...for the road ahead.

## TRIBUTE 550

Luxurious car like travelling, along with sumptuous living space.

The Tribute 550 and 650 are manufactured upon the very latest Fiat Ducato X2/50, 3300 kg chassis fitted with the impressive 120 bhp 'Multijet' common rail diesel engine. Equipment included as standard are ABS/EBD, cruise control, electrically operated windows and mirrors, remote central locking, drivers air bag, drivers and passenger swiveling cab seats, metallic silver paintwork with colour coded bumper and alloy wheels.

The 550's lounge area with loose fit carpets features a sumptuous sofa bed and a single forward facing seat. By night these quickly convert into either two single beds or one transverse double. The 550's kitchen area has a combined stainless steel 3 burner hob; sink and drainer together

with a special telescopic mixer tap which enables the faucet to be extended outside the rear doors for external use. Underneath the hob area, a 'mini grill' is situated together with plenty of cupboard space and a cutlery drawer. A 60 litre fridge sits opposite the kitchen to complete the chef's dream.

When it comes to home comforts and being totally self contained, the large fully fitted en-suite wash room has to be seen to be believed. It has an electric flush Thetford toilet, corner basin with storage cupboard below and shower area. Fresh water is available from the internal 80 litre fresh water tank, an 80 litre waste water tank is fitted under floor.

Performance with a passion...

## TRIBUTE 650

High level of specification with separate shower cubicle and 167 litre fridge freezer.

As with the 550 Tribute the 650 takes advantage of the specification offered by the new Fiat Ducato. The lounge area also offers a sofa bed on the offside and a forward facing single seat on the near side. The extra vehicle length of the 650 (582 mm) allows for a longer sofa and for the forward facing seat to have an inertia reel 3 point seat belt to carry that extra passenger.

The lounge area again quickly converts into a choice of 2 bedroom arrangements offering two single beds or a transverse double bed. The rear of the 650, again with the help of extra length, offers a combined 4 burner hob, oven incorporating grill, stainless steel sink, drawers to the underneath and a full length wardrobe. Opposite is a large wash room offering electric flush toilet, wash basin and a fully enclosed

separate shower cubicle, a sure first for any panel van conversion.

To fully compliment the specification of the Tribute 650 a large 167 litre fridge freezer has been included as standard giving the owner plenty of room for supplies for full time touring.

Both models feature vinyl floor and removable carpets, integrated slide away blinds on the cab windows and doors, blinds and fly screens to all conversion windows. Panoramic 'midi' heki roof light, Webasto 2 kw diesel powered blown air heating, 10 litre Truma gas powered water heater, 16 amp charger unit, roof styling bars, rear ladder and LCD flat screen TV mounting are among the other standard features that make both models stand out from the crowd.

# Outstanding Design

With standards and specifications which are hard to match, plus an excellent price/quality ratio the new 550 and 650 Tributes have all the ingredients required to become Britain's most popular Motorhome conversion.

We have taken the smallest amount of space and transformed it into such a homely environment, yet despite its amazingly low price the new 550 and 650 Tributes have all the features that are normally found in more expensive Motorhomes.

A new call centre reserved for motorhome drivers is now available. All you have to do is call 00800-3428 1111 and a knowledgeable operator speaking your language will give you comprehensive information on the product and the services offered, and will transfer your call to a specialist technician or to Fiat Camper Assistance, the on-road assistance team for the service of motorhome customers.

You can call from any European country, 24 hours a day, 7 days a week, to get immediate help. The best specialists will assist you in the event of an accident, a breakdown, lack of fuel, loss of keys, partial theft, etc. During vehicle repairs, you can benefit from a replacement vehicle of suitable size and hotel accommodation.

To enable you to resume your journey as soon as possible, the Fiat Camper Assistance call centre remains in direct contact with you and the workshop that is taking care of your vehicle. It can help them order the parts needed so as to ensure that your vehicle is repaired quickly as possible and you can resume your trip promptly. The leader in camper sales in every European country, Fiat stands out, for the services it offers you as you travel and the maintenance services it provides for your vehicle. The credit goes to a European network of over 7,400 Fiat Ducato service centres, where you can find fully equipped workshops, specialist personnel, and all the parts you may need for your motorhome.

## Warranty Included

Tribute have endeavoured to convey to all our customers all the benefits which are available within the industry. With this in mind we have extended the normal manufacturers warranty to include cover for major items for an extra period, giving peace of mind for a total of 36 months. Full details are outlined in a policy document. Please contact your official Auto-Trail stockist for further information.

Whilst every reasonable precaution is taken in the preparation of catalogues, technical circulars, price lists and other literature, these documents are for buyer's guidance only. The buyer should always consult their approved Tribute dealer for current information. Tribute Motorhomes reserve the right to discontinue models or without notice, make changes at any time to prices, colours, materials, equipment, specifications, layouts and models. Issued October 2007.
