

AUTOTRAIL

THE LATEST COLLECTION

www.auto-trail.co.uk

WELCOME

to our growing family

Many of life's greatest pleasures come along a little later in your journey - the two-seater sports car you first promised yourself in your twenties, the pride and joy of an expanding family and that first foreign tour in your new motorhome.

Whether it's a short hop across the Channel for lunch in Le Touquet, or a full-scale grand tour of the entire continent, Auto-Trail has a motorhome that will meet your needs.

Auto-Trail's family has grown this season, with a new generation of lively newcomers joining an established stable of distinctively British motorhomes.

So this year, whatever your aspirations or budget, you can be sure of finding an Auto-Trail that matches your lifestyle.

The fundamental values which underpin everything we do remain unchanged - Auto-Trail motorhomes will always be distinctively British by design - but by constantly listening to our clients, we know their needs are subtly changing.

This continuing dialogue has inspired us to incorporate new models, new thinking and additional value into the extended range.

This season, the highly successful Excel range becomes fully integrated into the Auto-Trail line-up and there is a luxurious new addition to our flagship Frontier range.

You won't find many gimmicks or gizmos in the latest collection, but under that deliberately understated exterior, each and every Auto-Trail model bristles with the latest automotive technology.

All Auto-Trail motorhomes are built at our state-of-the-art factory in Grimsby by a skilled and dedicated workforce and are fully compliant with the internationally recognised ISO9001:2008 standard.

We build on the best-selling Fiat platform - designed specifically with the motorhome market in mind - with selective use of market-leading AL-KO chassis technology and a range of refined Multijet engines ranging from the 100bhp to 160bhp power output with manual or automatic transmission.

Many of our models have a choice of Hi-line, Lo-line or Super Lo-line body styles offering additional sleeping accommodation for extra flexibility or sleek good looks for travelling in style.

Meet the growing Auto-Trail family at your local retailer who will be delighted to demonstrate the features that make Auto-Trails distinctively different.

EXCEL RANGE

Pedigree quality with a contemporary twist

An award winning range of attractive and sleek lo-line motorhomes for the aspiring traveller.

The agile, compact Excel family of motorhomes brings Auto-Trail ownership within reach of more people than ever before. These attractive low-profile motorhomes share their lineage with their more established stablemates and have the unmistakable Auto-Trail pedigree plus a few contemporary twists at prices that may surprise you.

Auto-Trail has created an entry level range that feels anything but basic. In fact, the only thing we've compromised on is the price.

EXCEL MODEL

Pedigree quality with a contemporary twist

EXCEL 590

Pedigree quality with a contemporary twist

THE 2011 EXCEL 590

Fiat Ducato 33, 100 bhp manual as standard. Award winning motorhome, designed with a busy lifestyle in mind. Inviting front lounge, that easily transforms into a spacious double bed. A dedicated washroom and rear kitchen area complete the layout for this award winning motorhome.

TRACKER RANGE

The tried and tested choice you can use every day

Small, but perfectly formed, the Tracker is one of our best-loved models because it meets most of the motorhomer's fundamental needs in a compact package. The Tracker EKS is the product of years of development borne out of hundreds of conversations with our customers to establish exactly what they need in a motorhome.

The outcome is a motorhome which is big enough for a couple to embark upon an extended holiday in Europe, yet small enough to use on a day-to-day basis.

Equally comfortable on a continental highway or exploring the UK, the Tracker has everything you'll need in a motorhome.

Inside the styling and décor shares the same values of our larger models, with a roomy lounge, outstanding end kitchen and well-appointed washroom complete with separate shower.

The most recent raft of improvements to the Tracker include a reworked bodyshell, significantly larger habitation area, separate shower and a new coach-style parallel lift side locker.

With such comprehensive accommodation available in such a compact package, it's not surprising that the Tracker continues to be one of our most popular models.

TRACKER RANGE

The tried and tested choice you can use every day

TRACKER EKS

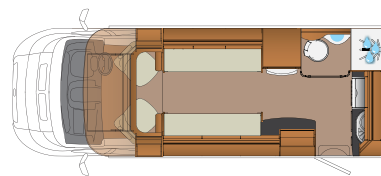

The tried and tested choice you can use every day

THE 2011 TRACKER EKS

Fiat Ducato 35, 130 bhp manual as standard (157 bhp manual/Auto cost optional). Two long settees provide a flexible choice between two 6' single beds or a sumptuous king size double. The rear corner washroom with a separate shower cubicle and a spacious kitchen to the rear with full size oven, grill and dual fuel hob.

