**Building A Better Touring Future**

**LUNAR**

*We put you first*

The translation of the Lunar crest is 'Our product - our pride'... A personal statement made by our founding directors over thirty years ago and still at the core of Lunar's philosophy today. Since that time, Lunar has built a healthy reputation for its lightweight designs and innovation - a reputation further enhanced by the introduction of the superb year 2001 model ranges.

Many new layouts, clever and practical improvements, improved specifications... all these are apparent and the unique lightness of all Lunar products gives them a broad appeal to old and new caravanners alike. No-one else offers caravans which can be towed by small family cars and even our larger models are light enough to be towed by family saloons. Check out the Lunar 2001 range... You will be impressed.

## Building a better touring future...

### More caravan, less weight...

Designed to answer the demands of today's touring, Lunar's 2001 range sees the introduction of brand new models alongside our existing range all featuring a host of improvements. Both the Delta and Clubman ranges include stylish roof lockers and dedicated shower cubicles, whilst most ranges feature new longer single seats (1.88m) to further enhance the already comfortable lounge area.

New for 2001, the Stellar 400 is a wide bodied, two berth model with an excellent level of specification. A new addition to the Lexon series is the wide bodied EW which brings twin axled stability and a dedicated washroom to the already highly successful Lexon EB formula. Whilst a walk round bed is a major feature of the new Lexon 640.

### Setting future standards

At Lunar we are caravanners too, and our own special understanding of your needs has resulted in many practical advantages. Open one of the roof locker doors - you won't see any bare wood or painted edges. Only clean, smooth and professionally veneered edges... Then there's the pull out chopping board built into many kitchens, the low level courtesy light, the removable doormat and so many more features where Lunar quality shines through...

### Relaxation and pleasure

With the high level of standard equipment throughout the different ranges, we are sure there's a caravan to meet your needs...

The large Heki sunroof brings extra light to the living area and assists airflow on those warm summer days. The stereo CD player in Clubman and Delta models creates the right mood for relaxing in the newly restyled and extremely comfortable lounge, and the new lighting creates a special ambience as you settle down for the evening.

As a caravanner you are weight conscious, so you will appreciate the many years of experience and development which give Lunar the edge in saving every last kilogram. With an extended 'A' frame design providing a combination of maximum strength and minimum weight and even better stability, each chassis is galvanised for maximum durability.

By utilising materials which are light in weight yet strong in use, and by paying meticulous attention to manufacturing methods, we continue to improve our skills in lightweight construction year on year, without sacrificing either strength or quality.

### Lunar's extended warranty offers real touring peace of mind

All caravans receive a full twelve months warranty from the date of purchase - for no extra charge, but subject to an annual service and inspection, an extended warranty will cover the following major items, but not items subject to ordinary wear and tear.

#### 2nd Year Warranty

Body and Floor, against water ingress and delamination.  
Head, Shaft and Damper of the Coupling, the entire  
Axle assembly and all aspects of the Chassis, including corner steadies.

#### 3rd Year Warranty

Body and Floor, against water ingress and delamination.

## Ariva GTS

Classic touring luxury in true compact style...

Narrower and lighter than any of its rivals the luxurious Ariva GTS is totally unique in its class, offering real caravanning luxury in an easy to handle, lightweight body. The Ariva GTS' ingenious design with traditional rear-end kitchen layout gives a surprisingly roomy and spacious feel, without compromising either storage facilities or the high specification.

Ideal for year round caravanning, the gas/electric room heater has ducted blown air for all round comfort and the large fridge with its full width freezer is ideal for those little summer indulgences!

New features for the 2001 season are the Status television aerial, now fitted as standard, and the redesigned chassis which has reduced the overall length by 150mm making manoeuvring even easier with this compact, yet exceptionally comfortable model.

### Ariva GTS Features

#### Construction

- Galvanised steel chassis
- Fully insulated walls, roof and floor and double glazed windows
- Natural wood framed doors
- External width ONLY 2.02m (6'7")

- 2 drawer chest with pull-out coffee table

Ariva GTS, 2 berth

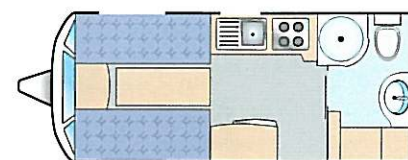

# LX2000

## The craftsman built tourer...

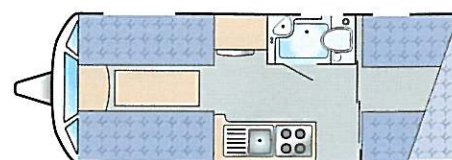

Since its introduction the LX2000 has developed into a truly outstanding caravan offering exceptional value for money. This attractively presented range of two berth and family caravans provides comprehensive levels of equipment that inspire compliments from caravanners, old and new alike.

