

You can take a Coachman caravan almost anywhere – and we've taken the Coachman VIP right into the 21st century, with a fresh new approach to the design style. Everything from the reading lights to the taps has been looked at carefully and brought right up to date. But it's not just

about the looks. We've also given the VIP some supremely practical touches: like new door flyscreens, practical loose-lay carpets and a remote alarm for extra security.

# Spec Vip

Just because you're leaving your worries behind doesn't mean you want to get away from it all. So with the 2006 VIP, we make sure the comforts of home come with you: from a Sony entertainment centre to a 97 litre fridge.

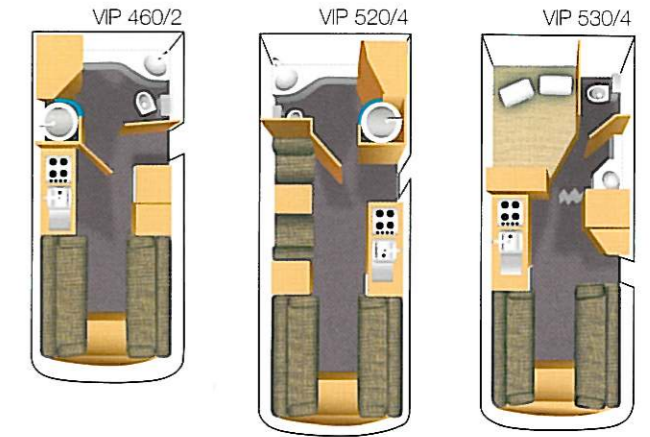

## External Features

# Freedom to Enjoy

How far  
will you go?

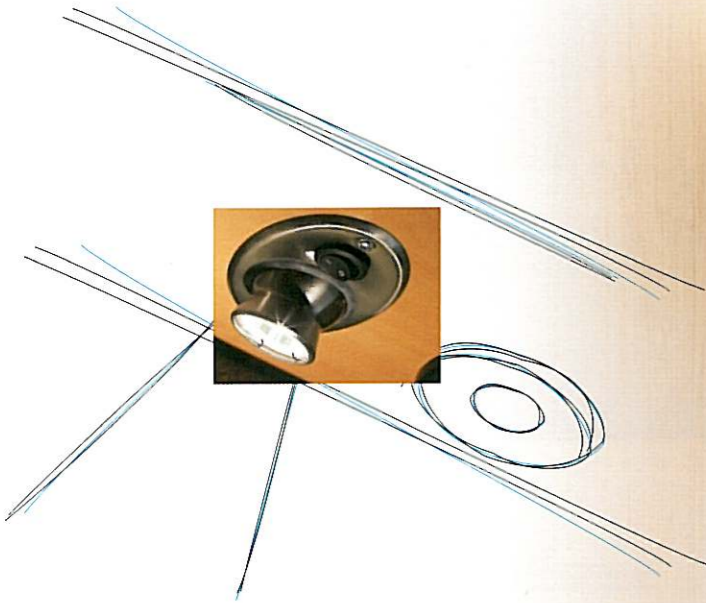

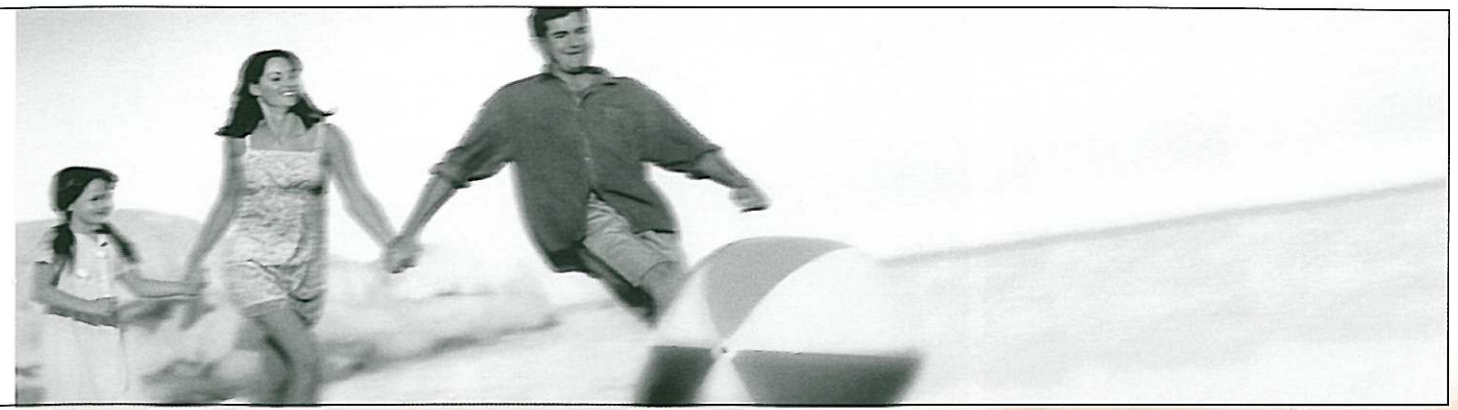

We've gone all the way to make the Coachman Pastiche a caravan you can really enjoy owning. For example, we went all the way to Italy to find work surfaces that lived up to the quality we know you expect in a Clubman class caravan. We even went so far as to make the upholstery to the same standard as you'll find in your own home. So however far your Pastiche takes you, you can be sure you'll be comfortable.

