

BUCCANEER TOURING CARAVANS

# 2008

THE GRAND TOURER

## BUCCANEER . . THE GRAND TOURER

Embark on your own grand tour with Buccaneer, one of the highest specification caravan ranges available on the UK market. Why not enjoy an authentic experience of luxury with one of our exclusive Buccaneer models: the Elan 15, Argosy, Clipper, Schooner and Caravel.

Our focus is on continuous improvement to keep Buccaneer at the forefront of touring caravan design as well as to maintain its highly regarded status among the most discerning caravan buyers.

We work in partnership with our suppliers and customers alike to design and engineer vehicles that meet the high requirements of our customers.

If you are looking for a stunning and elegant caravan, then make your choice in our stunning range and visit your nearest retailer.

## BUCCANEER EXTERIOR STYLING

Elegant and unique new graphic designs with modern automotive touches give the Buccaneer range a distinctive style all of their own.

The stunning Seitz side and rear flush fitting privacy windows allow you to see out, but prevent people from seeing in. The tint helps to reflect rays from the sun that can damage upholstery and helps assist in keeping the interior cooler on the sunniest of days.

All Buccaneers are built on the impressive BPW Swing V-Tech chassis with a Winterhoff WS3000 stabiliser.

Balanced high-powered silver alloy wheels give you better stability, greatly reduce tyre wear and give a smoother ride – a combination of chassis set up that provides superb handling for an unrivalled towing experience. All Buccaneers come complete with a spare alloy wheel as standard.

All of the range has been fitted with a nose weight indicator built into the top of the jockey wheel to help you maintain the perfect nose weight and further reduce the risk of instability when towing.

The front gas storage locker lifts effortlessly on gas struts to ease access and accommodates the new 'BP Light' as well as traditional steel gas cylinders.

Exterior locker doors provide access to under bed storage as well as 230v, 12v and television aerial output sockets. Along with the exterior gas barbecue point and awning warmer outlet, these vehicles are designed for you to make the most of the great outdoors.

*Buccaneer*

Buccaneer Argosy

## INTERIOR LIVING SPACE

A key feature of the Buccaneer interior is the new luxurious Boavista upholstery co-ordinates with pelmets, curtains and loose removable carpets. Total relaxation is afforded by the addition of large scatter cushions and decadent bolsters; all piped to blend beautifully.

The front chest of drawers complete with slide out table extension in all parallel lounges is now removable.

The large Heki roof lights also allow you to control the amount of daylight and ventilation easily within the caravan. They come complete with tensionless pleated blinds and built-in fly screens.

Controllable electric lighting comes in the form of soft gold finish 12v eyeball spotlights and 230v wall lights, dual power ceiling and illuminated Heki roof lights.

The styling continues with new soft gold edged control panels, sockets, light switches and colour co-ordinated Horrex folding doors.

Rich Aswald Ash veneer woodwork, wallboards and cabinets with soft gold handles add to the overall feeling of total luxury. Decorative formica laminate is extended to all worktops and cabinets to finish the interior look.

Buccaneer Boavista Upholstery

Buccaneer Clipper

Ample storage space is provided for all your essential touring equipment, clothing and food in the array of overhead lockers, wardrobe space, upholstered cocktail units, cupboards and drawers.

With Dometic air-conditioning as standard on twin axles, audio speakers to end washrooms and rear bedrooms, we've added even more to Buccaneer's high specification with a DVD/CD/MP3 entertainment centre, with radio, and direct access jacking points for your TV and I-Pod/MP3 player.

The atmospheric lighting, soft gold finish 12v eyeball spotlights and 230v wall lights, dual power ceiling and illuminated Heki roof lights create the finishing touches.

## THE KITCHEN

This is one of the most well equipped and practical touring caravan kitchens available.

The Spinflo 3 burner hob with rapid, high-speed multi-function burner can accommodate large saucepans up to 25cm, round and flat bottom woks up to 36cm and frying pans up to 24cm.

The linen effect Argent stainless steel sink has an integrated drainer, is scratch resistant and comes complete with a washing up basin.

The sink and hob covers are made from virtually unbreakable Chinchilla glass, totally hygienic, odour, scratch and stain resistant, and able to withstand hot pans and roasting dishes.

Add to this the colour matched Prima Mark3 oven with illumination, two shelves and a new 700W microwave oven supplied as standard and everything from a simple cooked breakfast to a full Sunday roast is easily catered for.

All twin axle Buccaneers have a 150ltr Dometic 7651L fridge freezer. Whilst the single axle models have the equally elegant new Thetford 113ltr fridge. Electronic ignition is standard on all models.