APACHE RANGE

For life's adventures

For well-equipped, distinctively British motorhomes, look no further than Auto-Trail's Apache range. With a choice of three practical layouts, these beautifully built motorhomes will appeal to both couples and families looking for the perfect base for exploring the UK and further afield.

Standard specification includes many items found only on the options list of many rivals, yet the Apache range's keen pricing may give you a pleasant surprise.

All models except the Apache 634 are available as Hi-line, Lo-line or the all new Super Lo-line at no extra cost and use exactly the same state-of-the-art production techniques as our flagship Frontier range.

The latest Apache models benefit from a more spacious habitation section, new control panel with colour screen and a new range of desirable optional upgrade packs.

APACHE RANGE

For life's adventures

APACHE 632

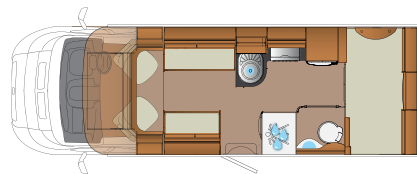

For life adventures

THE 2011 APACHE 632

Fiat Ducato 35, 130 bhp manual as standard (157 bhp manual/Auto cost optional). A fixed rear bed layout, incorporating generous storage below, with separate shower, fully specified kitchen and inviting front lounge all within 6.95m, making it the ideal long distance cruiser.

Max Gross Weight:	4005kg
Designated Travelling Seats: (Extra 2 Optional)	4
Sleeps upto (Lo/Hi):	4/6

FRONTIER RANGE

Classic British Luxury

Auto-Trail's flagship range represents the pinnacle of British luxury motorhome design.

With a pedigree extending back more than 25 years, our Frontier range has constantly evolved and improved over time. In short, everything we've learned about motorhome production over more than a quarter of a century is evident in this comprehensive range of luxury leisure vehicles.

With the introduction of the luxurious new end washroom Dakota, this extensive line-up of beautifully made and comprehensively equipped motorhomes offers a layout to meet all needs plus unrivalled quality and comfort across the board.

Instantly recognisable as an Auto-Trail on the road or on the pitch, few modern motorhomes have the presence of the Frontier range. All ten layouts are available in Hi-line, Lo-line and Super Lo-line configuration on a range of powerful and well-specified Fiat Ducato base vehicles.

All cabs come complete with electric windows and mirrors, air conditioning, driver and passenger airbags and central locking. A recessed awning, alloy wheels and an 85-watt solar panel are all fitted as standard.

Redesigned L-shaped kitchens with a standard microwave and 190-litre fridge freezer on most models are just a few of the refinements recently introduced to the Frontier range. The habitation offers a similarly high level of standard specification, with hand-crafted cabinetry, choice of distinctive designer fabrics and high quality soft furnishings.

No compromises have been made in the manufacture of the Frontier range, which is built to stand the test of time and the rigours of long distance touring over extended periods with domestic levels of comfort.

For those who have earned the right to own one of these exclusive vehicles, Auto-Trail's Frontier range marks the achievement of the ultimate touring aspiration.

FRONTIER MODEL
Classic British Luxury

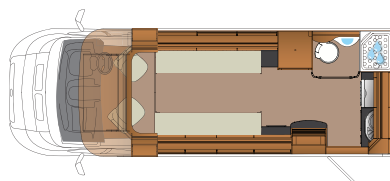

THE 2011 FRONTIER NAVAJO

SEAT BELT GUIDELINES				
Situation	Front Seat	Rear Seat	Responsibility	
 DESIGNATED TRAVELLING SEATS	Driver	Seat belt must be worn if fitted.	-	Driver.
	Child under 3 years of age	Correct child restraint must be used.	Correct child restraint must be used.	Driver.
	Child from 3rd Birthday up to 135cms in height (or 12th Birthday whichever they reach first).	Correct child restraint must be used.	Correct child restraint must be used where seat belts are fitted. Must use adult belt in rear seat if correct child restraint is not available.	Driver.
	Child 12 or 13 years of age, or over 135cms in height.	Seat belt must be worn if fitted.	Seat belt must be worn if fitted.	Driver.
	Adult passengers.	Seat belt must be worn if fitted.	Seat belt must be worn if fitted.	Passenger.