Freedom to explore

Design changes to the 2006 Pastiche mean there's plenty to see that's new

There's so much packed into the 2006 Pastiche you don't really need to go anywhere else. Just spend the time exploring the interior of your caravan, with its features, fixtures and fittings that really are something to write home about.

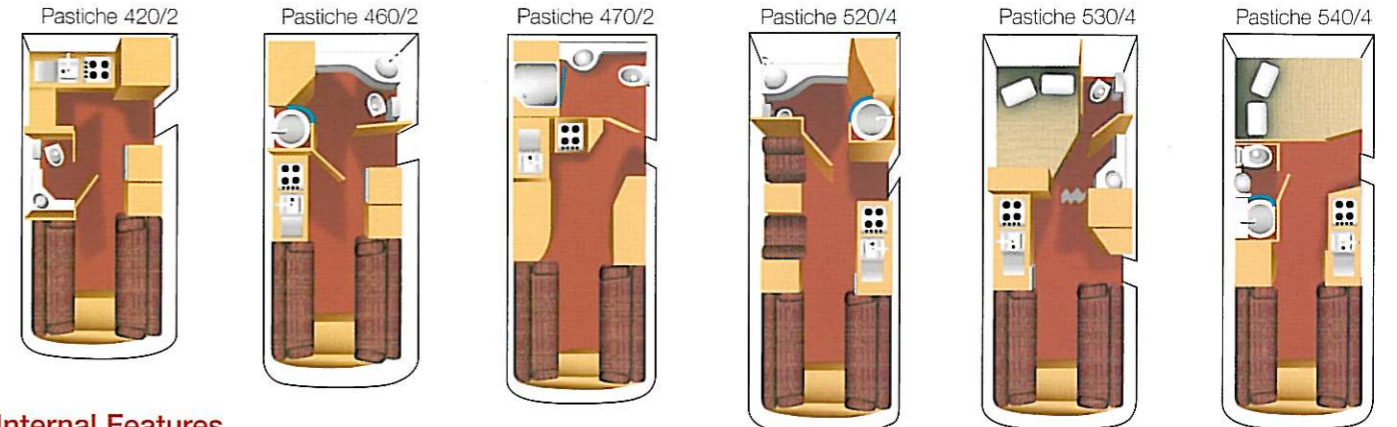

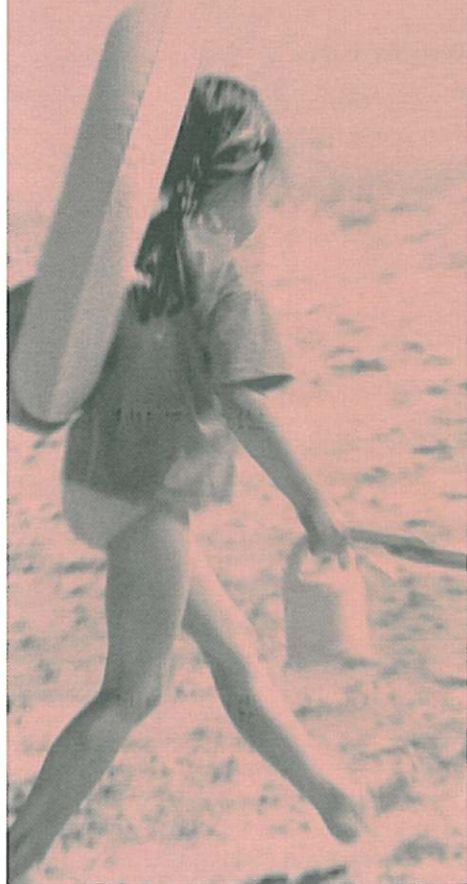

It's not just the big changes – like the wider dimensions – that make the difference. It's the little things too, that you'll appreciate more and more the longer you spend in your caravan. So, for example, the new remote swivel TV aerial is designed to be adjusted from inside the Pastiche, allowing you to get the best possible picture in moments, wherever you are.

# Spec Pastiche

Take a good long look at the list opposite. You'll see we really have thought of everything to make the 2006 Coachman Pastiche a pleasure to stay in – from the entertainment centre right down to details like the quartz clock and easy-glide curtain rails.

## Internal Features

- Headroom 6'5"
- Luxurious sprung bedding and back rests finished in fire retardant fabric

Freedom for everyone

More people choose the Coachman Amara than any other caravan in our range. Like all our caravans, Amara is carefully built using the latest technology, then tested for 12 long hours. So for reliability and robustness, you can be sure it matches up to the usual Coachman high standards. It is designed by the same experienced designers, who know exactly what you're looking for in a caravan – and know best how to fit it all in. And when you see the list of features and equipment, you'll see why Amara is our most popular caravan. It's just outstanding value for money.