Buccaneer Elan 15

Buccaneer Schooner

## THE BEDROOM

Supplied as standard on all fixed beds in the Buccaneer range, the exclusive 'So Comfortable' pocket sprung mattress is a traditional top quality deep sprung system with hundreds of springs encapsulated in individual pockets unsurpassed in the ability to supply all over comfort and support with no roll together. 'So Comfortable' is quite simply the most comfortable touring caravan mattress in the UK – Just try one for yourself!

All fixed beds in the Buccaneer range come with a one-piece metal bed frame with easy lift gas struts. This is designed to give you more comfort and easier access to the under-bed storage area.

## THE WASHROOM

All Buccaneer models have beautifully appointed spacious washrooms with high quality fixtures and fittings. Comfort is the key with the warmth of loose lay carpets, ample storage and spacious shower cubicles in all models.

The Dimatec chrome mixer faucet and inset wash basin are standard on all models combined with the all new Whale high-flow pressurized hot and cold water system with carbon filter.

The rich Aswald Ash veneer woodwork, wallboards and cabinets with soft gold fittings add to the overall feeling of total luxury and ambiance with audio system speakers as standard.

The atmospheric lighting, soft gold finish 12v eyeball spotlights and 230v wall lights, dual power ceiling and illuminated Heki roof lights create the finishing touches.

 Width (Ext.) 2286mm / 7'6"  
 Bed Options *Front: 1 x Double  
 Rear: 1 x Double Fixed Bed*

**NEW LAYOUT**

**BUCCANEER ARGOSY**

The new practical layout of the Argosy features a parallel lounge with a rear double bed and corner washroom.

Apart from the luxury of the exclusive 'So Comfortable' mattress, the whole bed with its one-piece metal frame and gas struts lifts effortlessly to reveal a large storage space beneath, which is also accessible from a lockable exterior access door.

Privacy is assured with the bedroom being completely screened off from the main living area by means of a lightweight, colour co-ordinated Horrex folding door.

**BUCCANEER ELAN 15**

The popular Elan 15 is an all time favourite in luxury two berths, perfect for the discerning caravanner and rallying enthusiast.

This spacious and well-proportioned single axle tourer's main feature is the large end washroom with separate circular shower. A large wardrobe with integral shelving and drawers and an elegant washbasin vanity unit provide plenty of storage. There is even a 'smalls' laundry bag closet beneath the rear window.

The front chest of drawers is removable. To help keep the interior in pristine condition, an exterior full height locker with coat hooks and removable shelves is provided, and makes thoughtful use of space beside the shower.

**2 Berth**

Length (Int.) 4828mm / 15'10"  
 Length (Ext.) 5660mm / 18'8"  
 Width (Ext.) 2286mm / 7'6"  
 Bed Options *Front: 2 x Single OR 1 x Double*

## BUCCANEER SCHOONER

With air-conditioning for complete comfort whatever the weather, this fixed bed twin axle model offers an extraordinary amount of internal space, mainly due to the "L" shaped front lounge.

As with all fixed bed Buccaneers, the Schooner is blessed by the 'So Comfortable' pocket sprung mattress, which the one-piece metal bed frame with gas struts lifts effortlessly to reveal a huge storage space that is also accessible from outside via an exterior locker door.

The bedroom can be completely screened off from the main living area by means of a lift up kitchen worktop extension and lightweight, colour co-ordinated Horrex folding door.

The spacious en-suite end washroom has a separate shower, Thetford electronic toilet and central washbasin. There is ample storage for clothing in the family sized corner wardrobe and beneath the washbasin cupboard.

There is even a full height Dometic 7651 L 150ltr fridge freezer in the spacious, practical and well equipped kitchen area

### 4 Berth

 Length (Ext.) 6998mm / 23'  
 Width (Ext.) 2286mm / 7'6"  
 Bed Options *Front:* 1 x Double  
*Rear:* 2 x Single Fixed Bed

### BUCCANEER CLIPPER

By providing twin fixed single beds complete with individual 'So Comfortable' domestic quality, pocket sprung mattresses; the Clipper offers a real alternative, but with all the benefits of the Schooner.

No need to wake up your sleeping partner when you want to roll out of bed.

Each bed lifts effortlessly on gas struts to reveal plenty of storage space for all your touring essentials.

The Clipper has a spacious 'L' shaped lounge and en-suite end washroom, complete with a separate shower cubicle and additional, practical storage solutions.

The versatile kitchen comes complete with the new full height Dometic 7651 L 150ltr fridge freezer.

Dometic air-conditioning is standard on all twin axle Buccaneers.

### BUCCANEER CARAVEL

This twin axle four berth's main distinguishing feature is the island bed complete with the exclusive 'So Comfortable' pocket sprung mattress for total sleeping comfort.

Thoughtful use of space allows for a vanity unit with concealed cosmetic storage behind a sliding mirror, a hidden shoe tidy compartment beneath the double glazed side window as well as a large wardrobe with drawers beneath.

