2008

Your next stage in the art of travelling

Travelling helps man to grow

Why do we feel the desire to take to the road? After all, we are perfectly OK at home. Travelling brings us more than a change of scene, it breaks our habits and brings us face to face with constant novelties: new landscapes, meetings, cultures... Also, it is not by chance that philosophers and artists have a particular rapport with travelling. As if our ideas were organised by moving, as if imagination needed fresh air.

Descartes joined the army at the age of 22 to see Europe. Rousseau was inspired to write "La Nouvelle Eloïse" by the emotions created by the Alpine countryside. Others leave with political projects, like Plato, sailing on the Mediterranean with the aim of thinking about the choices of the powerful... Weren't the imagination of the authors Jack London and Jules Verne also inspired by their travels?

Whether you are a philosopher, a writer or a simple traveller, travel inspires you to the heights. Being aware of this changes many things in our progress as a manufacturer. We have ambitions for your travels. We design vehicles with constant concern for quality, practicality and aesthetic beauty. That is why the RAPIDO brand nowadays has a well-established reputation growing along with the number of RAPIDO users.

Your next stage in the art of travelling

RAPIDO 

The 2008 collection, shining with light

There is light in every celebration

Sunset in the gentle delights of a summer evening, a trip to the harbour under the light from the streetlamps, the flapping of the sails, the gentle murmur of the waves, the shop signs flashing in time with the laughter from the street... So many invitations to travel and discover new experiences. As you will have already realised, with its 2008 collection, RAPIDO carries you away to a complete change of scene, a blend of warmth, well-being and light.

As you browse through this catalogue, you will discover innovations full of light. The new panoramic bays in the Serie 70+ let in natural light. At night, the new halogen spots with their indirect lighting bathe the velour interior. Hidden in the join between the unit and the ceiling, a line of light enhances the Elégance furniture's design. It is beautiful, warm, and completely RAPIDO.

As you leaf through the pages, you will notice changes in the range: the Serie 70+ introduces colour into the low-profile series. More storage spaces: the Serie 90 is now fully fitted with a double floor. New laminates and floor coverings make their appearance, while safety continues to advance with driver airbags, ABS and ASR for every model. With an exclusive RAPIDO bench seat conversion system now all the range can have 4 seats with seatbelts.

The legendary RAPIDO comfort shines more than ever through its inventiveness. While still providing a guarantee of a long French tradition aiming at the highest standards in the market.

The balance is perfect; you are filled with joy; let the celebrations start !

LOW-PROFILE

RAPIDO, more than ever

At a time when distinguishing marks are being erased on a blossoming motor home market, RAPIDO presents, more than ever, the virtues of a reliable, well-known brand, engaged in a continuous improvement process, the symbol of a certain style of living in the French manner. A warm ambience, attention to detail: our values have not changed, they are measured by an exceptional degree of loyalty between RAPIDO and its customers. Almost half our customers are on their second hand RAPIDO. Highly sought-after, the RAPIDO brand makes its mark on the second-hand market. Demand is high; the resale value of a RAPIDO is higher than that of many other models. Isn't this the best indication of quality?

RAPIDO's virtuoso style consists this year of 6 ranges: Serie 7 and Serie 70 for the low-profile vehicles, with one new arrival: the Serie 70+ with its panoramic opening roof. Serie 9F is followed by the Serie 90dF utilising all the 'Mercedes' chassis' potential on a completely new double axle carrier. And then there is the magnificent Serie 9M on the Mercedes carrier.

The main point they have in common? The design creating a balance of tradition and novelty, which stands out from the crowd.