In the Beginning

Seatbelts have been fitted to the front seats of motorhomes since legislation was first introduced making their use mandatory, these must be worn when the vehicle is in motion.

The Law

The law relating to the use of seatbelts in the back of motorhomes is more complicated, but the trend is towards the introduction and use of designated forward-facing travel seats with three-point seatbelts. Rear-facing seats with belts also meet the latest legislation.

Further Changes

Further changes to the law look likely in the future, when travelling in the rear of motorhomes without designated travel seats may become illegal.

Our Changes

Auto-Trail has introduced a number of alternative layouts which comply with these regulations to most of its models, giving reassurance to you and your family.

Our Seat belt Logo

Look for the logo to establish whether this option is available on your choice of model.

This logo indicates that this particular model is available with an optional layout incorporating three-point inertia reel seatbelts allowing at least two extra designated travelling seats. In some cases, you may specify two belts to rear facing seating (with fully padded back and neck restraints) allowing up to six people (including the driver) to travel in comfort, safety and within the law.

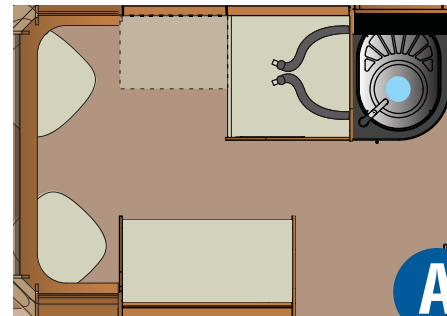

Look for the label

These seats should be clearly marked with a label indicating that they are travel seats to be used when the motorhome is in motion.

New European legislation (EU Directive 2005/39/EC) states that to travel in a sideways-facing seat with a seatbelt is unsafe, and from 2007, new vehicles fitted with sideways facing designated travelling seats would not be registered.

A choice of factory fitted layouts and seat belt variations for your comfort and safety

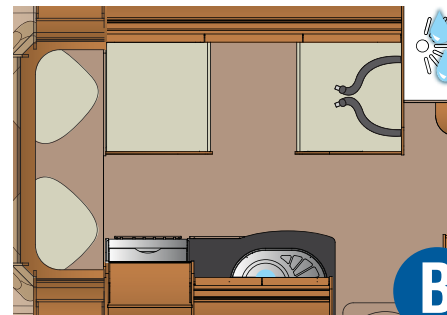

Half Dinette (HD)

A double forward-facing seat fitted with two three-point seat belts which easily converts into a transverse double bed by joining together the near side bench seat and the travelling seat.

Available on:

- ✓ Excel 600 (L shape N/A)
- ✓ Excel 640 (L shape N/A)
- ✓ Mohawk
- ✓ Cherokee
- ✓ Savannah
- ✓ Dakota
- ✓ Delaware

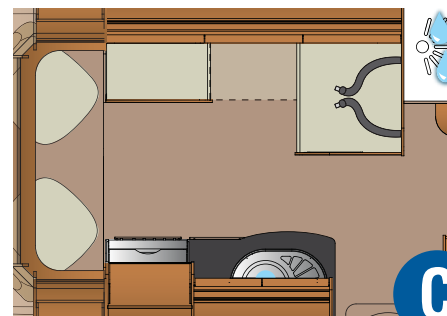

Double Dinette (DD)

A double forward-facing and rear facing seat can be fitted. The forward facing seat is fitted with two three-point seat belts. The rear facing seat can be specified with rear 2 x rear facing belts.

Available on:

- ✓ Apache 700 (standard)
- ✓ Scout (standard)
- ✓ Arapaho (standard)
- ✓ Comanche
- ✓ Chieftain

Lounge Dinette (LD)

During the day the lounge dinette offers a full L-shaped lounge dinette which quickly converts into a travelling seat fitted with two three-point seat belts by removing the centre cushion.

Available on:

- ✓ Apache 700
- ✓ Scout
- ✓ Comanche
- ✓ Arapaho
- ✓ Chieftain

Please note: All seat belt variations are available as a cost option. Please refer to the Technical Specification pages for further information and compatibility.

Before you sign on the dotted line, ask if your next motorhome has the following features...

✔ **Craftsman quality furniture**

All Auto-Trail furniture is fabricated using 12mm or 15mm solid plywood creating a robust interior with a durable finish and good insulation.

