Core Construction

You deserve the very best holiday - a time you and your family will treasure. In a world of exceptional design and superior craftsmanship, we are making it possible.

Design becomes reality with the craft and assembly of high-tech components and high-quality materials; carefully sourced and selected for performance, strength and weight. The result is a superior caravan set apart from all others, not only light but full of quality and ready to perform.

The flowing lines of the exteriors combine innovation with head-turning looks. The new one-piece exterior doors and elegant new alloy wheels complement the decal designs and colours.