The Caravel enjoys a split washroom layout with the spacious shower cubicle separate from the washbasin and toilet on either side of the vehicle. Both can be used independently or screened off from the rest of the living space to give a large open area. Ideal when you have family or friends because they do not have to walk through the bedroom to use the shower or toilet allowing you to sleep undisturbed.

As you would expect, the air-conditioned Caravel also has a well-appointed kitchen with a Dometic 7651 L 150ltr fridge freezer.

The deep, comfortable sofas in the lounge are perfect for relaxing or enjoying a meal with family or friends using the dining table provided.

All models comply with British & European safety standards	✓

## BUCCANEER SECURITY SYSTEMS

Theft Deterrent, Prevention and Security of your touring caravan, this is taken very seriously with Buccaneer. That is why we have provided a combination of features designed to deter and prevent thieves from stealing your property. In the unlikely event that they should succeed, aid the identification and speedy recovery of your investment and assist in the prosecution of the thief with Microtag.

### Microtag®

Supplied as standard with every Buccaneer touring caravan, MicroTag® is an innovative and technologically advanced property tracing system that can be easily applied to all your valuables.

Marking your property with Microdots not only deters theft, but will also help lead to the successful prosecution of the thief and the recovery of your stolen valuables.

Why Use Microdots? - In order for the Police to successfully prosecute, it is necessary to identify the true owner of stolen property. Marking your property with Microdots is the easiest way to ensure your valuables are quickly identified.

You can Microdot all kinds of property against theft including your touring caravan, motor vehicles, televisions, bicycles, jewellery, in fact anything of value to you, that will also be of value to a thief.

In the event of theft or loss the police can locate the MicroDot by using an ultra violet light. The MicroDots are then read using a MicroDot reader, or a conventional microscope. Each MicroDot is laser etched with a free phone helpline and your own unique number which is registered on the International Security Register, manned 24 hours a day, 365 days a year.

### Autowatch Alarm system

The Explorer Protect system is fitted as standard on the Buccaneer range and is manufactured by Autowatch.

The Explorer Protect system is designed to give years of trouble free operation. Made with only the highest quality components and using state of the art technology you can be assured that your caravan has the best electronic protection available.

Each caravan alarm is installed with a Passive Infrared Detector (PIR), a wireless sensor that detects movement in the caravan and transmits a radio signal to the alarm module. If the alarm is on the siren will sound. A leg sensor, fully sealed against dust and water, detects if the corner stabilising leg is being raised or lowered and transmits a coded radio signal to the alarm.

Additional sensors can be purchased from your retailer to enhance security.

## PRODUCT DEVELOPMENT

### BPW Swing V-Tec Chassis

The Buccaneer range of touring caravans features the advanced Swing V-Tec axle chassis system from BPW, quite simply because we believe it to be the best available.

Our rigorous testing at UK and European proving grounds and vehicle test track facilities has proven its superb reliability & stability over other chassis makes available.

BPW are the European market leader with over 10 million axles sold world wide and an enviable reputation for producing high quality equipment. BPW axle and suspension systems are designed for high performance, reliability and low maintenance.

The main advantages of the Swing V-Tec chassis are:

- Improved ride stability due to a dynamic self-steering effect (unnoticeable in normal towing conditions), reducing the risk of swaying, sideways movement and side wind sensitivity.
- Greater stability even with sudden steering manoeuvres giving a wider margin of safety in an emergency situation.
- Excellent cornering ability due to increased tyre contact with the road, minimising body roll.
- Safer at high speed.

### Winterhoff Stabiliser

The Winterhoff WS3000 is a convenient single lever system for easy coupling and stabilising. The special friction pads in the coupling are pressed against the tow ball of the towing vehicle under high spring pressure, thus suppressing dangerous snaking and pitching motions of the touring caravan before they build up.

The main advantages of the WS3000 Stabiliser are:

- Dampens snaking and pitching of the touring caravan.
- Allows more space between rear door mounted spare wheels, common on 4x4 tow vehicles and the open stabilizer.
- Easy to read wear indicator.
- Clip system for easy replacement of the friction pads.
- Ease of engagement and disengagement.

When combined with the Swing V-Tec chassis, the WS3000 offers the ultimate towing experience, but don't just take our word for it. RWTÜV Essen, an independent organisation, carried out detailed comparative tests of all towing ball couplings and stabilising gear on the market (The stabilizer tests were carried out during August 2004).

These tests included criteria such as safety during towing, construction type related limited values, handling and maintenance of each system with a variety of weights. The comparative investigations were carried out at the Institute for Vehicle Technology in Essen, Germany and on the test area at Trier-Föhren Airfield. The test winner was the Winterhoff WS3000.
