Caravan layouts and specifications	

Welcome to Lunar 2005

Quasar 566

Over the years Lunar has built a healthy reputation for its design and innovation, a reputation complemented by the fact that all Lunar caravans weigh considerably less, caravan for caravan, than any of our rivals.

Three new layouts, clever and practical improvements, added value, specifications all these are apparent and the unique lightness of all Lunar products gives them a broad appeal to old and new caravanners alike.

No other manufacturer offers such a selection of better and lighter caravans.

The 2005 series have three brand new models and a host of changes and upgraded specifications to make caravanning with Lunar the very best way to enjoy your leisure.

The family orientated Quasar 566 and the Lexon DS are new for this season as is the Delta 540-2, following the trailblazing path created by the superb Clubman 470 ... and enhancing it with lots more space!

The striking new styling of the GRP fronts on the 2005 Clubman and Delta ranges have a distinctive and very special appeal as befits these two classic ranges.

The selection of twenty different models from five ranges covers a huge spectrum of choice from the short and narrow Ariva through to the largest twin axle Delta.

The top value Zenith range of three family models will be available in Spring 2005. You have to be quick to catch these ever popular limited edition models.

At Lunar we are caravanners too, and our own special understanding of your needs has resulted in many practical advantages. The quality of our cabinet work is something we are particularly proud of, note for example, the roof locker and kitchen designs and how the use of angles and curves create an enormously satisfying vista and a feeling of openness and space.

As a caravanner you are bound to be weight conscious, so you will appreciate the many years of experience and development which give Lunar the edge of saving every last kilogram. By utilising materials which are light in weight yet strong in use, and by paying meticulous attention to manufacturing methods, we build caravans that are lighter than any comparable product, without sacrificing either strength or quality.

With new fridges, extended and redesigned work surfaces and bright new washroom areas the new 2005 series offer a great deal more than ever before. When you've looked at the brochure visit one of our network of dealers, they'll be happy to demonstrate to you the many aspects of a lightweight Lunar.

Vegetable rack in the Clubman and Delta

Restyled Thetford toilet (Stellar, Lexon EB, Quasar 525, 615 and EB)

Easy slide drawer runners in all models

Radio/CD incorporating MP3 player in the Clubman and Delta

Stylish new washroom wallboard

Substantial bed supports

Ariva

Narrower and lighter than any of its rivals, the luxurious Ariva is totally unique in its class, offering serious caravanning luxury in an easy to handle, lightweight body.

The design of the Ariva with its traditional rear-end kitchen layout gives it a surprisingly roomy feel - without compromising on the high specification.

The new patterned walls in the washroom with the swivel toilet provide a spacious, light shower room with a surprisingly large floor area.

Curved, integrated roof lockers provide ample storage space without affecting the light and roomy opulence that is so uniquely Ariva.

Ideal for all year round caravanning, the gas/electric room heater has ducted blown air for complete comfort and the large Dometic fridge with full width freezer is ideal to store those little indulgences!

New for 2005

- Dometic 7 series fridge
- Awning light
- Clear roof light
- Carlton upholstery with sage green carpet
- Upgraded wheel trims
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers

Stellar

Created in response to the need for comfortable, roomy caravans that are of an easily manageable, compact size, Lunar's award winning Stellar provides an unrivalled and invaluable level of spaciousness.

The wide body boasts an attractive rear-offside kitchen, and the cherry coloured woodwork and wallboard is complemented by the beautifully styled natural wood framed roof locker doors.

A host of new features have been added for the 2005 series resulting in an extremely high specification and making the Stellar the ideal choice for discerning couples.

New for 2005

- Dometic 7 series fridge
- Three speed two way extractor rooflight
- Exterior 240v socket
- Exterior BBQ point
- Awning light
- Fitted speakers, wiring and housing for CD/radio
- New radio aerial
- Carlton upholstery with luxury sage green carpet
- Upgraded wheel trims
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers
- Clear rooflight

Quasar 462

Quasar

Introduced last season, the Quasar has proved to be an outstanding success with the emphasis being to provide more features, more value, more luxury and less weight.

The natural wood framed locker doors are complemented by a host of smart, clever features that have become known as the essence of a Lunar caravan.

With a large rear washroom and dedicated shower facility the Quasar 462 is a traditional two-berth layout as is the Quasar EB with the popular fixed bed layout within a shorter, lighter, easy to handle body. The Quasar 524 and 525 are traditional designs with family appeal whilst the twin axle Quasar 615 has two fixed bunks opposite the rear dinette making an ideal play area for children.