Welcome
to a more beautiful world

703

SPECIAL FEATURES ON THE 703

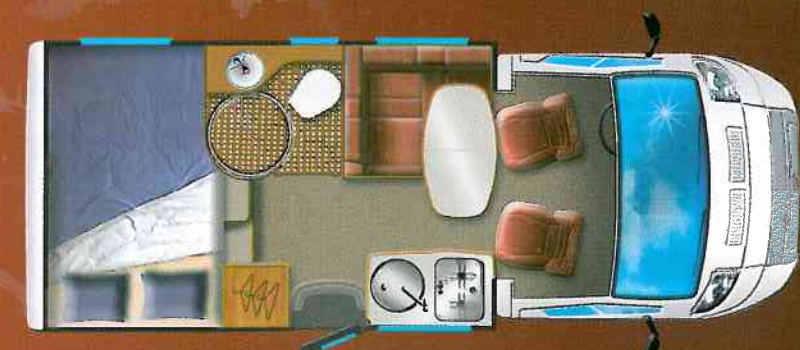

- COMPACT DESIGN
- 2-POSITION BED, LOW AND HIGH (PLUS OR MINUS 20CM)
- ADJUSTABLE, ILLUMINATED GARAGE (PLUS OR MINUS 20CM)
- 1 OCCASIONAL BERTH (1 CHILD)
- 15-INCH FLAT SCREEN TV UNIT (TV NOT SUPPLIED)
- DRIVER'S AIRBAG
- ABS BRAKES + ASR
- CAB AIR-CONDITIONING

TRAVELLING WITH EVERYTHING INCLUDED

The 703 succeeds in accommodating, in less than 6 metres, a garage, a bathroom with a separate shower and a 4-seater living room. The constant width bed easily adjusts to high or low position, thereby adjusting the height of the garage by 20 centimetres. A nice job! You will love it for its comfort and convenience, its compact design and its clever layout.

Bedroom with 100cm garage and with lower bed

▶ 5.99 m x 2.31 m

707

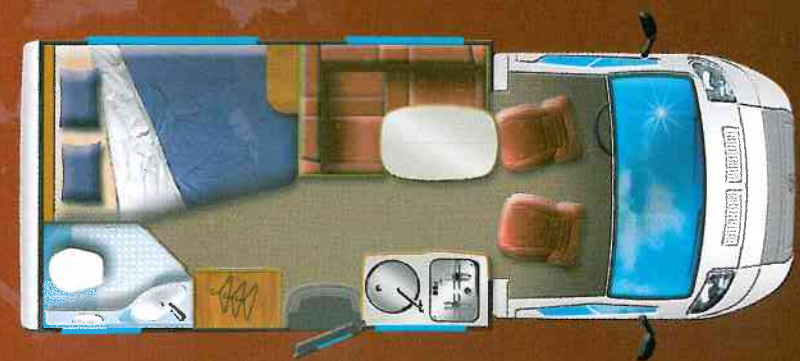

SPECIAL FEATURES ON THE 707

- COMPACT DESIGN
- L-SHAPED BENCH SEAT
- PERMANENT BED, 135x198cm
- 1 OCCASIONAL BERTH (1 PERSON)
- 15-INCH FLAT SCREEN TV UNIT (TV NOT SUPPLIED)
- DRIVER'S AIRBAG
- ABS BRAKES + ASR
- CAB AIR-CONDITIONING

A SURPRISINGLY SPACIOUS INTERIOR

The 707 is less than 6 metres long. It can thread its way through anywhere and handles like a saloon car. Who could imagine from the outside just how much space the inside offers? And yet, with its L-shaped bench seat, its large permanent bed, its 3rd occasional bed and pivoting cab seats, the 707 has a level of comfort worthy of a much larger vehicle.

▶ 5.99 m x 2.31 m

SPECIAL FEATURES ON THE 746

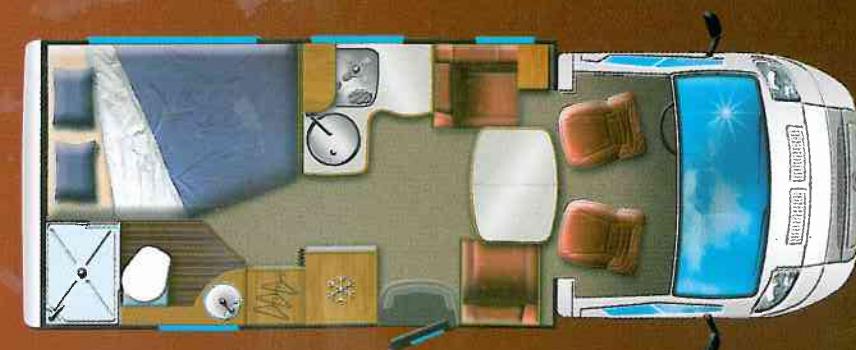

- LIVING ROOM BENCH SEATS CONVERTIBLE INTO SEAT FACING THE ROAD WITH A SEAT BELT
- 4 SEATS WITH SEAT BELTS
- LARGE FRIENDLY 4-SEATER LIVING ROOM
- ROUNDED TABLE ON CENTRAL LEG
- LARGE SEPARATE SHOWER
- FRONT LIVING ROOM EASILY CONVERTED INTO SLEEPING SPACE
- BACK-LIT BAR
- 15-INCH FLAT SCREEN TV UNIT (TV NOT SUPPLIED)
- DRIVER'S AIRBAG
- ABS BRAKES + ASR
- CAB AIR-CONDITIONING

New for 2008

THREE GOOD REASONS FOR LOVING IT

It is loved for its volume: a large, airy living room with a rounded table and swivelling cab seats. It is loved for its inverted L-shaped kitchen, which pushes the walls far away. And it is definitely loved when its third and fourth seat facing the road are discovered. You will always have strong feelings about the 746.