✔ **High-gloss GRP sidewalls**

Auto-Trail motorhomes are tough enough to resist the scuffs and scratches of regular use thanks to a 1.7mm external polyester skin.

✔ **Hi, Lo or Super Lo-line options**

Tracker, Apache and Frontier ranges are available in three body styles which offer increased sleeping accommodation, additional storage or sleek low profile. (Super Lo-line not available on Apache 634)

✔ **Cruise Control**

Tracker, Apache and Frontier ranges benefit from cruise control as standard, taking some of the stress out of long motorway journeys.

✔ **Twin axle choices**

The Auto-Trail range offers a choice of three Twin-axle models for the ultimate in mobile luxury.

✔ **Dual fuel hot water and heating**

Our heating systems will run off the mains on site or off gas when you're off the beaten track.

✔ **Solar panels**

All Frontier models benefit from an 85-watt solar panel to boost battery life and increase your independence. Excel, Tracker and Apache models available as a cost option.

✔ **Reinforced floors**

All Auto-Trail motorhomes have an impervious lining under the floor.

✔ **External lockers**

All Frontier models have large underfloor lockers accessed by parallel lift doors in the side skirts.

✔ **Luxury Poly-Vision windows**

All models benefit from quality aluminium framed windows with pleated blinds and integrated pleated flyscreens.

✔ **Acer wood grain wallboards**

Inner walls are lined with Acer effect panelling for an exclusive look.

✔ **Alternative layouts**

Most Auto-Trail vehicles are available with optional family friendly lounge layouts.

✔ **Secure internal storage**

The 'G' derivatives in the Excel 640, Apache 632, Mohawk and Chieftain ranges offer large, lockable storage areas to store scooters, jetskis, furniture or whatever else complements our customers' lifestyle.

✔ **Cab air conditioning**

Standard across the entire Tracker, Apache and Frontier ranges and optional on the Excel range.

✔ **Directional TV aerial and booster**

The latest Status 530 is designed to maximise signal strength in even the most remote areas.

✔ **Exterior gas BBQ point**

A quick and convenient way to enjoy dining alfresco.

✔ **Dimmable LED lighting**

Lets you vary the mood for a lively dinner with friends or a quiet night in for two.

✔ **Fully enclosed shower cubicles**

Auto-Trail washrooms have separate wet and dry areas with the former lined with seamless ABS.

✔ **Driver and passenger airbags**

Dual airbags are standard across all Auto-Trail ranges.

✔ **Spare wheel**

All Tracker, Apache and Frontiers come complete with a full size spare wheel as standard.

✔ **Cushioned floors**

Every model is fitted with cushioned vinyl flooring throughout with a complete set of loose-lay bound-edge carpets for the ultimate in comfort and durability.

✔ **Seitz rooflights**

All front lounge areas benefit from the latest wind-up Heki rooflight for more light and additional ventilation.

✔ **External Shower**

All Frontier models have an external shower fitted as standard.

Luxury upgrades available for the Tracker, Apache and Frontier ranges

There are two new packs available for the Tracker, Apache and Frontier ranges - Platinum and Media allowing you to personalise your motorhome with a silver cab, 15" drop down colour TV, reversing camera and more.

MEDIA PACK

- ✓ 15" Drop down colour TV monitor
- ✓ Built in entertainment system featuring:

In our continuing quest to improve customer service, the Auto-Trail Aftercare Centre and Auto-Trail Online have been launched.

AUTO-TRAIL AFTERCARE CENTRE

In our continuing quest to improve customer service, the Auto-Trail Aftercare Centre was launched last year (February 2009).

This dedicated repair centre and National Caravan Council-approved Workshop is fully equipped to deal with any level of repairs or technical issues with the interior or exterior of your vehicle.

A team of highly skilled and experienced Auto-Trail technicians is ready to carry out a wide range of services for your vehicle including:

-  annual habitation service.
-  major accident damage and repair work.
-  fibreglass damage repairs and full panel replacements.

Please contact us to arrange a suitable time for your vehicle to be attended to.

Call us on: **01472 571000**

Mon. – Thurs.: 8am – 5pm

Fri.: 8am – 1pm

AUTO-TRAIL ONLINE

This is an exciting new way to access our range of Auto-Trail spare parts and leisure products, which is now available to buy online 24/7 from the comfort of your home!

