CAR 322

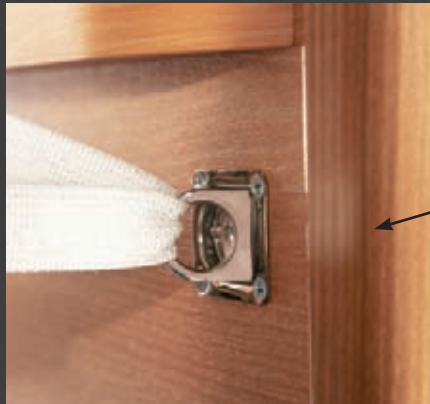

HYMER CAR 322 ...

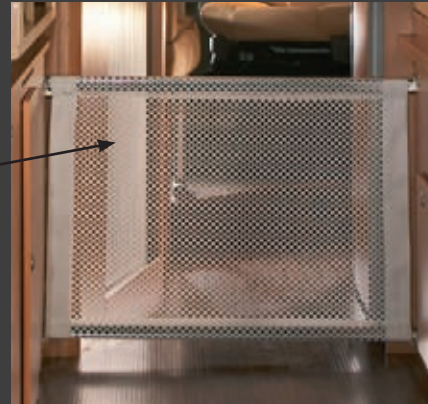

Masses of space.
The overhead storage cupboards are easy to reach even when the slatted frame is raised.

Sturdy lashing eye-lets secure up to two bicycles, for example, and keep various leisure equipment safely in place while travelling.

... incredibly versatile

Highly versatile space in the passage between the two bed boxes with strong luggage net to transport bags, bicycles and other sports equipment safely and conveniently.

The bed box provides masses of space with three storage compartments, each accessible separately from the top, a fold-out shoe cupboard and a side storage space.

Innovative seating group

Comfortable, chic and relaxing – that's the seating group with its variable table.

Every centimetre is used to the full; a sliding/folding opening in the floor provides stowage space for various items.

Above the driver and front passenger seats is a generous storage space which spans the entire width of the vehicle.

CAR

Space optimisation

Compact dimensions with plenty of space. Three to four people can comfortably sit round the table. An additional storage surface makes optimum use of the front passenger seat.

A wide, generous passageway takes you through to the rear of the vehicle. A general feeling of harmony is enhanced by elegant, sporty furniture in Merano Pear wood finish with silver-coloured trim on the edges of the table, worktop surfaces and overhead storage cupboards.

Access to the bathroom is through a sliding door that takes up no space at all when open. The sitting height is optimised by an ergonomic Thetford toilet. The high-quality, chrome-look fittings on the wash-basin and shower include a single-lever mixer tap with ceramic seals.

CAR

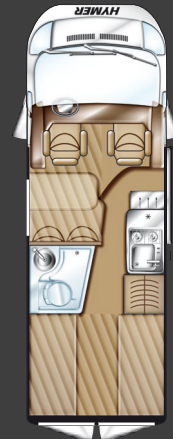

Top functionality in the kitchen

Luxury kitchen with everything you have ever dreamed of; stainless steel sink, two-hob cooker, four drawers with sturdy pullout units, a door under the kitchen cupboard and overhead storage cupboards offering plenty of extra space for kitchen appliances.

An optional 97 L fridge is integrated in the bottom section of the room height side cupboard with an illuminated wardrobe above.

On the left of the kitchen is a variable stowage space – ideal to use as a sideboard.

HYMER CAR 372 – Single beds and shower comfort

Can a van really be this comfortable and spacious? The new HYMER CAR 372 amazes even experienced campers. With its large, fold-up single beds and the innovative wet room, it sets new standards in its class.

Even when separated, both single beds in the rear have a comfortable width of 80 centimetres. With a standard series-production upholstery filler, the beds can be converted easily into a 2.00 metre wide and 1.97 or 1.85 metre long sleeping area.

The generously sized wet room, with its separable shower, ergonomic Thetford toilet and its washing area in Merano pear wood interior finish, also has an inviting appeal. Here, the hot air outlet under the shower tray keeps the temperature at a nice level.

Even more comfort is offered in your HYMER CAR 372 with the optional Street-Line package, featuring co-driver airbag, air conditioning system, cruise control, 80 litre refrigerator and much more.

Note:

This brochure describes the series status at the time of publication. Despite careful checking of the contents, printing errors are not excluded.

Some vehicles include optional extras which are quoted in the current price list and available at extra cost. The decoration shown is not supplied by HYMER. The details of scope of delivery, appearance, performance, dimensions and weights of the vehicles – deviations within the factory tolerance limits (max +/- 5%) are possible and permissible – are valid at the time of going to press. They conform to European provisions governing homologation; they may change up to the time of vehicle purchase or delivery. During the course of the model year, we retain the right to make changes to equipment or product improvements.

Before signing a contract of sale, please ask our authorised HYMER dealer for our current products and series status.