▶ 6.49 m x 2.31 m

746

787

783

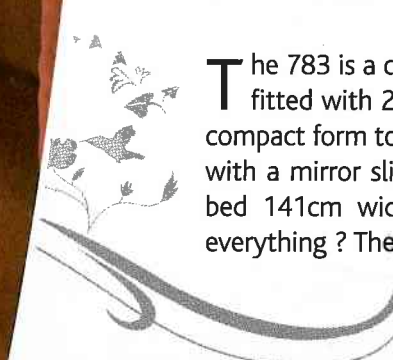

SPECIAL FEATURES ON THE 783

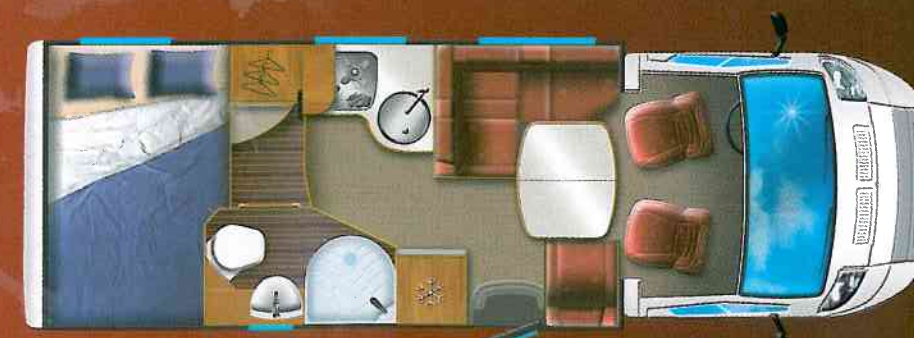

- LARGE 5-SEATER LIVING ROOM
- GARAGE 1.19M HIGH INTERNALLY
- LARGE BATHROOM WITH SEPARATE SHOWER
- UNDER-BED STORAGE WITH DRAWERS
- BACK-LIT BAR
- 15-INCH FLAT SCREEN TV UNIT WITH SLIDING MIRROR (NOT SUPPLIED)
- DRIVER'S AIRBAG
- ABS BRAKES + ASR
- CAB AIR-CONDITIONING

FOR THOSE WHO WANT EVERYTHING

The 783 is a compilation of good ideas. Its very large living room is fitted with 2 seats facing the road and the L-shaped kitchen is in compact form to make the best use of space. The TV unit is decorated with a mirror sliding into the wall. At the back, there is a transverse bed 141cm wide over a garage 1.19m high internally. You want everything? Then come on board the 783.

 - BACK-LIT BAR
 - 15-INCH FLAT SCREEN TV UNIT WITH SLIDING MIRROR (TV NOT SUPPLIED)
 - DRIVER'S AIRBAG
 - ABS BRAKES + ASR
 - CAB AIR-CONDITIONING

AN OFFER THAT CANNOT BE REFUSED

Accommodating up to 6 people (for 4 berths), it could be said that this model is generous on space, harmoniously distributed into 3 themes: living room, kitchen and bedroom. Thanks to the two seat belts facing the road on the bench seat, 4 people can travel in perfect safety.

Equipment and furnishings

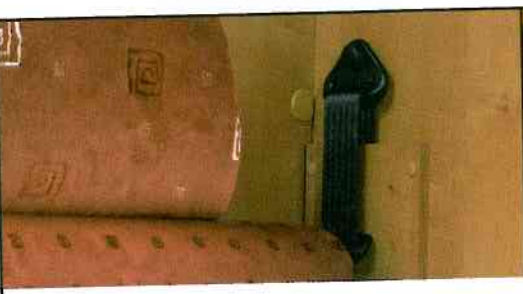

Standard on all the range

Bench seat convertible into a seat facing the road

The bench seat is fitted with an exclusive RAPIDO process that converts the living room armchair into a seat facing the road with a seat belt in the twinkling of an eye.