The specification is all that can be expected from a year round tourer, including mains room heater and mains electric water heater and a large fridge with full width freezer for the summer months.

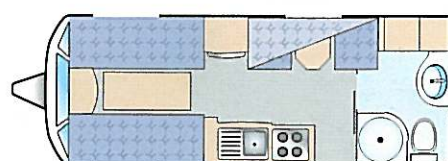

The new Heki sunroof, circular ceiling lights, attractive furniture fabrics and soft furnishings, plus the colour co-ordinated equipment help make the LX2000 as complete a package as you could wish for...

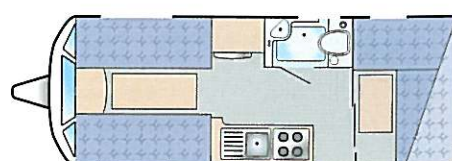

LX2000 462, 2 berth

- Additional slide out work surface in kitchen
- Halogen downlighters

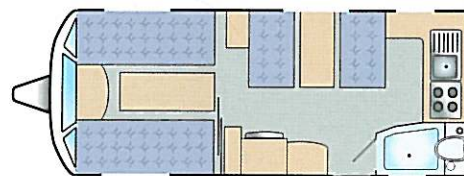

# Lexon

The wider touring concept that offers a unique layout and even more comfort.

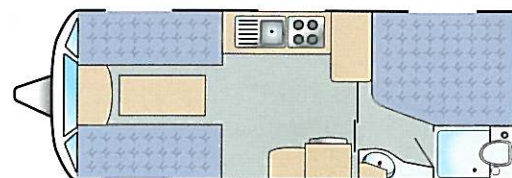

The introduction of the Lexon heralded a new approach to caravanning. Wider than most other models, the extra space has enabled us to design a range of truly unique touring caravans that includes both family and two berth models. The Lexon is ideal for the family with its end kitchen layout, but the soaraway success story has been the Lexon EB which has a fixed bed as well as a capacious lounge area - ideal for those lazy summer days or social gatherings.

New for 2001, the twin-axled Lexon EW builds on the successful EB formula with the added luxury of a dedicated shower cubicle and washroom area at the rear. The ultimate in spacious touring luxury is the Lexon 640 EB with its large walk-round bed at the rear it provides a sense of comfortable permanence no matter where you are on holiday.

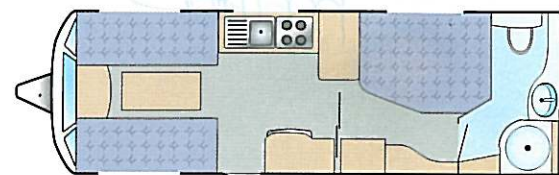

The unique Lexon range is a superb example of Lunar design know-how. Because they are lighter they can be towed by most family cars and feature a luxurious specification for maximum enjoyment.