Customers can conveniently purchase our products at a time that suits them and be assured their order will be promptly selected and dispatched.

The range on offer at the moment is just a small sample of the thousands of parts that we use in our production vehicles or recommend for your leisure use, but we will be expanding the product range available to you over the coming months, so keep watching for updates.

If you require spares for your existing vehicle that are not covered in our online shop, please contact our Aftersales department by following the link on our website: www.auto-trail.co.uk or by telephone on: **01472 571000**

Join the Auto-Trail Owners Club... and in no time at all you'll feel like part of the family

A warm welcome to all our members old and new and also to all visitors to our website.

The Auto-Trail Owners' Club has been in existence since 1993 and some members have been with us from the beginning. At the end of 2009 we had nearly 1300 members.

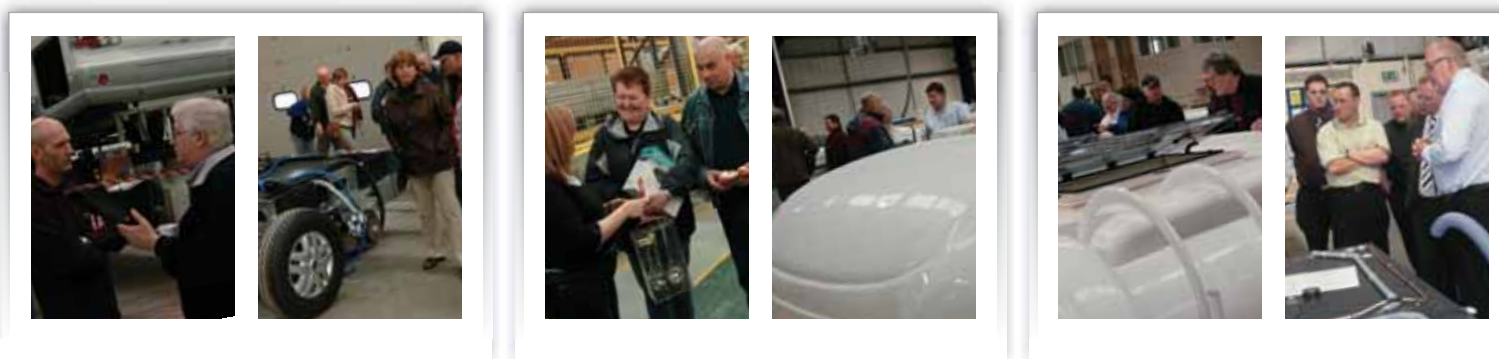

All Auto-Trail owners can apply for membership of the club. Whether your motorhome is brand new or a much-loved elderly model, you will be assured of a friendly welcome.

This year we are holding over 60 rallies, including the very popular Auto-Trail Factory Rally, which was attended last year by over 170 motorhomes. It is an excellent chance to pick up accessories, see how the vans are made and enjoy the hospitality, which usually includes entertainment, a tombola and a superb hog roast.

The club also rallies at most of the shows run by Stone Leisure (MHM) and the Warners Group (MMM).

If you have never rallied with us before or, for that matter, never rallied at all, why not come along to one and see for yourself what a marvellous time we have? Our members have made many long-lasting friendships over the years.

“Take a look at our Photo Gallery at www.atoc.info and if you like the look of us why not join us?”

Detailing which makes all the difference

They may appear broadly similar, but not all motorhomes are born equal, and it's the attention to detail which separates Auto-Trail from its competitors.

This is borne out of more than 25 years of experience in building luxury motorhomes that are designed to stand the test of time and we're proud to see so many of our products still on the road and continuing to give their owners years of happy memories.

Constantly listening to feedback from our loyal customers together with a process of continuous refinement and improvement ensures our products incorporate the best design, functionality and user-friendliness.

And it doesn't matter whether you choose the fleet-footed Excel or the imposing Chieftain, you'll find the same obsessive attention to detail and quality hard-wired into the DNA of every Auto-Trail motorhome.

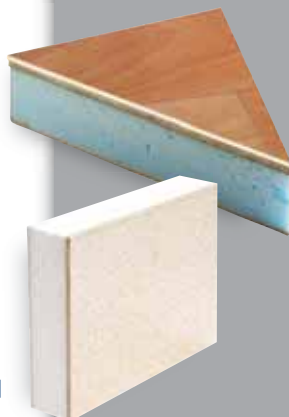

The choice is yours

Every Auto-Trail features understated, elegant fully lined interiors with carefully crafted cabinetry and high quality soft furnishings, but there's also the option to stamp your own style on the more upmarket ranges.

