We're always listening to you...

From the moment you enter an Auto-Trail motorhome you will appreciate why, for over 25 years, the Auto-Trail name has been synonymous with luxury. A reputation for excellence in design, operation and has been built from the

skills of an industry leading design team and our close bonds with our customers and members of the Auto-Trail Owners Club. All of which help and contribute to provide the right styles and solutions for your luxury leisure vehicle requirements.

Listening to our customers has been one of the most important ingredients in our 25 years of success. Understanding customers needs and requirements

improves every precious part of our motorhomes, whilst keeping in mind the practical priorities of the customers who enjoy using them. This philosophy applied in the early years is still an integral part of the success story today.

Whichever of the Auto-Trail models you choose, you can expect a high level of comfort, performance and choice expected from a company whose

reputation has been built from meeting and exceeding the expectations of our customers for over 25 years. Step inside any one of our many motorhomes to fully appreciate the obvious element of pride taken in the engineering and use of premium materials. Or why not simply stand back and admire the distinctive design and elegant smooth lines of the exterior bodywork.

You will soon appreciate why Auto-Trail Motorhomes are regarded by many as Britain's most popular luxury leisure vehicles.

Whether you drive the camper-sized Tracker or the impressive Chieftain our commitment to your safety is paramount. Every Auto-Trail luxury leisure vehicle is fully compliant with quality standard ISO 9002 and the latest European

standards governing motorhome construction and use.

Our dedicated staff conduct rigorous and comprehensive inspections throughout the many production processes of each motorhome, all aimed at affording you and your family the highest level of safety and complete peace of mind.

What makes Auto-Trail Motorhomes so stylish and versatile?

New developments.

For more than a quarter of a century, the Auto-Trail name has been synonymous with luxury. Our range of top quality leisure vehicles has a well-deserved reputation for design excellence, functionality and being user friendly.

This reputation is built on the input of our industry-leading design team and maintained through a close relationship with customers and members of the Auto-Trail Owners Club alike.

These strong foundations make us proud. Our reputation and our continuing programme of development and refinement lets us offer a superb range of motorhomes that meets your luxury leisure vehicle needs.

Whichever high-specification Auto-Trail motorhome you choose, from the compact Tracker to the imposing Chieftain, you receive the same hallmark levels of performance and comfort.

Fully fitted, full width domestic carpets

A true 'home from home' comfort. Why we use carpets: They not only help considerably to reduce road noise, they also provide additional insulation and ensure that the under bed storage areas are warmer.

Items stored within the bed boxes are also less likely to move around or create that annoying rattle. Carpeting also acts as a 'suspension' system for all the fitted furniture, again adding to your driving comfort. Understandably, some customers may prefer a vinyl floor covering with a removable carpet, no problem! These are offered as an optional extra and can be specified at the time of ordering.

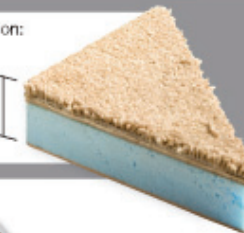

Energy efficient high insulation values
All Auto-Trail models have 40mm walls and 45mm ceilings and floors, which are up to 75% thicker than many competitors, making the interior of your motorhome cooler in summer and warmer in winter.

Cross section details showing our thicker insulation:

Wall: 40mm

Flooring: 45mm

All road facing floor areas incorporate a vinyl protected surface.