Built-in seat belts for the armchairs

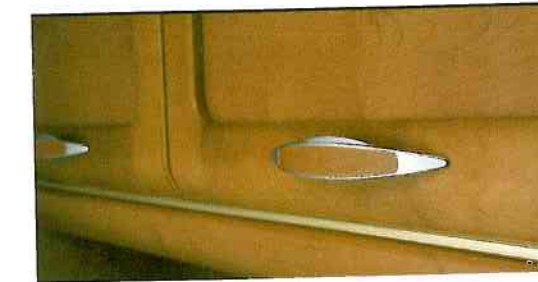

The seat-belt pillar is now hidden in the side wall and the buckle is easier to reach. The belt clip is hidden under the seat.

Back-lit bar

The bar accommodates two rows of glasses in a sophisticated decor: mirror, wood and glazed door, all back-lit. A little marvel!

* Glasses not supplied

New almond handle

The top cupboards are opened by a tilting wood effect handle circled in chrome.

New floor covering and laminate: brighter

New laminates adorn the horizontal surfaces: kitchen, living room, nightstand. On the floor, you will find a light beige printed floor covering.

Living area equipment

- Permanent bed with slatted spring and Bultex® mattress
- Living room trimmed with high-density foam and quilted fibres sewn to the cover
- Curtains matching the trim
- Privacy cab curtain to match the trim
- Special flat screen TV bracket with adjustable direction telescopic arm
- Back-lit bar (except for 703 and 707)

Bodywork and openings

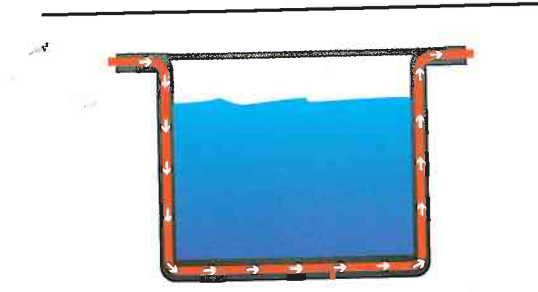

- Non-slip reinforced polyester roof with total recovery (guaranteed water-tight)
- Side gutters, protecting against dirt collection and drag
- Living area door with two-point lock and opening bay
- Two rear stabilising jacks
- Double-glazed Metacrylate projecting bays in the living area
- MIDI HEKI sun roof
- Remote control central locking on cab and living area doors
- Insulated double step
- Flashers in the side mirrors
- Roof pre-equipped to take roof bars
- Awning light and integral gutter
- Special rear for the Series 7

Cab equipment

- Special motor home original seats matching the colour of the trim, with adjustable height and inclination
- Cab air-conditioning
- Driver's airbag
- ABS brakes + ASR
- RDS /MP3 radio with CD player, 2 loudspeakers in cab and 2 loud speakers in living area
- Radio antenna integrated into the rear-view mirror (invisible)
- Electric defrosting side mirrors
- Heat-insulating windscreen blind with air vents
- Power steering and electric windows
- Securit® tinted windscreen and windows

Gas, plumbing and electrical equipment

- On-road heating in the living area with Secumotion
- 150-litre refrigerator with automatic energy selection (except for 707 and 703: 96 litres)
- Outside shower with secure access to the hot and cold water taps
- TRUMA C4002 heating (UK Pack : C6002 EH)
- 3-zone magneto-thermal circuit breaker
- Pre-cablings for reversing camera
- 2 pre-cablings for DVD player

Insulated, heated wastewater tank

The tank is protected by an insulated compartment, heated by forced air*, which also contains a drain valve.

* as soon as the TRUMA heating is switched on.

Convert the living room to a bed very easily

The telescopic table leg has a multi-position mechanism for converting the living room into a bedroom in the blink of an eye. And all without losing any comfort or stability in "table" position.

THE FAMILY A-CLASS WITH A GARAGE

The 984F increases the feeling of space with a very wide, open living room. It is equipped with bunk beds, one of which is height-adjustable, altering the garage's internal height from 68 to 124cm (in the one-person bed version). The new bathroom has been reconfigured to provide more freedom of movement. In the living room, the two bench seats are on, gardner spacious and can be converted into 4 seats facing the road, with seat belts.