Our Excel, Tracker, Apache and Frontier ranges all have a choice of alternative interior finishes featuring attractive designer fabrics and high quality materials – including a leather option on fixed bed models.

In addition to the choice of Hi, Lo or Super Lo-line body styles and the option to upgrade to more powerful engines, our prestige line-up also have a comprehensive list of options and enhancement packs available.

Industry leading floor and wall insulation:

All road facing floor areas incorporate a vinyl protected surface.

Warm as toast

All Auto-Trail motorhomes have 40mm of insulation in the sidewalls and 45mm of insulation in the roof and floor for superb thermal performance in winter and summer.

Designer fabrics

Stylish alternative fabrics can be specified including leather on certain models.

Create the mood

Our energy-efficient LED lighting is also dimmable – perfect for cosy evenings in front of a classic movie.

Light fantastic

Energy-efficient lighting is standard throughout all ranges and can be easily connected to a solar panel for increased self-sufficiency.

Quality materials

Carpets, curtains, upholstery and flooring are of the highest quality.

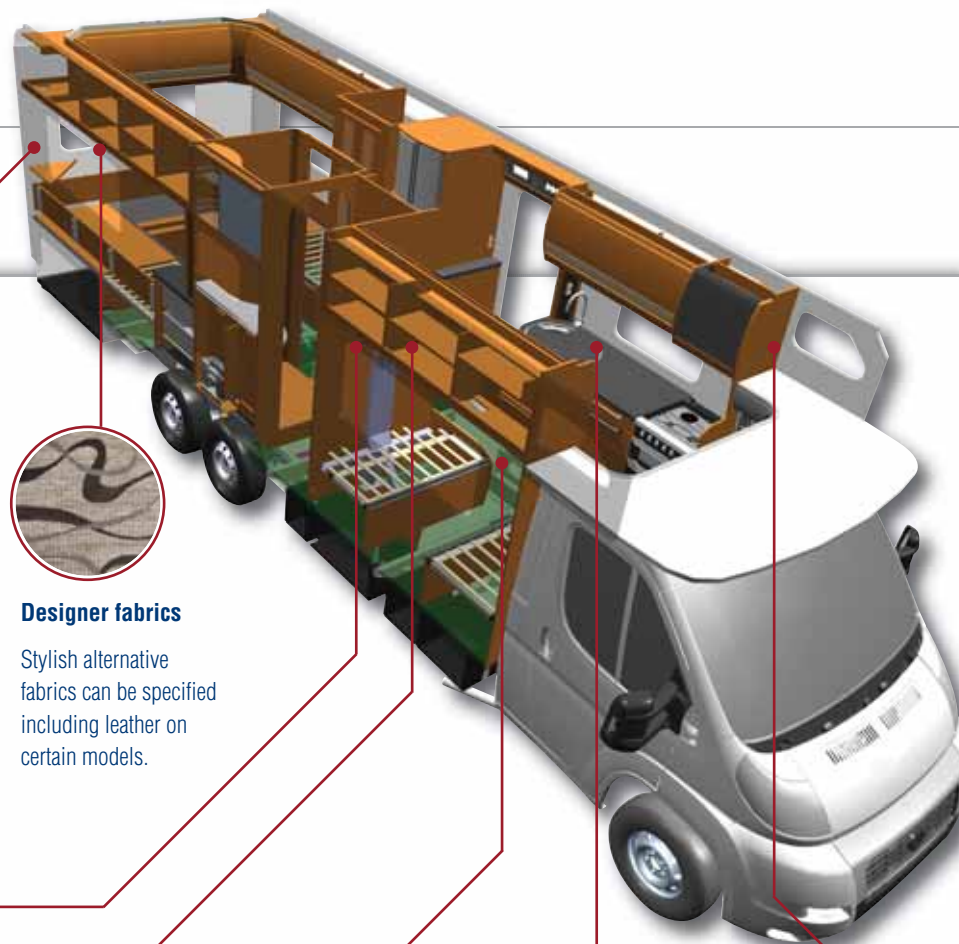

Culinary masterpiece

Stylish black granite effect work surfaces and domestic-quality appliances make on-board dining a pure pleasure.

