Bernhard Kibler is in charge of motorhomes at Hymer.
He has been with the company since 1989.

Hymer Motorhomes

Always an original

For generations of holidaymakers, Hymer is the epitome of holidaying on wheels. And there is a good reason for this: Since the invention of the motorhome by Erwin Hymer in 1961, our vehicles have set standards and affect developments in this area of industry. Whatever class you are searching in: at Hymer you will always find the original.

We use this edge to offer you more – more choice, more comfort, more safety. Anyone who has been on the road in a Hymer motorhome will appreciate the difference. The thing that makes travelling a unique adventure here is the diversity of high quality details. And more than 50 years of experience that we draw upon to bring these details for you into perfect harmony.

You can gain a particularly good impression of this from the **new model year**. In the second half of this brochure you can find a detailed overview of the main equipment features, accompanied in each case by images and an explanation. This way, you can get to know the model series of your choice even better.

Of course, a description is no substitute for first-hand experience of the original. You should therefore take advantage of the opportunity at your Hymer trading partner to carefully look

around your dream vehicle and, better still, take it for a test drive. Our close-knit dealer and service network in Germany and Europe provides you with the assurance that there is always first-class support nearby.

A general overview of the Hymer model series can be seen on the next double page. Here, you can compare the

“For us, the name Hymer is a bond. And for our customers a promise. These motorhomes offer the best performance and the best quality in any vehicle category.”

basic features of our motorhomes easily and conveniently – as an initial orientation aid to determine which vehicles best match your individual requirements. Further information about all available floor layouts and equipment versions can be obtained as always

from your Hymer trading partner or www.hymer.com. You can also order the latest catalogues from there for all of the models.

If, in addition, you are among the growing number of Facebook users, we would be delighted to hear about your journeys and experiences at www.facebook.com/hymerAG. Many of

our customers contribute to this site on a regular basis and make it a lively and informative place to visit. You can find valuable tips covering the whole spectrum of holidaying on wheels with the original. Experience them yourself: the mobile homes from Hymer.

Celebrated exclusiveness.

Hymer Van & Hymer Exsis-i Premium 50

50 years of Hymer motorhomes – Five decades of quality, innovation and loyal customers. Reason enough to show gratitude with two completely new model series to mark the anniversary. The exclusive special editions Hymer Van Premium 50 and Hymer Exsis-i Premium 50 offer you many extras, packaged accordingly, at an attractive price.

When Erwin Hymer designed and built the first motorhome in 1961, no-one could have guessed that this was the beginning of a success story. The Caravano on Borgward chassis was actually way ahead of its time. After the business failure of Borgward in the same year, it took a whole decade until a successor was launched on Mercedes chassis, which was the first Hymermobil.

In the mid 70s, series production began, followed immediately by development of the first A-class motorhomes. By 1978, Hymer had delivered more than 1000 vehicles to its customers. In 1981, the Hymermobil B-Class was introduced. To this day, it is the most successful motorhome of

all time in Europe, with more than 50,000 examples sold. For many camping fans, it is the benchmark of mobile holidaying per se.

"I have always built what customers wanted", says Erwin Hymer. Many of his inventions, such as wind-up skylights, wheel housing refrigerator, drop-down bed, PUAL wall design or heated double floor, have influenced development in the camping industry. To date, Hymer has delivered almost 150,000 motorhomes around the world: from camping buses to compact and coachbuilt models, up to a large selection of semi-integrated and A-class vehicles that will also form the focal point of model generations to come.

The exclusive anniversary editions Hymer Van Premium 50 and Hymer Exsis-i Premium 50 are not only symbols but also the result of a successful tradition of five decades of Hymer motorhome construction. And they continue this tradition-rich journey with their own new flair. »

Hymer Van & Exsis-i Premium 50 – Interior comfort

“The perfect combination of colours and materials creates a harmonious atmosphere – just like at home.”

Frank Venter, Head of Design

Hymer Exsis-i Premium 50 – Interior comfort

“Lots of headroom and comfortable access are typical features of all Hymer beds. This also includes, of course, the drop-down bed of the Exsis-i Premium 50.”

Hansi Wiest, Team Leader Interiors

Hymer Van & Exsis-i Premium 50 – Cooking comfort

- 01 Extra high tap for convenient rinsing and for filling large containers – as standard in all models.
- 02 Cooking is fun this way: There is space for several large pots on the 3-flame cooker with electric ignition.
- 03 The sturdy grate and the removable knobs make cleaning child's play.
- 04 Wide kitchenette with spacious roof storage cupboards and standard 89 litre refrigerator.
- 05 The variable washroom with elegant wash table and high washroom cabinet offers the greatest level of comfort, despite compact dimensions. A large shower cubicle can be mustered up in the simplest way thanks to a rotating wall.

05

Hymer Van & Exsis-i Premium 50 – Sleeping and storage comfort

01 02

04

03

The Hymer Van & Exsis-i Premium 50 show, in an impressive way, the fascinating living feeling offered by both slimline vehicles. With the aid of the swivelling driver and front passenger seats, the seating group can offer space for up to five people.

