# E600

Classic exterior styling and luxurious, spacious interiors combine to ensure the new E600 range provides the ultimate in motorhome touring in this market sector. The Fiat 4 tonne Maxi Chassis offers generous payloads for all the holiday essentials and powerful Fiat diesel MultiJet engines with an automatic option provide car like driving qualities. New to all layouts is energy saving LED lighting which contributes to a 70% reduction in lighting power consumption. This prolongs battery life, making it realistic to power the system from a solar panel, for which there is now roof and wiring preparation.

**Awning**  
Full-length recessed awning now comes as standard

**Cab blinds**  
Smart pleated cab blinds provide shade and privacy

**Central locking**  
Remote central locking of cab doors and entrance door

**Optional Elegance pack**  
The optional pack consists of cruise control, cab air-conditioning and a colour reversing camera with image shown on rear view mirror

## E600

Fully equipped kitchens feature new appliances with a built in microwave oven, stainless steel effect electronic ignition fridge, Thetford oven and dual fuel hob. Washrooms are equally well specified with all models featuring a separate fully lined shower area, a wash basin integrated into a useful cupboard unit, the latest Thetford toilet and a thick door with domestic style lock and handle. Other class leading features include seat tops with gas struts for easy access and the dual fuel Truma 'Combi' central heating system which ensures effective heating both en-route and on site.

**LED lights**  
LED lights are long lasting and more energy efficient

**Seat tops**  
Seat tops with gas struts for easy access

High-Line models offer a cleverly-designed, spacious overcab bed which feature gas assisted struts, enabling it to be easily pulled down at night time, and just as simply pushed back up, still fully made up, during the day. When in use, the luton almost becomes a separate bedroom.

Low-Line models have the advantage of a sleeker, more aerodynamic profile. Inside the layout is carefully planned to incorporate comfortable and spacious living and sleeping accommodation without the use of a luton bed. Instead, the luton area is fitted with generous full-width overcab lockers, and a panoramic opening 'skyview' window.

## Notes

- \* For optional roof ladder add 200mm.
- \*\* Gross train weight must not be exceeded. Please consult your dealer for more detailed towing information
- † The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank, water tank and gas capacity.

# Features

## Key features

- Low-line models with 'Skyview' panoramic opening roof window and spacious, automotive style overcab lockers (E630 & E660)
- High-line models with fully moulded luton construction and large, lift-up bed with gas strut assistance (E665 & E695).
- Class-leading performance and economy from Fiat's 130 Multijet diesel engine
- Optional 160 Multijet diesel engine with Comfort-Matic automatic gearbox
- Special wide rear track and rear anti-roll bar
- Heavy duty chassis extensions ready for optional homologated towbar
- Driver and passenger airbag
- Full-length recessed awning
- Remote central locking of cab doors and entrance door
- Mainly LED lighting, saving 70% of full lighting power
- Roof and wiring prepared for solar panel installation
- Radio/CD/MP3 player with iPod/MP3 connection
- Driver and passenger seat fully adjustable and swivelling
- Pleated windscreens and cab side window blinds
- Pleated blinds with flyscreens in accommodation area
- Built-in microwave oven with digital controls
- Smart Energy Selection fridge/freezer (175 litre in E660 & E665, 104 litre in E695, 97 litre in E630)
- Dual fuel Truma combi-boiler with en-route operation
- 'Ultra Comfort' domestic standard fixed bed mattress (E660 & E665)
- Carpet with 45oz pile density
- Spare wheel and tyre on underslung carrier
- Seat tops with gas struts for easy access

## Key options

### Optional Elegance Pack consisting of:

- Cruise Control
- Cab air conditioning
- Colour reversing camera and screen integrated with rear view mirror

### Optional Winter Pack consisting of fresh and waste water tank heaters, waste pipe insulation and winter fridge vent covers

