## 2010

*Your next stage in the art of travelling*

What brings us closer to the great adventurers such as Marco POLO or Christopher COLUMBUS ? More than a simple desire to travel, it is the image we hold of the world.

This idea incites our curiosity and unconsciously « dictates » our trips.

Since the discovery of America up to the present day, the world has shrunk in some ways. The impression is that it is "small" and within reach. Suddenly, travel has become democratized and a genuine consumer item.

Paradoxically, whereas "going on a trip" becomes within everyone's reach, particularly because of "all inclusive" package deals, "real travelling" seems to become "inaccessible".

This phenomenon has developed to such an extent that certain anthropologists such as Marc AUGÉ think that travel now leaves little if no more room at all to surprise tourists, to the extent that he qualifies as an « impossible voyage » « one that we will no longer make, one that could have made us discover new landscapes and other peoples ».

Only you, as "nomadic ramblers", escape from this rule. Being a motor home owner is being able to choose a route that no group of holidaymakers will take, to stop in a town not mentioned in any tourist guide, and to meet people outside any organisation... It is being at the root of things, thus rightly and truly being capable of braving the "impossible voyage".

Because this quest for "impossible" voyages must persist, RAPIDO has been at your side for 50 years, providing levels of equipment and comfort far and above the standard and conventional.

RAPIDO'S reputation is based on genuine know-how, attention to detail, the quality of its finishes, genuine ease of use with clever storage spaces, unparalleled warmth and brightness and the sophistication of its materials, particularly with the use of solid maple.

To help you make your choice, RAPIDO this year is offering 6 ways to access its range: its 6 series. From these and their different layouts, you cannot fail to find THE motor home that suits you.

Excellent trips !

# RAPIDO, more than ever

At a time when distinguishing marks are being erased on a blossoming motor home market, RAPIDO presents, more than ever, the virtues of a reliable, well-known brand, engaged in a continuous quality improvement process, the symbol of a certain style of living in the French manner. A warm ambience, attention to detail: our values have not changed, they are measured by

the exceptional degree of loyalty between RAPIDO and its customers. Almost half our customers are on their second or third RAPIDO. Highly sought-after, the RAPIDO brand also makes its mark on the second-hand market. Demand for it is high; the resale value of a RAPIDO is higher than that of many other models. Isn't this the best indication of quality?

## DISCOVER THE RAPIDO LEGEND

With the Serie 9, you are now entering the "big boys" playground...A-Class motor homes. And yet, although each has 4 permanent berths, none of the models is longer than 7.20m. You can therefore combine comfort and compactness. As for storage space, the living area boasts the exclusive RAPIDO underfloor storage (RAPIDO innovation), which provides space very similar to that in a double floor model. Lastly, with their FIAT carriers and extended rear track, the 4 models in the series provide excellent road holding.

## THE COMFORT OF RAPIDO UPHOLSTERY

RAPIDO pays particular attention to the quality of the upholstery. Conscious of the fact that a lot of time is spent sitting in a motor home, RAPIDO designs high quality upholstery. The choice of the foams and textiles determines the level of comfort; both are rigorously selected and tested. In your motor home, hours pass but comfort remains.

### SEATING COMFORT

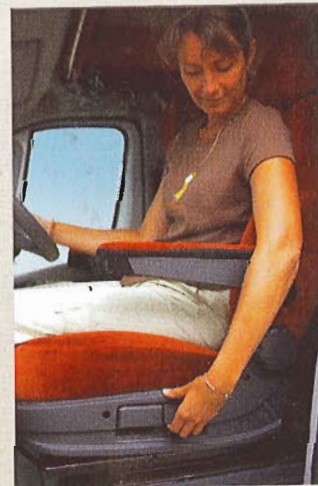

The living room upholstery covers are lined with a padded material that improves seating comfort.

### HARMONY

The original seats are fitted with covers in the same patterns and colours as the living room.

### DRIVING COMFORT

\*TEP: Polyamide-coated fabric

All the Fiat models are fitted with special motor home seats. In addition to their great comfort, they also adopt the ideal position (adjustable height and inclination for the back and the seat).