Craftsman finish

Our cabinetry has a traditional feel and is finished to the highest standards.

Fiat's latest Ducato platform was designed with the motorhome market in mind from the outset.

The chassis was specially developed to meet the exacting needs of motorhome manufacturers with a number of special features engineered in following extensive consultations with Europe's biggest converters.

The result of this collaboration is a dedicated 'Camper' chassis which has a wider track and lower ground clearance with additional stiffness and a special suspension set-up.

On the road, that translates into reassuringly sure-footed handling, a refined ride, and an extremely car-like driving experience.

Roomy cab with good headroom facilitates easy access into habitation.

Seats available on Fiat type-approved pivoting bases.

A choice of three clean, smooth and frugal multijet engines: 100, 130 and 160 bhp.

Gear ratios on 130bhp engine developed specifically for motorhome driving demands.

Wider track and lower ground clearance improves ride, handling and stability.

ENGINE OPTIONS

The 130 Multijet has been specifically designed for exclusive use on motorhomes.

As well as the standard 6-speed manual transmissions, the Multijet 160 engine is also available with Fiat's 'Comfortmatic' automatic gearbox.

MULTIJET 100 AT A GLANCE

Engine Size:	2198cc
Max Power Output:	100 bhp @ 2900rpm
Peak Torque:	250 Nm @ 1500-2700rpm
Gearbox:	5-speed
Euro 4:	Compliant
'Comfortmatic' Gearbox:	N/A

MULTIJET 130 AT A GLANCE

Engine Size:	2287cc
Max Power Output:	130 bhp @ 3600rpm
Peak Torque:	320 Nm @ 2000-3000rpm
Gearbox:	6-speed
Euro 4:	Compliant
'Comfortmatic' Gearbox:	N/A

MULTIJET 160 AT A GLANCE

Engine Size:	2999cc
Max Power Output:	157 bhp @ 3600rpm
Peak torque:	400 Nm @ 1700-2500rpm
Gearbox:	6-speed
Euro 4:	Compliant
'Comfortmatic' Gearbox:	Cost Option

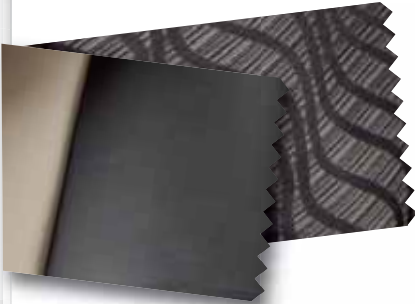

Our interiors have been transformed with many new designs, all complemented with new ranges of luxury soft furnishings.

EXCEL: Evesham Fabric Range

EXCEL: York Leather Range
(Cost Option)

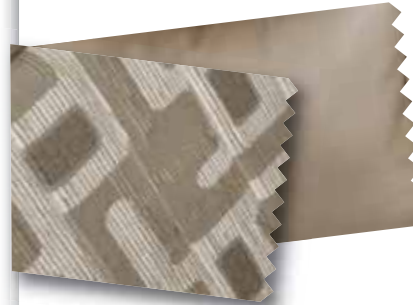

TRACKER: Ashbourne Fabric Range

ALL MODELS:
Fitted with bound edged loose laid carpets.

APACHE: Tiverton Fabric Range

ALL MODELS:
Fitted with hardwearing vinyl cushioned flooring.

FRONTIER: Finsbury Fabric Range

FRONTIER: Lincoln Leather Range
(Cost Option) with contrasting curtains

Our aim is to offer a full range of luxury motorhomes, which perfectly cater for everyone's needs, requirements and lifestyles. To compliment the popular low profile Excel range, the 2011 Tracker, Apache and Frontier models are now available in three distinctive variants. In addition to the award winning Auto-Trail Hi-Line and Lo-Line styles, a new Super Lo-Line variant has been introduced.

Super Lo-line

An exciting new introduction for the 2011 season is the new Super Lo-line variant. A superb example of modern motorhome design with new sleek exterior styling that provides an even more aerodynamic shape and incorporates a large panoramic automotive style sunroof. Inside, the living area obtains maximum benefit from the extra natural light, while maintaining all the many features synonymous with Britain's most popular luxury motorhomes.

