Issued October 2009

Available through Swift and Bessacarr Motorhome dealers.

As much at home on the high street as on holiday, the Mondial range from the Swift Group is a stylish van conversion available in three spacious layouts.

Striking exteriors are now a subtle metallic blue/grey with automotive style graphics and inside the warm beige tones of the 'Calios' fabric have been teamed with a rich walnut woodgrain with mahogany inserts, new style lockers with better storage and energy saving LED lighting.

Joining the Mondial GT and RL is a completely new model the Mondial FB which adopts the most popular of coachbuilt motorhome layouts with a rear longitudinal fixed bed.

All models are built on a long wheel base chassis which gives plenty of room inside for flexible seating and sleeping along with a good size washroom and well equipped kitchen.

An optional Driver's pack and engine upgrade can be specified on all models.
