

As much at home
on the high street
as on holiday,

the Mondial range from
the Swift Group is a
stylish van conversion
available in four
innovative layouts.

A striking exterior in subtle metallic blue/grey with automotive style graphics leads into a warm interior featuring beige fabrics, rich walnut woodgrain with mahogany inserts and energy saving LED lighting.

Joining the Mondial RL and FB are two new models, the Mondial EL and EK. The Mondial RL is a true couples van with a comfy parallel lounge that can be converted into two single beds or a generous double bed and the Mondial FB adopts the most popular of coachbuilt motorhome layouts with a rear longitudinal fixed bed.

The New Mondial EL has rear parallel seating and a front travelling dinette that can be converted into an occasional single bed that could sleep 2 small children. A handy storage area is also provided under the rear lounge by way of a 200mm (8ins) elevated floor. The new Mondial EK is a smaller model based on the medium wheelbase van but offering 3 passenger seats and a double bed. The cab seats and rear passenger seats are the same height, creating a comfortable dinette area. The rear of the van consists of a corner washroom and a large, fully equipped L-shaped kitchen.

An optional Driver's pack and engine upgrade can be specified on all models

Mondial Features

Key Features

- 120bhp engine with 6-speed gearbox (optional on EK)
- Iron Grey/ blue/grey metallic paintwork
- Height adjustable and swivelling driver and passenger seats