## Additional features

### Chassis-cab

- Fiat Ducato X2/50 Maxi 4.0 tonne chassis (Except E630 3.5 tonne)
- ABS brakes
- EBD (electronic brake force distribution)
- Variable power steering
- Electric operated and tinted cab windows
- Electrically adjusted and heated wing mirrors fitted with direction indicators
- Headlamp height adjustment
- Immobiliser with rolling code
- Driver and passenger seats both with:
  - Swivels
  - Height and rake adjustment
  - Two armrests
  - Full upholstered covers
  - Base surrounds
- Adjustable steering wheel position
- Cab carpet (removable)
- Lockable (Laptop PC size) central storage box
- Door pockets with bottle holders
- Two DIN sockets

### Body and exterior equipment

- Thick gauge one-piece aluminium side-walls finished in gloss white
- One-piece GRP roof supported by 34mm sandwich construction
- Integrated longitudinal roof bars
- 44mm thick sandwich construction floor
- Full GRP rear panel with high level brake light and camera housing
- Gloss white finished front bumper
- Strong extruded aluminium skirts
- Entrance door with pleated, easy action flyscreen, window and wastebin
- Service door for underseat/bed storage

- Fully double glazed opening windows with night-latch ventilation
- LED exterior light
- Compartment for 2 x 7kg gas bottles with fitted butane/propane regulator
- Fixing points for rear-mounted cycle rack

## Living area

- Choice of two soft furnishing schemes
- Swift Group patented 'spaceframe' locker construction
- Heki skylight with flyscreen and adjustable blind
- Mini-Heki skylight with flynet and adjustable blind
- Removable aluminium ladder to the over-cab bed in high-line models
- Moulded over-cab base with storage recesses in high-line models
- Bed mattresses and lounge area seat cushions on beech slats in strong aluminium frame
- Sprung interior seat and backrest cushions
- Scatter cushions
- Seat backrest ventilation boards
- Table with dedicated storage location (additional table in E695)
- TV station with flat-screen TV bracket (two in E660, E665 & E695)
- Removable carpets over woodblock effect vinyl flooring
- Domestic style mortice locks on washroom and wardrobe doors
- Removable stepwell mat
- Entrance doorway grab-handle
- Smoke alarm

## Kitchen

- Removable drainer with dedicated storage
- Food grade nylon chopping board with dedicated storage
- Chrome finish brass pillar tap with long spout
- Silver steel thermostatic oven and separate grill
- Dual fuel hob with 800W electric hotplate and 3 gas burners with electronic ignition and flame failure protection
- Glass hob lid with safety cut-out feature
- Curved kitchen extension containing storage carousel (in E660 & E665)

## Washroom

- Shower cubicle or NEW fully lined shower area
- Lower cupboard with built-in washbasin
- Overhead storage locker
- Thetford C250 cassette toilet with electric flush and larger wheeled waste holding tank
- Chrome finish brass shower and mixer taps
- Skylight with flyscreen

## Heating and plumbing

- En route and on site blown air central heating and hot water provided by Truma 4kW gas and 2kW electric combi-boiler
- Grade 3 classification (EN 1646-1) for heating and thermal insulation (for sub-zero ambient temperatures)
- 90 litre external insulated fresh water tank with level sensor
- Pressurised fresh water system with self-priming pump
- 68 litre waste water tank with level sensor

## Electrical

- Mains 230V supply via ELCB/MCB distribution board to sockets, fridge, microwave oven, combi-boiler and battery charger/transformer
- 25amp charger/transformer for leisure battery
- Five mains 230V sockets
- 12V control panel over doorway with touch controls for:
  - Vehicle/Leisure battery selection
  - Water pump and lighting circuits
  - Tank heaters (if fitted)
  - Tank levels
  - Vehicle and leisure battery state
- 95 amp-hour (Dir 2006/66/EC) leisure battery in underfloor compartment
- Vehicle battery drain protection
- Solar panel connection provision
- TV station with 230V, 12V supply and co-ax link to outside connector
- 25 metre mains hook-up cable
- Power supply for satellite installation