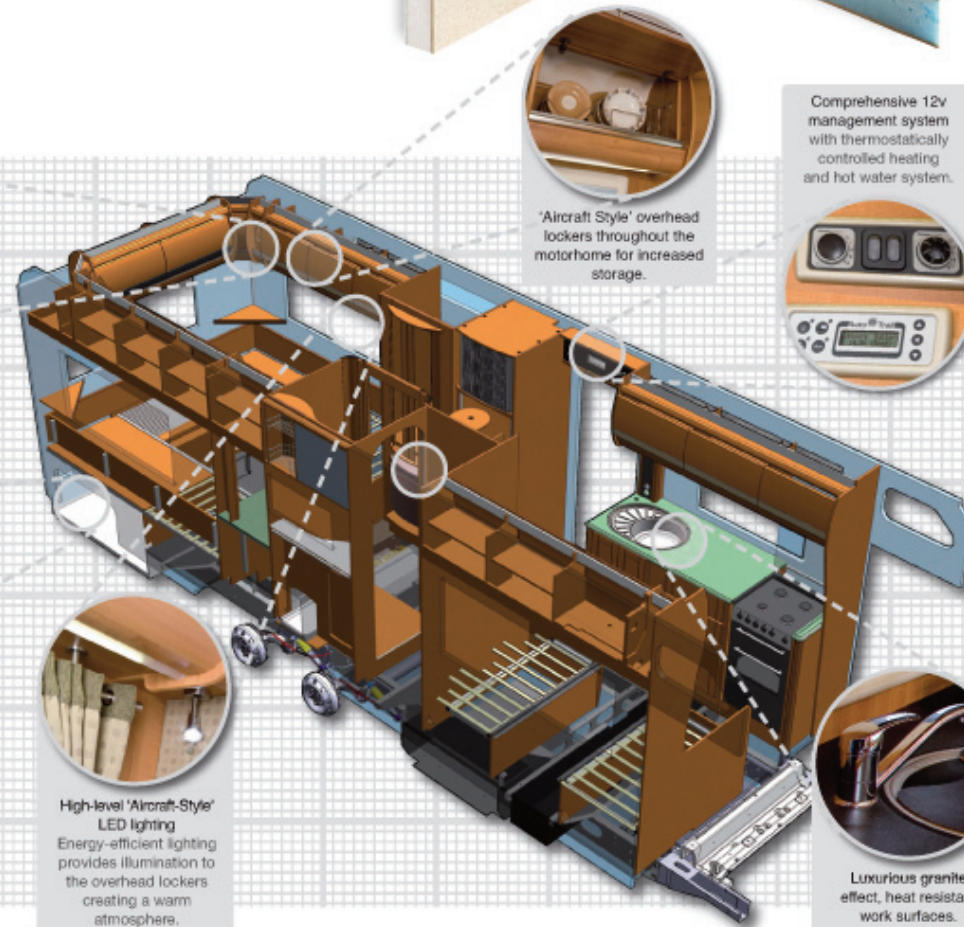

230V Dimmer switch controlled mains 'mood' lighting.

Most models feature a large underfloor area, perfect for items like reclining chairs and portable BBQ's.

Exterior hot and cold shower
Ideal for easy cleaning of equipment, bicycles, and even sandy feet.

'Aircraft Style' overhead lockers throughout the motorhome for increased storage.

Comprehensive 12v management system with thermostatically controlled heating and hot water system.

High-level 'Aircraft-Style' LED lighting
Energy-efficient lighting provides illumination to the overhead lockers creating a warm atmosphere.

Luxurious granite effect, heat resistant work surfaces.

Before you choose your next motorhome... important Auto-Trail facts and features!