Solar Eclipse 462, 2 berth

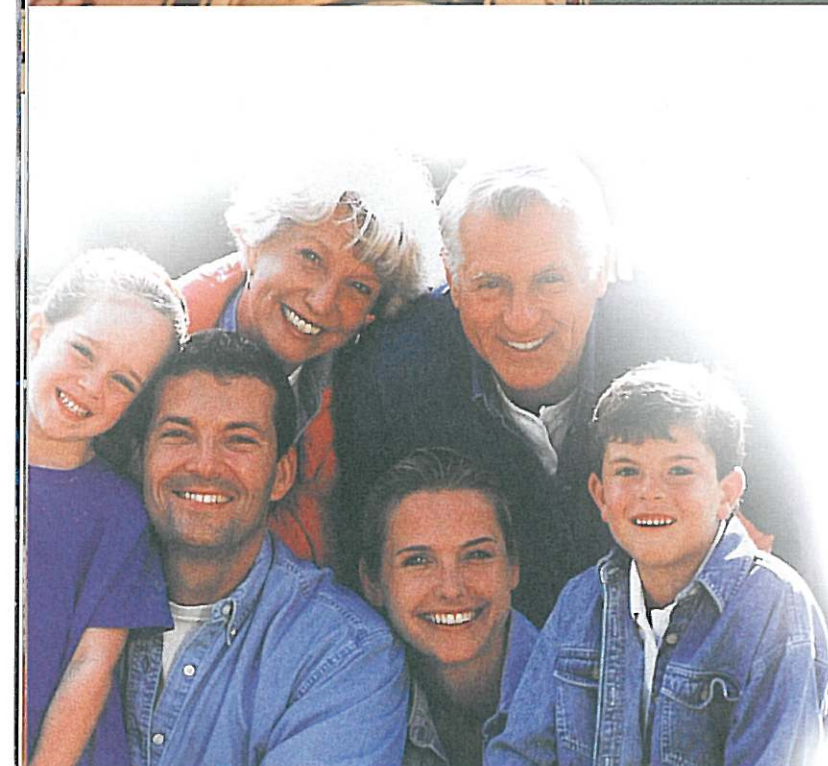

Solar Eclipse 524, 4 berth

Solar Eclipse 525, 5 berth

Solar Eclipse 615, 5 berth

# Solar Eclipse

The brightly coloured soft furnishings of the Solar Eclipse are a perfect match for the high gloss "cherry" woodwork, with its new curved furniture sections creating a pleasing and relaxing environment in which to spend your caravanning holidays. Allied to the natural wood framed furniture doors there is a comprehensive list of features that will ensure the utmost comfort and enjoyment... a large fridge with a full width freezer, a large Heki rooflight, three mains sockets, four models representing great value for money and the Solar Eclipse 615 offering a unique family layout.

# Lunar - touring that's a great deal more enjoyable...

There are many extras fitted as standard across the range of Lunar caravans that will make your touring a great deal more enjoyable...

## Drinks cabinet.

An attractive addition in Lunar caravans (except Solar Eclipse), ideal for those relaxing evenings.

## Attention to detail.

A craftsman built Lunar caravan has NO bare wood or painted edges.

## Tough window fittings.

Strong, secure stays, hinges and locks, with night latches for ventilation.

Unique wide access to underbed storage.

## Supreme comfort.

Mattresses are either interior sprung or feature top quality foam filled.

## Laminate table and worktops.

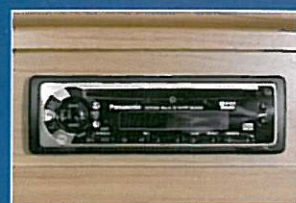

Good looking, heat resistant and really hard wearing.

## Quality fittings.

Strong catches, rugged hinges and quality handles.

## Stereo Radio/CD player.

An attractive feature of both the Delta and Clubman ranges.

## Single key locking.

For added security and simplicity - no more handfuls of jangling keys!

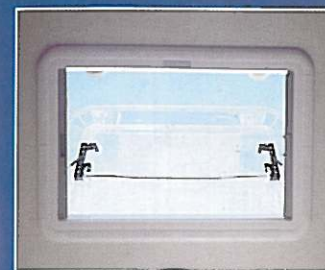

## Upholstery, Carpets, Curtains.

Quality, hard wearing fabrics in attractive co-ordinated colours and beautiful patterns.

## Quality electrical fittings.

Switches, lights, power points and controls placed for ease of access and practicality.

## Heki sunroof.

An attractive feature that floods the interior with natural sunlight. Fitted to all Lunar models except Ariva GTS.

## Shower/Washroom.

Lunar are proud of their carefully designed luxurious showers and bathrooms with their quality fittings and masses of storage space.

## Stacks of storage.

Large cupboards and wardrobes, loads of locker and shelf space for everything you need for a really enjoyable holiday.

## Quality hardwood.

Lunars are famous for their real wood luxury door frames.

## Re-designed aircraft style lockers.

Ample drop-fronted access for all those little nick-nacks in Delta and Clubman models.

## Downlighters and reading lights.

Extra bright Halogen lights where they're really needed.

## Double glazing.

Every window, door and rooflight is double glazed - for warmth in winter and cool in summer.

## Power points.

All models feature ample mains and 12 volt power points.

## Kitchen worksurfaces.

More than enough space to prepare a real banquet, many models feature an additional pull-out surface too!

## Warm as toast!

Every Lunar meets full grade 2 classification with insulated walls, floor and roof, double glazing and powerful heaters.

## Large oven and 4 burner hob.

Colour keyed with other fittings with a smoked glass lid.

## Underbed storage.

With handy storage basket fitted to Delta and Clubman models.