FOR THE MOST ENJOYABLE OF TRIPS

If the RAPIDO 987F was a song, it would be as joyful as springtime. Its refrain would be the most captivating ever; everyone, young and old, would fall under its spell. Because the 987F has all the qualities that make a motor home a popular success. Comfort, good looks, warmth... You'll be singing as you drive along!

Equipment and furnishings

ABS brakes

ABS (Antilock Brake System). This prevents the wheels from locking during braking, optimises stopping distances and, above all, ensures that the motor home can continue to steer.

Back-lit bar

The bar accommodates two rows of glasses* in a sophisticated decor: mirror, wood and glazed door, all back-lit. A little marvel!

* Glasses not supplied

Built-in seat belts for the armchairs

The seat-belt pillar is now hidden in the side wall and the buckle is easier to reach. The belt clip is hidden under the seat.

Air bag

For your safety, the Serie 9F is fitted with a driver's air bag as standard.

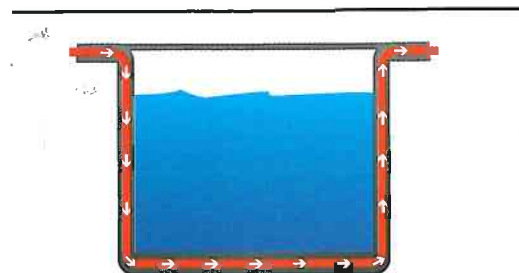

New almond handle

The top cupboards are opened by a tilting wood effect handle circled in chrome.

Bench seat convertible into a seat facing the road

The bench seat is fitted with an exclusive RAPIDO process that converts the living room armchair into a seat facing the road with a seat belt in the twinkling of an eye.

Insulated, heated wastewater tank

The tank is protected by an insulated compartment, heated by forced air*, which also contains a drain valve.

* as soon as the TRUMA heating is switched on.

New floor covering and laminate: brighter

New laminates adorn the horizontal surfaces: kitchen, living room, nightstand. On the floor, you will find a light beige printed floor covering.

Standard on all the range

Living area equipment

- Permanent bed with slatted spring and Bultex® mattress
- Living room trimmed with high-density foam and quilted fibres sewn to the cover
- Curtains matching the trim
- Privacy cab curtain to match the trim
- Special flat screen TV bracket with adjustable direction telescopic arm
- Insulated double step
- Back-lit bar

Bodywork and openings

- Non-slip reinforced polyester roof with total recovery (guaranteed water-tight)
- Side gutters, protecting against dirt collection and drag
- Two rear stabilising jacks
- Living area bay with aluminium frame and central locking handle
- HEKI 3 sun roof
- Remote control central locking on cab and living area doors
- External drawer in skirt
- Roof pre-equipped to take roof bars

IN A GOOD MOOD EVERY MORNING

The twin beds, over a 1.2m-high garage, can be converted into a bed 1.40 x 2.00m. After a 5-star night, you wake up in good spirits under the revitalising jet from the large separate shower. This joy of living is also due in no small part to the 9066dF's amazing storage spaces, cleverly distributed in the double floor.

The advantages of the double floor

AL-KO

The double floor houses the water, electricity and gas circuits and also the water tank. The result? You have storage hatches for bulky items, like skis, fishing

rods... The living area is better insulated against the cold. And all without losing any ceiling height.

Equipment and furnishings

Back-lit bar

The bar accommodates two rows of glasses* in a sophisticated decor: mirror, wood and glazed door, all back-lit. A little marvel!

* Glasses not supplied

Reversing camera

The reversing camera is equipped with infrared for night vision. It is linked to a 5-inch colour screen with built-in speaker, which replaces the interior rear-view mirror. Manoeuvring has never been so simple!

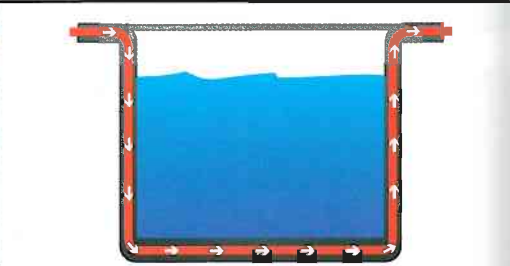

The "Super comfort" cab seats

The seats are upholstered with covers matching the patterns and colours you have chosen for the living area. This top-of-the-range cover provides an additional thickness of foam. The seats are perfectly adjustable (in height, length and inclination of the back and the seat) for driving comfort equivalent to that of a car.

Air bag

For your safety, the Serie 90dF is fitted with a driver's air bag as standard.