- Heavy duty furniture construction**
All Auto-Trail furniture is constructed using 12mm and 15mm solid plywood. This makes for quieter running that is a rarity within some makes of modern motorhomes.
- High Gloss GRP Exterior Side Walls**
Scratch and damage resistant. Auto-Trail are one of the few companies who help in protecting your investment by incorporating this important feature into the construction of all our vehicles.
- Choice of Hi-Line or Lo-Line**
All needs are catered for with 21 models available in two distinct formats. Hi-Line for users who need a spacious overhead sleeping area and the sleek Lo-Line version providing additional valuable overcab storage.
- Cruise Control fitted as standard**
Making long journeys more enjoyable at no extra cost to you.
- Choice of 5 luxury Twin Axle Models**
The ultimate for people seeking a premium mobile apartment.
- Full Dual-Fuel Hot Water System**
Powered by both gas and mains electric.
- 85 Watt Solar Panels**
Fitted standard on all Frontier models, and available as a cost option on the Cheyenne range.
- All models fitted with Vinyl Road-Facing Underfloor Protection**
Giving you total peace of mind.
- Large Slide-Out Underfloor Storage Lockers**
The Frontier ranges now feature deep 30cm moulded compartments which pull out on smooth runners, ideal for storing items like electric hook ups, levelling blocks etc.
- Luxury Seitz (S5) Flush-Fit Windows to all models**
Each with integral pleated night blinds and flyscreens, delivering improved sound reduction (Luton windows, Polyvision).
- 'Acer' Wood Grain Wallboards**
For that luxurious feel.
- Full Dual-Fuel Central Heating System**
Powered by both gas and mains electric, for your added convenience.
- An incredible 21 optional layouts**
Many with factory fitted rear seat belts. Each customer is different, that is why we provide an extensive choice of layouts to suit most requirements.
- Choice of 'G' Models**
Each providing a large safe and secure integral storage area. Perfect for carrying leisure items which complement your lifestyle eg: electric mobility scooters, domestic size patio table and chairs, surfboards, skis, wet suits – the list is endless.
- Cab Air-Conditioning**
Included in the SE pack option.
- Rear Corner Steadies**
Standard features on all Cheyenne and Frontier ranges or an optional cost extra on both the Tracker and Apache.
- Directional Status Telescopic TV Aerial**
Designed to maximise signal strength.
- Exterior Gas BBQ Point**
Quick and convenient so you can enjoy alfresco dining.
- Dimmer Switch controlled 230v Mains Electric Mood Lighting**
Create a relaxed atmosphere while dining in the luxury of your motorhome.
- Fully enclosed seamless Shower Cubicles**
Separate wet and dry areas plus electric flush toilet, proving to be the best en-suite facilities.

The new Fiat Ducato chassis, what you need to know...

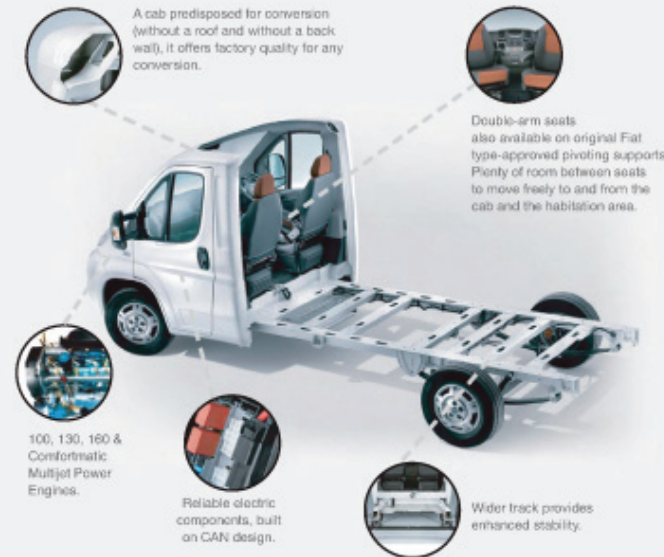

Fiat explained!

The basic ingredients of versatility.

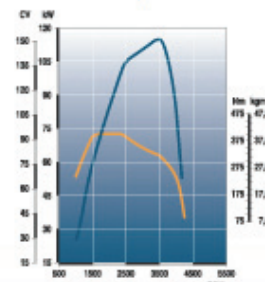

The new Ducato Camper fears no bends and no terrain, no matter how bumpy. Its chassis frame has been specially designed to be the base of your motorhome. Greater stability is ensured by a specific suspension setup and stabiliser bars front and rear.

The new Ducato Camper uses latest generation engines:

All Fiats in the Auto-Trail range use the Euro4 Compliant Multijet which is complemented by the newly-developed 6-speed gearboxes (5 speeds for the 100 Multijet). With a peak torque from 250 Nm to 400 Nm, all the engines powering the New Ducato ensure absolute driving pleasure, superior pick-up in any situation, especially when overtaking, driving uphill, or negotiating bends.

160 Multijet Power to Torque ratio

The engines and gearboxes powering the new Ducato Camper were tested on cab-over prototypes and adapted for use on a motorhome. The 130 Multijet has been specifically designed for exclusive use on motorhomes.

A short guide to wearing seat belts in your motorhome...