New for 2005 is the Quasar 566. A single axle six-berth caravan with fixed bunks and a side dinette, it is ideal for the growing family of all ages.

Standard throughout is the latest AKS 3004 stabiliser which, combined with the light and robust quality, marks the Quasar as being extra special value.

New for 2005

- AKS 3004 Stabiliser
- Dometic 7 series fridge
- Clear rooflight in washroom
- Awning light
- Larger, extended work surfaces
- Lennox upholstery with luxury mellow sage carpet
- Upgraded wheel trims
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers
- New radio aerial

Lexon

Wider than most other caravans, the Lexon has developed into a range of unique layouts that fully maximise the additional space, for example, the popular Lexon CS with its centrally positioned one-piece shower room. This layout is now available in the new Lexon DS, a five-berth model which makes a flexible and ideal two-berth or family design.

Also great for the family is the twin axle Lexon FB, a fantastic six-berth tourer with the benefit of fixed bunk beds and two separate seating areas.

The Lexon EB stays the firm favourite in the fixed bed models, as does the twin axle Lexon EW. However, the ultimate in spacious touring luxury has to be the Lexon 640 with its large walk around bed that gives a comforting sense of permanence.

New for 2005

- AKS 3004 Stabiliser
- Dometic 7 series fridge
- Awning light
- Larger, extended work surfaces
- Clear rooflight
- Contessa upholstery with paprika carpet
- 14" wheels on EB, DS and CS
- Alko spare wheel carrier on EB, DS and CS
- Upgraded wheel trims
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers
- New radio aerial

Lexon EB

Clubman

Mixing superb quality, style and traditional appeal has ensured that the Clubman has an enduring and envied reputation amongst caravanners. The artistically styled one-piece front and unique windows, complemented by the smart decals, new alloy wheel design, dual intensity awning light and chrome rear light clusters, make the Clubman a 'stand-out' caravan for 2005.

Internally each model has a 93 litre Dometic fridge with a unique curved door. The clear rooflight, new, brighter washrooms and the very latest MP3 audio equipment combine to make the Clubman a truly comfortable leisure home from home.

The Clubman 470 combines all the luxury of an end washroom with those of an end kitchen, whilst the 475CK and 530-4 are hugely successful conventional layouts, but even more roomy due to the extra space provided by their 2.28m body width.

New for 2005

- GRP front incorporating stylish flush fitting windows
- One piece GRP rear panel
- AKS 3004 Stabiliser
- 93 litre Dometic 7 Powerfridge
- Chromed rear light cluster
- Larger, extended work surfaces
- Restyled alloy wheels
- Awning light with integrated spot light
- Clear rooflight in bathroom
- Nordica upholstery with paprika carpet
- Radio/CD incorporating MP3 player
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers
- New radio aerial

Delta

With its stunning profile, smart new rear panel, light cluster and awning light the Delta range is especially stylish. The interior with its gently curved furniture design, copious work surfaces and storage space, unique 93 litre Dometic fridge and MP3 radio/CD player makes this caravan both practical and luxurious.

The Delta 540-2 is a totally unique single axle model for 2005. Taking advantage of the extra length to incorporate an end kitchen and end bathroom, the result is a wonderfully spacious living area with a large wardrobe and washroom area at the rear.

The twin axle Delta 620-4 and Delta 640EW offer popular fixed bed designs each with the superb Delta specification including microwave oven, onboard water tank and for peace of mind the 'Concept Kel' remote security system.

New for 2005

- GRP front incorporating stylish flush fitting windows
- One piece GRP rear panel
- AKS 3004 Stabiliser
- 93 litre Dometic Powerfridge
- Chromed rear light cluster
- Larger, extended work surfaces
- Restyled alloy wheels
- Alko spare wheel carrier (540)
- Clear rooflight in bathroom
- Awning light with integrated spot light
- Radio/CD incorporating MP3 player
- Washroom wallboard
- Easily accessible water heater and room heater controls
- Shelf in roof lockers
- New radio aerial

'Concept Kel' key security system in Delta

Alternative interior formats

An 'L' front seat option is available for most models (excluding the Ariva, all Zenith models and the Quasar EB). This option gives an offside, long picture window and a floor cabinet. The double bed size is 2.01 x 1.23m (6'7" x 4'0").

Front 'L' layout option.

Rear 'L' layout option.

The Quasar 525 is also available with a rear bed 'L' option with a bed size of 1.80 x 1.29m (5'11" x 4'3").

Soft furnishing selection

We have carefully selected the soft furnishings for each model range. However for a small charge, you may select the soft furnishings from any of our ranges to suit your preference.

These options are subject to availability and sufficient forward notice. Your Lunar dealer will confirm the details.

