Lunar Caravans 2010

The Lunar Landscape 2010

Lunar's eagerly awaited 2010 caravan collection is out to impress. With new layouts, extensive increases in specification, and smart design combined with high quality fittings and furnishings and smooth, external styling in a package that is famously MUCH LIGHTER THAN ANY OF OUR RIVALS.

ALL of the 2010 Lunar ranges benefit from upgrades in design and specification that not only enhances the luxury offered by Lunar but also offer practical benefits to the modern day caravanner as well. The 2010 line up consists of 20 models across the Ariva, Quasar, Stellar, Lexon, Clubman and Delta ranges.

All of the Lunar ranges have this season taken inspiration from the home furnishings sector and have been transformed to create a superb stylish and sophisticated feel to all models. Each caravan has been designed to make the best possible use of space to create a light and airy feel still with practical features such as large amounts of 'easy access' storage and work surface space.

In keeping with Lunar's 40 year ethos, all of these features are included at a weight that is up to 15% lighter than the competition.

2010 welcomes the stunning redesign of the hallmark Clubman and Delta range. With completely new styling this ultimate luxury range has been transformed with a soft and elegant colour scheme throughout. A new calming soft 'chestnut' finish to the cabinetry, a mixture of creams, browns and duck egg blues in a variety of sumptuous textures making up the plush soft furnishings scheme and, complimentary bronze fittings and finments throughout, all Clubman and Delta models are perfect for that LUXURY 'home away from home'.

Of course this brochure can only offer you a taste of what Lunar have to offer. With so many great reasons to choose a Lunar it's time you paid a visit to your local approved dealer, or visit our website www.lunarcaravans.com.

With so many models to choose from, WE KNOW THERE'S A SUPERB LIGHTWEIGHT LUNAR CARAVAN THAT'S PERFECT FOR YOU!

Lunar Caravans

Lightweight Luxury from Lunar

Ask any experienced caravanner and they'll tell you that Lunar's are best known for their weight... or rather every Lunar's LACK of it!

In all the years Lunar has led the way, there has been no serious competition to our impressive weight advantage from the ordinary caravan manufacturers. With fuel prices climbing ever higher, when it comes to the filling up at the pump, that's a BIG advantage in your pocket! Our Caravans are as much as 15% Lighter than the Competition!! Lightweight yes – but without compromising on strength, quality, durability, practicality or those great looks.

We're also pleased to announce that our superb caravans have once again been recognised for their exceptional lightweight construction, top specification and sheer quality. The Lunar Ariva has won The Caravan Club Lightweight Leisure Trailer Award for the third consecutive year.

Lightweight yes - but without compromising on strength, quality, durability, practicality OR those great looks.

MRO Information

The stated Mass in Running Order, 'MRO', includes a manufacturer's tolerance that reflects the varying individual weights of component parts. It is anticipated that the stated figure will NEVER be exceeded in the standard ex-works specification.

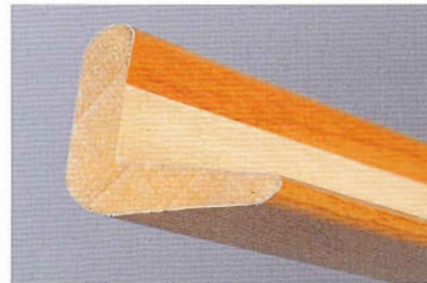

Award Winning Ariva

Lunar Ariva has won the prestigious Caravan Club Lightweight Leisure Trailer Award for the past 3 years 2007, 2008 & 2009.

Ariva - Award winning lightweight luxury

Lightweight Sink-Drainer Unit
Lightweight Obeche Wood

Up to 15% lighter than the Competition !

Why ?

- Greater fuel economy
- Easier manoeuvrability
- Reduced carbon footprint
- Option to use a wider range of towing vehicle

How ?

- 40 years of experience building lightweight caravans
- We utilise only lightest & strongest materials & pay meticulous attention to the smallest detail to save weight
- Collaboration with suppliers to develop lightweight components

2010 Ariva / Quasar

The Ariva / Quasar range offers great value, lightweight touring caravans for families of all sizes. With eight layouts to choose from these popular models are primarily family orientated caravans offering good specification tailored to match the needs of everyday touring with a great choice of layouts ranging from 2 to 6 berths.