Recently there has been a number of changes to the laws relating to the fitting and using of seat belts in motorhomes. Below is a short break down of how this may influence your purchase of a new motorhome.

Seat belts have been fitted to the front seats of motorhomes since seatbelt legislation was first introduced and it is mandatory to wear these when the vehicle is in motion (this is normally the driver and front passenger seat).

REAR DESIGNATED PASSENGER SEATS

Designated passenger seats in the rear of a motorhome are those seats specifically designed to be used by passengers whilst the vehicle is in motion. These seats must have either forward or rear facing seatbelts and these seatbelts must be used by any passengers travelling in the rear of the vehicle. These seats will be clearly marked with a label adjacent to the seat indicating that they are designated travelling seats.

New European Legislation (EC Directive 2005/39/EC) states that to travel in a sideways facing seat with a seat belt

is unsafe and that from 20th October 2007, new vehicles will not be allowed to be registered with sideways facing designated travelling seats.

To coincide with above legislation Auto-Trail has introduced a number of optional layouts to most of its luxury models. You can drive confidently knowing that not just you and friends can travel in comfort and safety.

It's now even easier to look for these options. Check to see if the above seatbelt logo is next to your desired model in this brochure.

This logo denotes this particular model is available with an optional layout, allowing at least two extra designated travelling seats (featuring full 3 point reel inertia seat belts). In some cases you may specify two more lap belts to rear facing seating (incorporating fully padded back and neck rests). Allowing up to six people (including the driver) to travel in comfort, safety and within the law.

Seat Belt Guidelines

	Front Seat	Rear Seat	Responsibility
Driver	Seat belt must be worn if fitted.	-	Driver.
Child under 3 years of age unrestrained.	Correct child restraint must be used.	Correct child restraint must be used. If one is not available in a taxi, may travel.	Driver.
Child from 3rd Birthday up to 135cms in height (or 12th Birthday whichever they reach first.	Correct child restraint must be used.	Correct child restraint must be used where seat belts are fitted. Must use adult belt in rear seat if correct child restraint is not available (e.g. in a taxi, for a short distance in an unexpected necessity. If two occupied child restraints prevent fitting a third.	Driver.
Child 12 or 13 years of age, or over 135cms in height.	Seat belt must be worn if fitted.	Seat belt must be worn if fitted.	Driver.
Adult passengers.	Seat belt must be worn if fitted.	Seat belt must be worn if fitted.	Passenger.

A choice in layouts or seatbelt variations for your comfort and safety.

Seatbelt variations:

A) Single forward facing seat (SD)

A single forward facing seat fitted with a seatbelt for one person. This option is available on a Tracker EK Only.

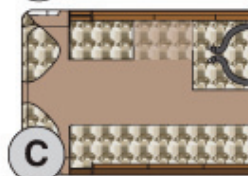

B) Twin forward facing seats (TD)

An extra single forward facing seat to compliment option A above to enable two single forward facing seats to be fitted with seatbelts. This option is available on a Tracker EK Only.

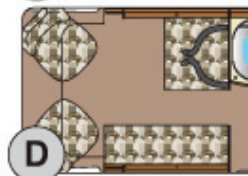

C) Lounge Dinette (LD)

During the day the LD offers a full L shaped lounge dinette and quickly converts into a travelling seat fitted with two seatbelts by removing the centre cushion. LD Available on: Tracker EKS, Apache 700, Cheyenne 630LB/635/840S/840D, Dakota, Mohican, Scout, Arapaho, Chieftain and Chieftain G.

D) Half Dinette (HD)

A double forward facing seat fitted with two seatbelts. This easily converts into a transverse double bed by joining together the rear side bench seat and the travelling seat. HD Available on: Apache 632, Cheyenne 660/696/696G/740S and Delaware

E) Double Dinette (DD)

A double forward facing seat fitted with two seatbelts. On certain models extra rear facing lap belts can be chosen. DD Available on: Cheyenne 630LB/635/840S/840D, Dakota, Mohican, Chieftain and Chieftain G.

Please note: The above seat belt variations are available as a cost option. Please refer to the Technical Specification pages for further information and compatibility.