Important

MRO includes a manufacturing tolerance to reflect changes in the weights of the component materials. It is anticipated that this figure will never be exceeded in the standard ex-works specification.

* MTPLM increase option

Some models can have the MTPLM (maximum technical permissible laden mass) increased with minimal disruption. Contact your Lunar dealer for further information.

Extended Warranty for touring peace of mind

All Lunar caravans receive a factory backed, full three year warranty, subject to an annual service and inspection and excluding ordinary items subject to wear and tear.

Touring caravans are designated by the model year. The model year runs from 1 September to 31 August. The despatch of 2005 models will have commenced 1 September 2004.

All Lunar models have been certified by the National Caravan Council for compliance with stringent European Standards, British Legislation and industry set Codes of Practice specifically relating to health and safety issues. The approval process covers the testing and inspection of critical areas of the product from fire safety, weights and dimensions to gas, electrics and ventilation. Every Lunar caravan carries the 'NCC Approved Caravan' badge. The NCC also conducts unannounced inspections at the Lunar factory to ensure continued compliance. NCC approval gives peace of mind that your caravan is legal and safe.

Lunar Owners' Club

When you choose a Lunar caravan you also have the opportunity to join the growing band of enthusiasts who enjoy all the benefits of the Lunar Owners' Club. As a club member you will be sent regular newsletters containing all the latest information on upcoming events, reviews, letters from fellow members and news from Lunar Caravans itself.

You'll be made very welcome at all the numerous rallies which take place across the country by people sharing a common interest in Lunar caravanning. They can also offer you a wealth of knowledge and expertise to help you enjoy your future touring even more.

Perhaps more importantly however, when you become a Lunar Owners' Club member you join new friends just like you who share a real interest in the freedom of luxurious, lightweight touring at its very best.

Zenith

Zenith | 2005

Zenith

Our great looking Zenith models are fantastic value for the whole family. With an excellent specification, the four, five and six berth layouts are all on single axles and readily towable by a variety of family saloon cars.

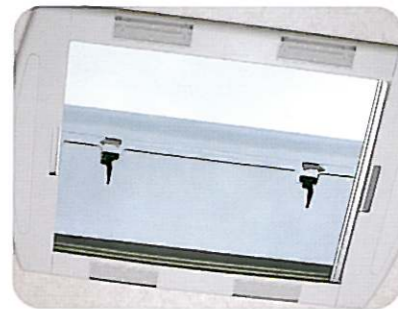

At Lunar we are caravanners too and our special understanding of your needs results in many practical advantages. The roof locker and kitchen designs use angles and curves to create a feeling of openness, space and practicality for everyday use.

As a caravanner you will be weight conscious and appreciate the many years of experience and development that give Lunar the edge in weight saving. Using materials that are light weight, yet strong and paying meticulous attention to manufacturing methods, we build caravans that are lighter than any comparable product, without sacrificing either strength or quality.

A redesigned, extended work surface, the Thetford 80 litre fridge and bright washroom areas make the new 2005 series more desirable than ever before. Look at the brochure, then visit one of our network of dealers. They'll be happy to demonstrate to you the many aspects of a lightweight Lunar.

New for 2005

Chateau | 2005

Chateau

Chateau combines all that's best from its European pedigree with a variety of enhancements to suit the UK market, such as the very British three window front.

With easy access to the cavernous gas locker storage it is obvious that the keynote of Chateau design is practicality. Similarly, the exterior has a sturdy dimpled finish, the feature of which is the long, uncluttered 'A' frame giving superb touring stability.

There is a layout to suit every family – the 4 berth Chateau 400 is also ideal as a roomy 2 berth. The Chateau 500 has sturdy fixed bunk beds, whilst the Chateau 450 offers a traditional double dinette layout with a 5th berth bunk at the rear.

The Chateau 470 fixed bed arrangement has been very successful and we are now offering the Chateau 430, a shorter version with the fixed bed at the front of the caravan, an extremely popular design on mainland Europe.

A keen pricing policy ensures that the five layouts offer unrivalled value for money, creating the opportunity for all caravanners to afford a high quality brand new model with a comprehensive specification to suit today's needs.

New for 2005

- New burgundy upholstery with enhanced depth and styling
- Thicker fixed bed mattress
- New full shower facility, hose and shower curtain (excluding 430)
- New UK style Truma water inlet
- New wheel trims
- New NCC compliant
- New 25 metre mains connection lead
- New separate entrance step and room heater controls
- Upgrade payload option
- CE caravan safety assurance
- New awning light with integrated spotlight
- New reading lights