Following the same specification and styling as Quasar, the Multi Award Winning Lunar Ariva is a unique and popular caravan. Narrower and lighter than any of its rivals, the Ariva offers exceptional luxury in a truly compact package. With a spacious feel for two, an easy to handle, lightweight body all with an MTPLM under 1000KG! The Ariva is also the Winner of the 2007, 2008 and 2009 Caravan Club Lightweight Leisure Trailer Awards for a 'Conventional Caravan Under 1001kg'.

Along with innovative layouts and additional specification the Ariva / Quasar range has been carefully styled to offer comfort and practicality to families wanting a fresh and airy appeal in their caravan. The locker doors with silver banding tie in perfectly with the silver handles, lighting, fridge and other kitchen equipment.

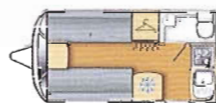

With an attractive price tag, the Quasar also offers numerous quality features that are normally associated with premium model ranges, such as a Thetford C250 swivel toilet, 112 litre electronic fridge, microwave, radio/CD player, multi-directional TV aerial and an AKS stabiliser.

Highlights for 2010 include new stylish graphics, new ceiling and wallboard and 'Cavalon' soft furnishing scheme creating a charming yet practical appeal to the interiors.

As always the focus with the Quasar range is to offer more features, more value, more luxury and LESS weight! Whether Single or Twin Axle, the low towing weights enable Quasars to be towed comfortably by most typical family cars.

2010 Stellar / Lexon

Offering an elegant yet relaxed style with a high specification the hugely popular Lexon range has immense appeal. The Stellar / Lexon range comprises of six models, four on a single axle and two on twin axles. The Lunar Stellar sits alongside the Lexon range with the same styling and specification but with a completely unique layout and size. All have a wide body shell with industry leading width and deliver exceptional style and comfort together with a great specification and ALL the space you need to relax.

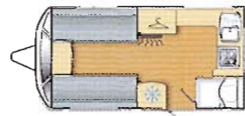

The Lexon range consists of largely luxury fixed bed models ideal for couples that appreciate space and luxury combined with Lunar's legendary lightweight construction. In addition to the traditional fixed bed options, NEW for 2010 is the Lexon TL, a large 6-berth, twin axle, twin lounge layout perfect for families wanting that extra luxury the Lexon range offers over other typical 6-berth models. The Stellar also has a wide body shell but is just 5.765m long and has a distinctive, large L-shaped kitchen to the rear.

2010 offers even more great style, quality, value and specification. The interiors have been re-styled with a light 'Chestnut' finish to the cabinetry, new sophisticated upholstery scheme, stone effect worktops and new wall coverings all creating a modern, fresh and airy appeal. The exterior has also been updated with stylish new graphics, a new exterior door with long window, heavy duty door handle and lock.

Once again the weights of these ranges are the lowest in their class of caravan!

2010 Clubman / Delta

Undisputed design classics, the single axle Clubman and twin axle Delta ranges represent the pinnacle of modern luxury caravan styling. These superb ranges, offering a choice of four Clubman models and two Delta models, all set the benchmark in luxurious touring caravan quality and design.

With six models to choose from, and layouts offering large fixed double beds to spacious end washrooms, there is a model to suit every caravanner looking for the ultimate in touring luxury. All models offer a spacious layout with an industry leading headroom of 1960mm (6'5").

The interior of the Clubman and Delta has been transformed for 2010. With opulent soft furnishings consisting of luxury fabrics and textures all in a contemporary beige and duck egg blues colour scheme. These are complimented by a new 'Chestnut' finish to the cabinetry, colour matched worktops, wallboard and kitchen appliances all with a warm bronze finish. The sheer attention to detail on the interior design creates the ultimate feeling of caravan indulgence. On the outside, new sharp graphics, stainless steel grab handles to the front and rear and stylish light clusters and high level break lights create striking exteriors.