Insulated, heated wastewater tank

The tank is protected by an insulated compartment, heated by forced air*, which also contains a drain valve.

* as soon as the TRUMA heating is switched on.

Double floor with specific RAPIDO layout

The Serie 90dF's double floor is of an original design. It provides additional space laid out in the form of compartments in various sizes. These can be accessed from both the outside and indoors. The Serie 90dF's double floor has 2 different storage levels to store away bulky articles such as skis, fishing rods, water bottles... The double floor also fulfils a technical function by housing the water, electricity and gas circuits. It also improves the quality of the heat insulation.

Standard on all the range

Living area equipment

EVERYTHING IN HARMONY

The interior architecture of the 992M combines beauty and practicality. From the living room, the harmonious curves of the new kitchen lead you quite naturally to a door opening onto the bedroom's central bed. For the first time, a Rapido is providing separate toilets with sliding doors and hand basin. In the shower, the wooden grating provides new sensations for your feet.

- CABIN AIR-CONDITIONING
- 150-LITRE REFRIGERATOR

PEOPLE WILL LOVE VISITING YOU

This is a variant on the 996M, putting the emphasis on gastronomy and a friendly welcome, with its L-shaped kitchen backing on to the maxi living room with its L-shaped bench seat. This year, the 997M has new lighting and a bar, which your guests will not fail to admire.

▶ 7.40 m x 2.31 m

999M

THE SPECIAL FEATURES OF THE 999M

- LARGE BATHROOM AT THE REAR
- 6-SEATER MAXI LIVING ROOM WITH L-SHAPED BENCH SEAT WITH LARGER SEATING, ROUNDED TABLE
- RIGID PARTITION BETWEEN DAY AND NIGHT SECTIONS
- LARGE VERTICAL HEATED STORAGE SPACE
- 175-LITRE REFRIGERATOR
- NEW AMBIANCE LIGHTING
- ABS BRAKES, ASR AND ESP
- CABIN AIR-CONDITIONING

The 999M rewrites comfort. The bathroom is now located at the end of the living area, accessible via a corridor running alongside the bed. From this layout a motor home is born, that has the spirit of a house. And you can add safety to the already long list of its special features: the bench seat, in fact, provides space for two people facing the road, with seat belts.

Equipment and furnishings

Back-lit bar

The bar accommodates two rows of glasses* in a sophisticated decor: mirror, wood and glazed door, all back-lit. A little marvel!

* Glasses not supplied

More practical kitchen

The new kitchen provides extremely practical functions: drainer, bin and a second sink. The opening of the hobs can be varied thanks to a double leaf opening system. In addition, its honeycomb covering ensures that it does not lack for charm.

Leg on the table

The leg on the table is one with the table top and connected to a runner. The whole structure creates greater rigidity, thereby reducing bending.

Air bag

For your safety, the Serie 9M is fitted with a driver's air bag as standard.

Reversing camera

The reversing camera is equipped with infrared for night vision. It is linked to a 5-inch colour screen with built-in speaker, which replaces the interior rear-view mirror. Manœuvring has never been so simple!

Diamond finish

Colour and material are 'as one' like mother-of-pearl. That is why the gel coat on the Series 9M is bulk dyed. Two shades of silver grey glide over the bodywork and merge in the equipment: the ventilation grill, the petrol cap, the side mirror, the ladder and the roof rack. Total harmony.

The silver grey highlights on the Series 9M have the discreet luxury of universally acclaimed works of art. No, beauty is not a matter of taste; it is universal.

Insulated, heated wastewater tank

The tank is protected by an insulated compartment, heated by forced air*, which also contains a drain valve.

* as soon as the TRUMA heating is switched on.

Standard on all the range

Living area equipment

- Cab and permanent bed with slatted springs and Bultex® mattresses
- Living room trimmed with high-density foam and quilted fibres sewn to the cover

Shortened version list: for the complete list of standard equipment, please refer to the technical guide at the back of the catalogue.