05

06

- 01 With the side bench seat, the seating group in the Exsis-i Premium 50 offers a superlative level of comfort.
- 02 The drop-down and pull-out front double bed, fitted as standard in the Exsis-i Premium 50, is particularly generous with its king-size format of 2.00 x 1.80 m.
- 03 There is a spacious roof storage cupboard right by the longitudinal single beds so that glasses, books and drinks are always within reach, even at night.
- 04 The bedroom offers sleeping comfort par excellence. With optional padding, the whole room can be converted into a full sleeping area.
- 05 Freely accessible wardrobe at the foot-end of all longitudinal single beds, as seen here in the Van 562 and Exsis-i 562.
- 06 Throughout the vehicle, a large number of extra deep roof storage cupboards provide plenty of space for holiday items.

Hymer Van Premium 50 – Highlights

The compact edition

The standard equipment of the Hymer Van Premium 50 does the premium label real justice. Many exclusive equipment features are already included in the anniversary edition – each and every one a small show of gratitude to our customers.

Frugal work horse:
The 103 kW / 140 HP Ford Transit meets emissions standard Euro 5 and, thanks to its low standard consumption, embodies economical and sustained driving pleasure.

Pleasant temperatures:
The Premium 50 special edition models are fitted with an engine-driven air conditioning system in the cab.

Fresh air at the press of a button:
Comfortable and simple. The cab windows on the left and right are opened and closed via electric regulators.

Good view behind:
The large, heated exterior mirrors are positioned optimally and can be adjusted comfortably by electrical means from the driver's seat. Thanks to the wide angle mirrors on both sides there is no blind spot next to the vehicle.

Secure cab:
The driver's door can be locked and unlocked conveniently at the press of a button via the central locking, which can also be actuated with the ignition key. In this way, unauthorised access into the cab is prevented when the motorhome is parked up.

Driver and front passenger airbag:
Both seats in the cab are equipped as standard with Ford airbags. In the event of an accident they are triggered in a fraction of a second and prevent severe head injuries. If an airbag is triggered, the seat belt is tensioned at the same time.

Hymer Van Premium 50 – Highlights

Comfortable all-rounder:

The swivel and height adjustable cab seats are covered completely in the same fabric as the living space. With a high level of seating comfort and adjustable arm rests, they can be as inviting for a relaxed drive as a pleasant evening in front of the television.

Undisturbed privacy:

To blackout the front of the vehicle, the vehicle has a pleated roller blind system all around the cab area.

Large table and bed: The attachable table extension means that the front passenger seat can simply be integrated in the seating group, thereby creating a set of 5 comfortable seating spaces. Furthermore, an additional bed can be made from the seating group quite easily with the table and existing padding.

Cooking is fun this way:

There is space for several pots and pans on the 3-flame cooker with electric ignition. The removable grate and the removable knobs make cleaning child's play.

Lots of space for fresh food:

Despite the compact dimensions, the Premium 50 models offer a refrigerator with 89 litres and separate freezer compartment.

Prepared for radio and TV:

Loudspeakers in the living area and cab, TFT holder, wiring and plug socket and also a radio aerial are factory fitted items in every vehicle. All that is needed is for the radio and/or television to be plugged in.

Already integrated in the cab is the Ford audio system 6000 with CD player and remote control on the steering wheel.

Helpful exterior light:

The powerful LED awning light with rainwater deflector is already part of the standard equipment. It illuminates a wide area outside the entry door, thereby making it safe to alight the vehicle in the dark.

Practical garage doors:

A large garage door is fitted on the front passenger and also driver side to allow loading of the rear garage.

Hymer Exsis-i Premium 50 – Highlights

The streamline edition

In the special edition, the Hymer Exsis-i Premium 50 is already fitted with a high level of standard equipment.

Frugal work horse:
The 103 kW / 140 HP Ford Transit meets emissions standard Euro 5 and, thanks to its low standard consumption, embodies economical and sustained driving pleasure.

Pleasant temperatures:
The Premium 50 special edition models are fitted with an engine-driven air conditioning system in the cab.

Practical driver's door:
For comfortable entry and exit on the driver side, including power window.

Good view behind:
The large, heated exterior mirrors are positioned optimally and can be adjusted comfortably by electrical means from the driver's seat. Thanks to the wide angle mirrors on both sides there is no blind spot next to the vehicle.

Large drop-down bed:
The drop-down and pull-out front double bed, fitted as standard in the Exsis-i Premium 50, is particularly generous with its king-size format of 2.00 x 1.80 m.

Driver and front passenger airbag:
Both seats in the cab are equipped as standard with Ford airbags. In the event of an accident they are triggered in a fraction of a second and prevent severe head injuries. If an airbag is triggered, the seat belt is tensioned at the same time.

Note:

This brochure describes the series status at the time of publication. Some of the photos contain optional extras. Despite careful checking of the contents, printing errors are not excluded. During the course of the model year, we reserve the right to make changes to equipment or product improvements. Before entering into a sales contract, please find out from our authorised Hymer dealership about the current product and model status.

In some cases, the vehicles are illustrated with optional extras that are contained in the valid price list and for which additional payment is required. The decorations illustrated are not part of the Hymer scope of supply. The specifications concerning the scope of supply, appearance, performance, dimensions and weights of the vehicles – dimensions within the scope of factory tolerances (max +/- 5%) are possible and permitted – correspond to the state of knowledge valid at the time of printing. They comply with European homologation regulations; these regulations may change up to the time of vehicle purchase or up to the time of delivery. Your Hymer dealer will be delighted to inform you of any changes and about the standard scope of supply.