## Omnivent powered extractor fan.

Fitted throughout the Delta and Clubman ranges.

## Really large fridge.

Gas/electric, with full width freezer.

## Ease of access.

Lunar like to keep things easy and simple, all models feature snap-on battery connections.

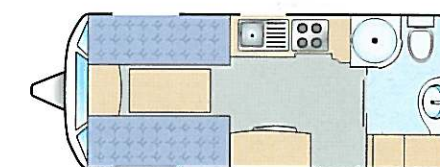

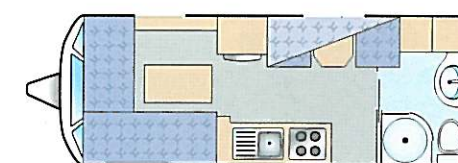

# Clubman

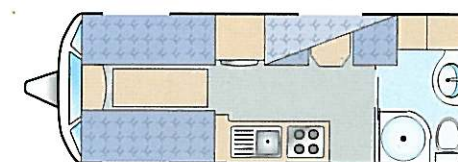

Classic design that combines style and traditional quality with the latest features

Clubman 475 CK, 2 berth

Clubman 530 L, 4 berth

Clubman 530-4, 4 berth

- Domestic style taps with easy on/off mixer action
- Omnivent 12v powered extractor/rooflight
- Extra slide out work surface

The Clubman boasts an indefinable mix of quality and traditional appeal that has proved so elusive to others, yet has remained the basis for the Clubman's continuing success over many years.

The new models feature stylish exteriors enhanced by an aerodynamically designed spoiler with a high level brake light and matched with a superb interior with aircraft style lockers and natural wood framed doors. The Clubman's comprehensive specification has been extended with the introduction of the new front roof lockers and the large, circular rear end shower compartments.

If you are looking for opulent luxury then the Clubman, with its three very traditional and very appealing models, simply cannot be bettered.

### Delta Features

A luxurious design with an exceptional specification to meet every touring need

Delta 520-2, 2 berth

Delta 610-3, 3 berth

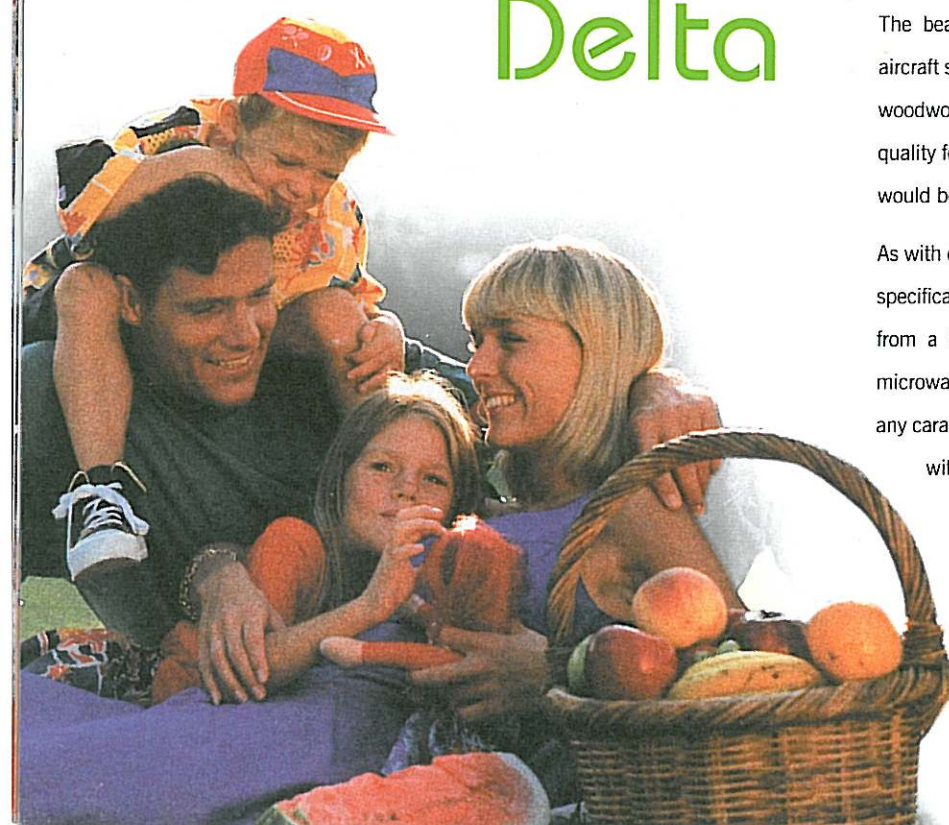

Delta 610-4, 4 berth

## Delta

The beautifully finished natural wood grained doors, the redesigned aircraft style roof lockers and the superb combination of American Cherry woodwork and the luxuriant soft furnishings are immediately obvious quality features that have made the Delta a model that every caravanner would be proud to own.