Express your motor home's personality

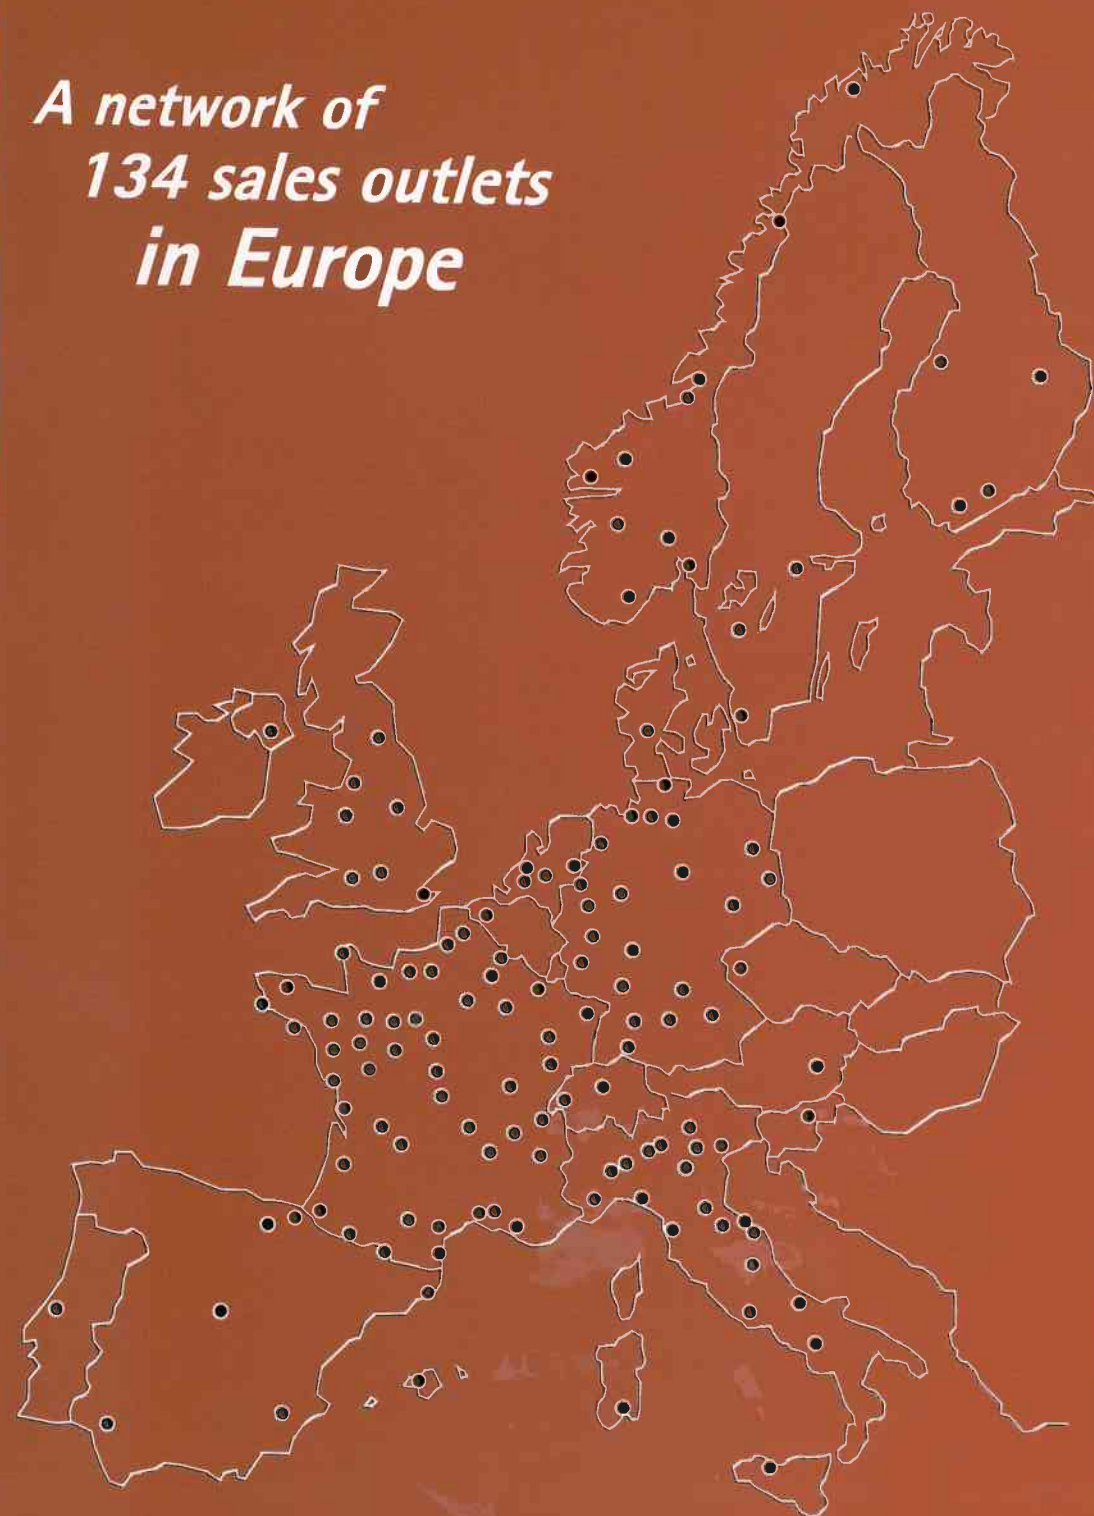

When considering purchasing a motor home, choosing the textile is an important moment. Its pattern, feel and colour will provide the interior design with its own soul and personality, which you will then make unique with your own decorative touches. The textiles on the armchairs; seats and couches have all been chosen for their strength and their soft feel. Their patterns and colours outlast fashions without losing any of their charm; they are easy to maintain, removable and easy on the eye.

THE COMFORT OF RAPIDO UPHOLSTERY