Adaptable Seating to allow transportation of passengers whilst on the move.

The famous Auto-Trail SE packs have been enhanced, yet again, to include large 11" and 15" fold down cab TV monitors, new RADIO/CD/DVD players with a 2.8" LCD Colour screen and SD card reader slot, and not forgetting a brand new style 'Auto-Trail' umbrella.

Tracker EK

Compact versatile and easy to drive,
a real luxury motorhome.

The Tracker EK is the perfect answer for the growing number of motorhomers constrained by space. The Tracker EK is so compact you can park it almost anywhere, it will even double as your second vehicle for every day use. You will be amazed by its most spacious and luxurious accommodation with its new 'Highclere' soft furnishing scheme. Complemented with concealed energy efficient LED lighting, fully fitted kitchens with flush fitting sinks, the Tracker EK offers the very best in compact luxury.

Tracker EKS

Your perfect travelling companion.

The Tracker EKS is the ultimate multi-purpose vehicle, that is ideal for those who like that little extra space to stretch out. Two long settees provide a flexible choice between two 6' single beds or a sumptuous king size double. The rear corner washroom is fully equipped and comes with a separate shower cubicle, the vehicle is complimented with a spacious kitchen to the rear with full size oven, grill, dual fuel hob.

Apache 632

Innovation and practicality for today's lifestyle

The Apache 632 features a fixed transverse bed across the rear of the vehicle with a large storage area underneath. The 632's compact design features a spacious lounge towards the front which at night quickly converts into a spacious double bed. To the centre is a modern fitted kitchen opposite a washroom with separate shower cubicle. A Combi dual fuel (electric/gas) boiler fitted as standard. New for 2009 season, this popular layout is less than 3500kgs.

Apache 634L & 634U

Spacious, warm and inviting.

Encompassing all of the amenities you could possibly need, the Apache 634U and L ensures a complete home from home. The washroom and separate shower compartment provide a maximum use of space with stylish fixtures and fittings, giving complete 'en-suite' luxury.

Apache 700

Designed with a busy lifestyle in mind.

The 700 provides two separate seating areas to the front and rear, this vehicle makes entertaining friends or enjoying a family meal a real pleasure. Available with the choice of a Hi-line or lo-line at no extra cost, and the flexibility to sleep and carry up to six people with the new seat belt options, the new Apache 700 satisfies the needs of all the family in complete comfort.

Apache 725

Innovation and practicality for all the family.

A first for Auto-Trail, rear single bunk beds! Another great family motorhome layout. Features and benefits are endless. Up front is the all important LD (lounge dinette) with two seat belts as standard. The fully equipped kitchen is mid ships, whilst the en-suite facilities with separate shower cubicle and toilet area occupy the offside and twin 6' single bunk beds are situated at the nearside rear. Creating the ultimate family vehicle.

Cheyenne 630LB

Style, comfort and convenience as standard.

As soon as you enter the vehicle you will be impressed by the inviting lounge area with "Sandown" soft furnishing schemes. The Lounge features large side facing settees with twin arm rests and scatter cushions. The clever use of space takes your comfort to the highest level, and creates that "ah it's great to be home feeling".

Cheyenne 635

Stylish and practical motorhomes built to challenge established ideas and values.

The 635 is a revised layout, featuring an inviting front lounge and fully equipped kitchen. The valuable work surface space is maximised thanks to the L shaped design. The fully fitted gas oven and separate grill, includes 3 gas burners, whilst the 4th is 230v electric operated hob. At the rear of the motorhome is the fully fitted en-suite with its vanity basin, electric flushing toilet and separate shower cubicle. Externally a new larger storage area has been installed to accommodate items such as BBQ's, Sun loungers and wheelchairs etc.

Cheyenne 660

High quality of living with unsurpassed luxury.

The no compromise Cheyenne 660 combines a rear master bedroom with fixed bed. A generous forward lounge and fully equipped designer kitchen with large 180 ltr fridge incorporating a full width freezer compartment allowing those inspiring chefs to create the perfect meal... luxury and practicality on every trip comes as standard.