Lo-line

Ideal for customers who prefer additional storage facilities, in lieu of an overcab sleeping area. Externally, it would first appear that the Lo-line variant adopts the same classic Auto-Trail styling, but on closer inspection, you will see that the dome area is slightly shallower, further enhancing the sleek, smooth aerodynamic contours. Inside the motorhome, the overcab area benefits from a series of fitted storage cupboards, coordinating perfectly with the luxury living area.

Hi-Line

The Hi-line variant features a distinctive front dome area, which has become a trade mark of Auto-Trail.

Once inside, you will see that the overcab area has been designed to accommodate the very large double bed. Every area of space has been fully utilized to provide a large and comfortable sleeping area. During the day, this sleeping area can be left undisturbed, the bed can quickly slide away, enabling you to take full advantage all the space, features and facilities of the cab area.

Designed with you in mind

Our Technical Specification has been carefully designed to assist you the customer to compare features and benefits of the 'next generation' of Auto-Trail motorhomes. The following pages contain everything that a modern day motorhome purchaser requires to make an informed decision when buying.

Excel 640, Apache 632, Mohawk and Chieftain Storage Area Dimensions

Excel 640 Storage Area Size

Length: 2083mm, Width: 1090mm, Height: 580mm, Door aperture Width: 750mm Height: 850

Apache 632 Storage Area Size

Length: 2170mm, Width: 950mm, Height: 870mm, Door aperture Width: 750mm Height: 600

Mohawk Storage Area Size

Length: 2170mm, Width: 1400mm, Height: 939mm, Door aperture Width: 745mm Height: 850

Chieftain Storage Area Size

Length: 2170mm, Width: 1400mm, Height: 939mm, Door aperture Width: 745mm Height: 850

Maximum Available Weights in Storage Area

Excel 640: 150kg, Apache 632: 150kg, Chieftain: 250kg, Mohawk: 150kg

Cost option: Raised rear bed with two large G doors to near and offside.

(Please refer to options list)

Note on Measurements and Lengths: All dimensions and masses are calculated to the Masses and Directive 91/22 EEC

Note on Mass in Running Order: The mass in running order is the mass of the unladen vehicle with a 75kg allowance for a driver, 90% of the fuel and fresh water capacity and gas cylinders. **OPTIONS:** Some options may be limited depending on the engine selected.

Important:

When using your vehicle or adding extra equipment, it is important that individual axle loading weights or the Maximum Authorised Weight is not exceeded. This would not only automatically invalidate any warranties, but it could also affect your safety and the handling of the vehicle. An overloaded vehicle could lead to prosecution. If you are unclear or need any further guidance as to any of the technical aspects in the operation and driving of your new Auto-Trail motorhome, please consult your supplying dealer prior to driving your vehicle on the public highway.

Fiat Camper Assistance

Dedicated Service For Your Peace Of Mind

Fiat has established a dedicated call centre just for motorhome owners. Just call **00800 3428 1111** and a knowledgeable English-speaking operator will give you extensive information on the product and the services offered, and will transfer your call to a specialist technician or to Fiat Camper Assistance, the on-road support team specially set up to help drivers of Fiat-based motorhomes.

Fiat has a European network of more than 7,400 Fiat Ducato service centres, where you will find fully equipped work shops, specialist personnel, and all the parts you could need for your motorhome.

Fiat has also established more than 1,100 specialist centres where motorhome drivers are always welcome: Fiat Camper Assistance workshops, all have the capacity, lifts and parking areas suitable for your vehicle.

Alternatively dial: **00 39 02 4441 2160** from any European country, seven days a week, 24 hours a day, to get immediate help. Specialists will assist you in the event of an accident, a breakdown, running out of fuel, loss of keys, theft, etc.

While your motorhome is repaired, you can benefit from a replacement vehicle of suitable size and hotel accommodation. To enable you to resume your journey as soon as possible, the Fiat Camper Assistance call centre remains in direct contact with you and the workshop that is repairing your vehicle. Fiat will also help them order the parts needed to ensure your vehicle is repaired as quickly as possible and you can resume your trip as soon as possible.

Warranty Included

Auto-Trail has endeavoured to convey to all our customers all the benefits that are available within the industry.

With this in mind, we have extended the normal manufacturer's warranty to include cover for major items for an extra period, giving peace of mind for a total of 36 months. Full details are outlined in a policy document.

Please contact your official Auto-Trail stockist for further information.