As with every Lunar range there is so much more of course... The Delta's specification is superb, designed to match the roomy interiors that result from a 2.28m wide body. The unique 610-4 features an eye level microwave oven, whilst the 610-3 and 520-2 models are as roomy as any caravanner could wish for. With the Heki sunroof flooding the interior with natural sunlight and the quality CD/radio cassette playing in the background relaxation in a Delta is a total experience.

# Stellar 400

## Luxury caravanning for the touring couple

Created in response to the need for comfortable, spacious caravans that are of an easily manageable size, Lunar's new Stellar 400 offers masses of usable space despite being short in length - a result of a slightly wider 2.28m body design.

The use of an attractive rear-offside kitchen has allowed Lunar to make full use of the roomy interior which features rich high gloss cherry woodwork and fabulous new soft furnishings. Constructed with a high level of specification that allows year-round touring in total comfort, the Stellar is *the* choice for discerning couples.

### Stellar 400 Features

## Lunar Owner's Club

When you choose a Lunar caravan you have the opportunity to join the growing band of enthusiasts who enjoy all the benefits of the Lunar Owner's Club. As a club member you will be sent regular newsletters containing all the latest information on upcoming events, reviews, letters from fellow members and news from Lunar Caravans itself.

You'll be made very welcome at all the numerous rallies which take place across the country by people sharing a common interest in Lunar caravanning. They can also offer you a wealth of knowledge and expertise to help enjoy your future touring even more.

There are a wide variety of activities on offer to Owner's Club members including fruit picking, summer fairs, trips to major caravan and leisure shows, country walks, wine making, photography and a host of other exciting games and competitions for all the family.

Perhaps more importantly however, when you become a Lunar Owner's Club member you join a big happy family made up of new friends just like you who share a real interest in the freedom of luxury, lightweight touring at its very best.

At Lunar Caravans we are now well into our third decade of manufacturing lightweight top quality touring caravans, the year 2001 heralds the introduction of the most extensive and comprehensive ranges ever.

The now famous Lunar crest carrying the Latin for "Our product - Our pride", sums up a philosophy that has consistently produced award winning, lightweight touring caravans with innovative features that are the envy of our competitors. Our ongoing programme of re-investment in our factory premises, the very latest technology and the new Lunar Caravans range - our best ever - ensures that our reputation for building quality caravans will continue into the future...

**LUNAR**  
WE PUT YOU FIRST

# Chateau

Combining innovation with classic continental style...

Lunar's Chateau range combines all that's best from its European pedigree with a variety of enhancements to suit the UK market, such as the VERY British three window front.

The sturdy exterior features an uncluttered 'A' frame section which, because it is longer than usual, gives superb touring stability, whilst the gas locker storage has such easy access that even the water container is readily accessible.

A keen pricing policy ensures that the three family layouts offer unrivalled value for money, creating the opportunity for all caravanners to afford a high quality brand new model with a comprehensive specification to suit today's needs.

## Chateau specifications include

- 12v reading lights
- TV aerial point
- Truma gas and electric water heater, plumbed to both the kitchen and the washroom
- Truma flued room heater
- Smoke alarm
- One key number to suit all locks
- Isolation taps for gas appliances
- Rugged furniture hinges and handles
- Awning light
- 12v charger/mains transformer
- Electrolux gas and electric fridge with freezer compartment
- Blinds and flyscreens to all windows
- 3 burner hob
- Separate grill
- 2 x mains sockets
- 12v reading lights at children's bunks
- Mains electric exterior connection
- Two part exterior door
- Exterior door features sturdy easy-grip handle
- Al-Ko galvanised steel chassis
- External battery locker
- Gas bottle storage with recess for steady winder
- Fully insulated: Walls to 26mm  
Floor to 39mm  
Ceiling to 40mm
- Fitted cassette toilet
- Bed ventilation boards to improve airflow and reduce condensation
- Free-standing, easy fold main dining table in the Chateau 500
- Long 'A' frame 'suitable for a cycle rack for the more energetic'
- Easy clean vinyl flooring
- Large cutlery tray
- Kitchen waste bin