Cheyenne 696 Low bed & 696G

Unrivalled specification with a choice.

Based on the award winning Fiat Ducato chassis. The 696 low-bed model is perfect for those who prefer a lower rear bed and a integral storage area, whilst still offering a spacious and sumptuous lounge, kitchen and washroom facilities. If more storage space is required why not opt for its sister model the 696 G which features a raised bed with a large storage area ideal for cycles and motability scooters. The storage is easily accessible externally from both sides, creating the ultimate luxury family leisure vehicle.

Cheyenne 740S

Sophistication takes a new name.

The ever popular 740S layout has a forward lounge which can quickly convert to transverse double bed. The spacious 'L' shaped kitchen comes with a 180 litre fridge freezer as standard. Beyond the kitchen is a designated room with two single beds, fitted with rake systems for even more comfort. The bedroom leads to a fully fitted 'en-suite' and dressing room. Like all Auto-Trail models the 740S can be supplied at no extra cost as either a lo-line (over cab storage with designated table storage) or hi-line (spacious over cab double bed).

Cheyenne 840S & 840D

Luxury with engineering excellence.

The 840S and D offer a large forward lounge, central kitchen with a generous 180 litre fridge including a full width freezer compartment. The 840S features a separate bedroom with two single beds and full width rear en-suite.

840D models are based on a heavy duty 5,000Kg chassis cab with the proven Al-Ko twin-axle, six-wheeled chassis conversion. The 840D was our first model to feature the desirable 'island' double bed creating the ultimate in luxury.

Dakota

Exceeding your expectations.

The Dakota provides an inviting permanent fixed rear corner bed with a fully equipped ensuite washroom and separate shower cubicle. Up front a inviting, sociable lounge with swiveling cab seats complimented with "Winchester" soft furnishings create a fantastic atmosphere for entertaining friends and family or just an ideal place to relax and wind-down.

Mohican

Lifting luxury to a completely new level.

For those discerning motorhome owners preferring an inviting lounge with an end washroom and spacious dressing area. The Mohican is the ideal model for you. With a wonderfully luxurious front lounge and fully equipped kitchen is a chefs dream incorporating a separate 150 litre fridge and freezer. At the rear a spacious fully fitted en-suite washroom and separate shower cubicle gives you complete luxury surpassed by none.

Scout

A bench mark for all other motorhomes.

The classic Scout has living and sleeping space for up to six people. A modern fully fitted and equipped kitchen allows you to cook the perfect meal. The feature dining area with elegant LED lighting creates an ideal ambience in which to dine. At the end of the day you can relax in the inviting rear lounge area before retiring to bed.

Delaware

Elegant, Relaxing and Practical
a real 'home from home'.

On entering the vehicle you cannot fail to be impressed with the design of the Delaware. Generous forward lounge area, a fully-fitted 'L' shaped kitchen. Centrally situated is a separate shower room and toilet area with a fold across door for extra privacy. At its rear a large sized island 'walk round' double bed complimented by fully fitted his and hers wardrobes. A large exterior storage area and slide out storage to the off side are just some of the fantastic exterior features.

Chieftain & Chieftain G

Command the attention of others.

The Chieftain, with its permanent double bed, inviting lounge area, fully fitted kitchen and en-suite washroom with separate shower cubicle, offers uncompromised comfort and space. The Chieftain G is adaptable for any event with its generous integral rear storage area ideal for fishing rods, golf clubs, windbreaks, sun loungers, surfboards etc. all stored safely away. The Chieftain range the benchmark in this market sector.

Arapaho

The jewel in Auto-Trails crown.

Completing the Frontier range, the elegant six-wheeled Arapaho offers even more space for gracious living. A generous U-shaped lounge, clearly defined kitchen and dinette all add to the appeal of this fully equipped motorhome, allowing you ample room to spread out and relax in comfort and luxury.

Luxurious granite effect, heat resistant work surfaces.

Lockable cutlery drawer.

Domestic style fridge freezers.

Domestic cookers with 3 x gas and 1 x 230v hob.

Large slide-out underfloor storage lockers within the Frontier ranges.