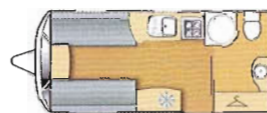

2010 specification highlights include; Alde central heating to all models, Phantom tracker with 1 year's subscription, heated towel rail, low voltage, cool touch LED lights, 180L large capacity fridge/freezer (Delta models only), shock absorbers to all wheels and satellite TV connection point.

Brand new for the 2010 season is the Clubman SE. Following the popularity of the Lexon SE at the launch of the model in early 2009 the Clubman SE has been developed to offer a layout with both a fixed bed and spacious end-washroom all on a single axle with all of the stylish features and highest specification of the Clubman and Delta range.

With all this luxury you would be concerned about the weight! However, as with all Lunar Caravans the Clubman and Delta range still have weights that are up to 15% lower than the competition.

Leather Option
(curtains/scatter cushions match the range standard fabric)

Soft Furnishing Combination Options

Lunar have carefully selected the standard soft furnishings to look great in each model range. However for a small charge (and subject to availability) you may choose any soft furnishing combination from the 2010 range for your caravan. In addition to this there is a luxurious Leather option available on selected models.

Special L Shaped Layout Option

A popular choice amongst caravanners who like to relax in real comfort, Lunar's L shaped layout option offers a spacious seating area at the front of the caravan that can be converted into a large front double bed. In addition this layout provides a long offside picture window and a neat floor cabinet - ideal for parking the TV on when you want to put your feet up! The L shaped layout option is available as a special order (at an additional charge) on selected models.

40 Years of Excellence

Lunar have recently celebrated their 40th season of being THE leaders in lightweight touring technology.

Lunar was established in 1969 by co-founders Brian Talbot and Ken Wilcock, both of whom worked as joiners for Knowsley Caravans, before setting up Lunar.

In 1969, Inspired by the moon landing mission Brian Talbot and Ken Wilcock chose 'Lunar' as the name of their caravan manufacturing business. Initially based at Earnshaw Bridge, Farington, near Preston, Lunar then moved to a former mill site in Lostock Hall.

In 1971 Brian and Ken renovated the Lostock Hall site using their own joinery and building skills to incorporate a storage area and manufacturing plant and in 1975 Lunar ventured into the static caravan home and later into the motorhome market to complement its touring caravan range.

In 2000 Lunar was purchased from Brian Talbot and Ken Wilcock by the Tirus Group who already had a number of Caravan and Manufacturing plants in Europe and it remained under this ownership until November 2007 when a management buyout secured the company's return to British ownership.

Now freed from its European shackles Lunar has already invested in new facilities and looks forward to many more years of successful manufacturing.

Pictured below, the first Lunar Caravan ever built in June 1969.

Warranty

Lunar's are famously well built and reliable, but for total peace of mind ALL Lunar Caravans are supplied with:

- A 6 year body shell integrity warranty
- A 3 year manufacturers backed warranty (specific exclusions apply).
(Subject to an annual service and inspection and excluding items subject to normal wear and tear).

Each Lunar model has been certified by the NATIONAL CARAVAN COUNCIL for compliance with stringent European Standards, British Standards AND the industry set Codes of Practice that specifically relate to health and safety issues.

The approvals process covers the testing and inspection of all critical areas of the product from fire safety, weights and dimensions through to gas, electrics and ventilation. In order to ensure Lunar's continuing compliance with their stringent standards, the NCC also carry out unannounced spot inspections at the company's Preston factory.

Every caravan carries the 'NCC Approved Caravan' badge that gives you the peace of mind in the knowledge that your caravan is both fully legal AND safe.

The Lunar Owner's Club

When you choose Lunar you have a great, exclusive opportunity to join the growing band of enthusiasts that enjoy all the special benefits of being a Lunar Owner's Club member. As an Owner's Club member you will receive regular information-packed newsletters with all the latest news on forthcoming events, letters from fellow members and the inside track on the new developments from Lunar Caravans themselves.

Every member is welcome at the Club's numerous exclusive rallies across the UK, you'll meet a host of new friends who share a common interest in enjoying caravanning in a Lunar. These seasoned veterans can also offer a wealth of knowledge and expertise to help you enjoy lightweight touring at its VERY BEST.