It's all in the detail

Value for money has never looked so good

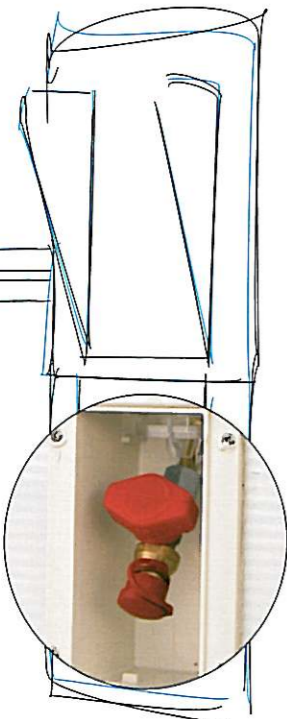

With the 2006 Coachman Amara, you get more value for less – with a new design, stylish new kitchen and bathroom fittings, and many new features.

There are loose-lay carpets for comfort and practicality, a Radio/CD/MP3 player for continuous music, and a new oven, grill and 4-burner hob for hot food. The new Thetford fridge and new sink chopping board make preparation easier.

Best of all, when you turn off the new reading lights and stretch out on the fully sprung bedding, you'll know you haven't had to stretch yourself to afford it.

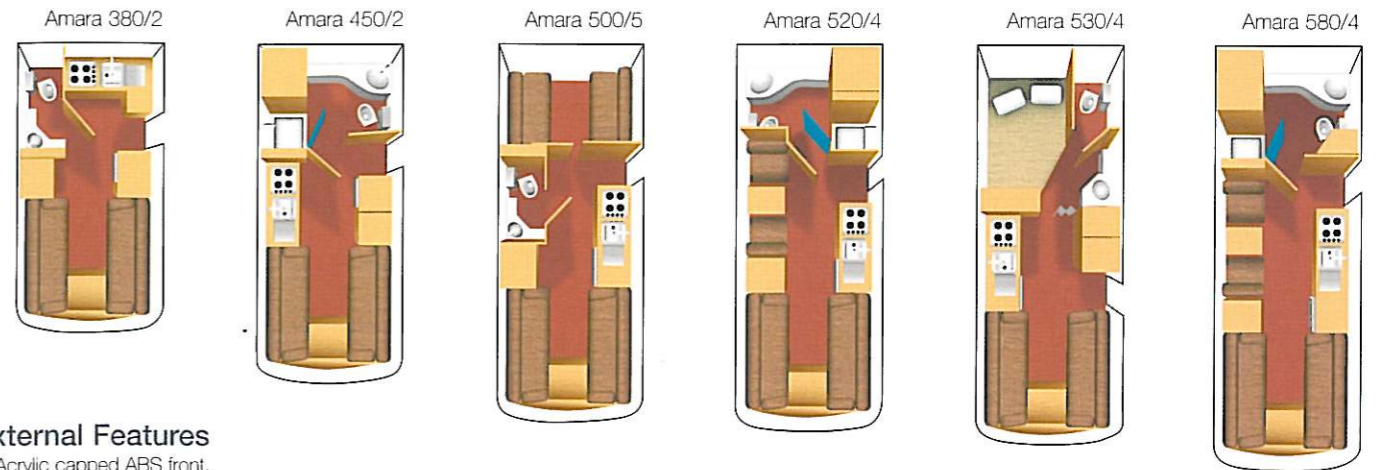

Freedom for less

# Spec Amara

You may want to look twice at the features and equipment list opposite for the 2006 Coachman Amara. After all, with many manufacturers you could pay far more for a great deal less. But with the Amara, you just get a great deal.

Awning dimensions represent the shortest ground-to-ground awning measurements for 2006 model year Coachman caravans. We do however **strongly recommend** that you consult your awning supplier before making a purchase as awning manufacturers have different methods of sizing their products

This brochure has been designed to provide you with basic information prior to making a purchase decision. Please refer to your local dealer for additional information before you buy. Coachman Caravan Company Limited reserves the right to alter technical specifications, prices and model ranges as materials and conditions demand and can accept no responsibility for discrepancies between these and subsequent models. Household items illustrated in the brochure (e.g. fruit and personal effects) have been used to enhance photography and are not supplied with the caravan. Limitations in the printing process may mean upholstery colours are not truly represented. It should be noted that distributors and dealers are not the agents of Coachman Caravan Company Limited and therefore are not authorised to bind the Company by any specific or implied undertaking or representation. Please note: Touring caravans are designated by the model year. The model year runs from the 1st September to 31st August: for example a 2006 year model would have been despatched by the manufacturers no earlier than September 2005. All Coachman models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice, specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation. Every Coachman caravan carries the 'NCC Approved Caravan' badge. The NCC also

conducts unannounced inspections at the Coachman factory to ensure continued compliance NCC Approval gives you peace of mind that your caravan is legal and safe.

The tow cars used in this brochure are for illustration purposes only.

As the owner of a Coachman caravan, you will be automatically entitled to membership of our Owners Club. For more information about the Club, please contact: The Secretary, Coachman Owners' Club, 4 Mayfield Drive, Brayton, Selby, Yorkshire, YO8 9JZ, or visit their website: [www.coachmanclub.co.uk](http://www.coachmanclub.co.uk)