Thermostatically controlled heating and hot water system.

Full length wardrobes with integral 12v lighting.

Stylish cocktail cabinets and integral storage areas.

Designated cocktail cabinet.

Round table and boom arm fitted to selected models.

Luxury 'Seltz' (S5) flush fit windows fitted with pleated blinds and fly screen.

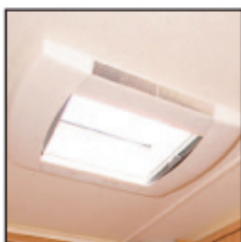

230V Dimmer switched controlled mains mood lighting.

Comprehensive 12v management system.

Map pockets fitted to most models.

Roof light providing added light and ventilation.

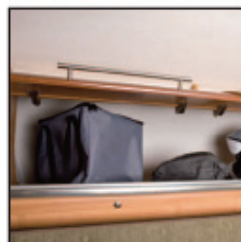

Dual fuel central heating system powered by both gas and electric.

Choice of 'G' models each providing a large, safe and secure storage area.

Rear corner steadies fitted as standard to all Cheyenne and Frontier models.

Low-line overcab lockers with separate table storage.

3 speed roof ventilator to all kitchen areas.

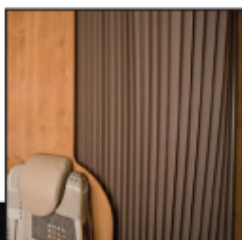

SE pack contains an in-built entertainment system - DVD, CD, MP3 and radio with remote control facility.

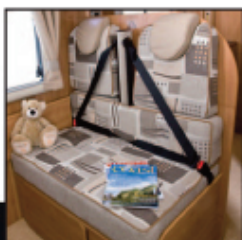

All Auto-Trail models are fitted with a designated crockery cupboard.

Fitted bathroom cabinets.

Concertina doors to segregate Living and Sleeping areas.

Seat belt variations available on most models.

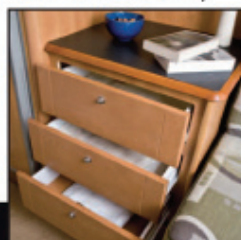

85 Watt Solar Panel fitted as standard on all Frontier models.

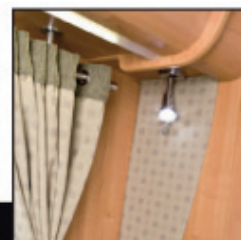

11" or 15" drop down Flat screen TV monitors with Freeview within SE Pack.

Thetford C250 domestic style swivel toilet with pull out cassette.

Domestic style storage drawers, fitted with easy slide runners.

Energy efficient LED lighting.

Fiat Camper Assistance

A new call centre reserved for motorhome drivers is now available. All you have to do is call 00800-3428 1111 and a knowledgeable operator speaking your language will give you comprehensive information on the product and the services offered, and will transfer your call to a specialist technician or to Fiat Camper Assistance, the on-road assistance team for the service of motorhome customers.

You can call from any European country, 24 hours a day, 7 days a week, to get immediate help. The best specialists will assist you in the event of an accident, a breakdown, lack of fuel, loss of keys, partial theft, etc. During vehicle repairs, you can benefit from a replacement vehicle of suitable size and hotel accommodation.

To enable you to resume your journey as soon as possible, the Fiat Camper Assistance call centre remains in direct contact with you and the workshop that is taking care of your vehicle. It can help them order the parts needed so as to ensure that your vehicle is repaired as quickly as possible and you can resume your trip promptly.

The leader in camper sales in every European country, Fiat stands out, for the services it offers you as you travel and the maintenance services it provides for your vehicle. The credit goes to a European network of over 7,400 Fiat Ducato service centres, where you can find fully equipped workshops, specialist personnel, and all the parts you may need for your motorhome.

Warranty Included

Auto-Trail have endeavoured to convey to all our customers all the benefits which are available within the industry. With this in mind we have extended the normal manufacturer's warranty to include cover for major items for an extra period, giving peace of mind for a total of 36 months. Full details are outlined in a policy document. Please contact your official Auto-Trail stockist for further information.