RAPIDO pays particular attention to the quality of the upholstery. Conscious of the fact that a lot of time is spent sitting in a motor home, RAPIDO designs high quality upholstery. The choice of the foams and textiles determines the level of comfort; both are rigorously selected and tested. In your motor home, hours pass but comfort remains.

SEATING COMFORT

The living room upholstery covers are lined with a padded material that improves seating comfort.

HARMONY

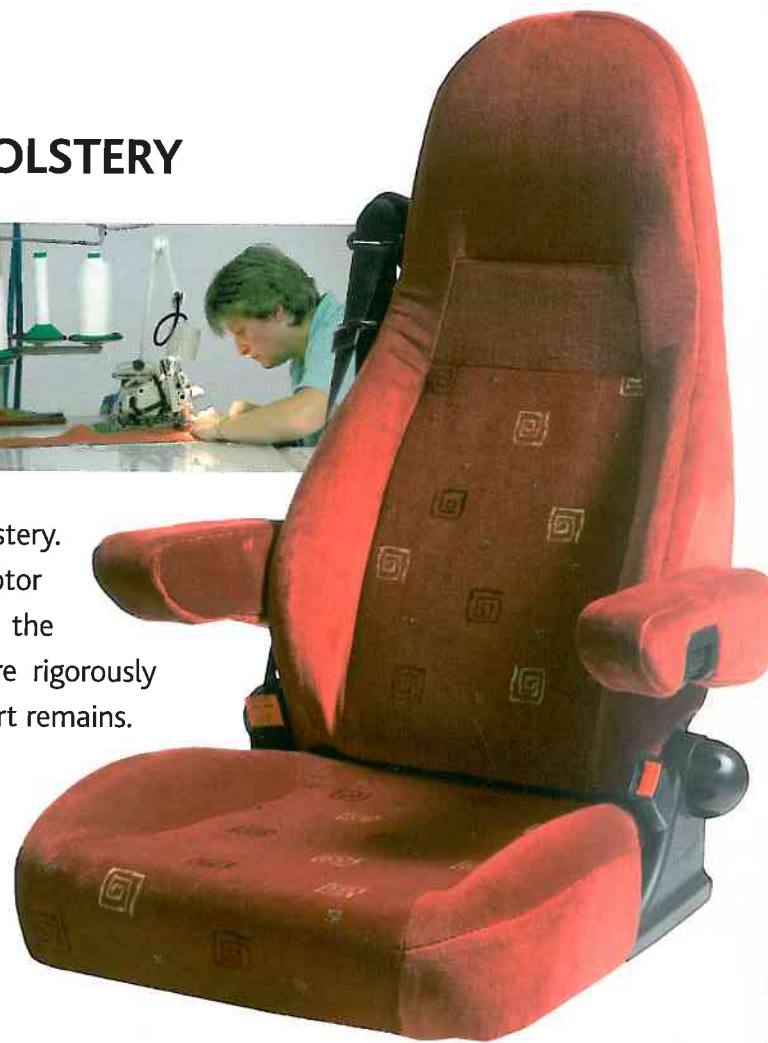

The original seats are fitted with covers in the same patterns and colours as the living room.

DRIVING COMFORT

All the Fiat models are fitted with special motor home seats. In addition to their great comfort, they also adopt the ideal position (adjustable height and inclination for the back and the seat).
