For more information and to find your nearest retailer visit us at www.swiftgroup.co.uk

All models are covered by a ten-year bodyshell integrity warranty and come with a three-year SuperSure manufacturer's warranty. See www.swiftgroup.co.uk or more details including extra pictures, videos, reviews and much more.

This brochure does not constitute an offer by Swift Group Limited (Swift). Swift reserves the right to alter specifications and prices at any time as materials and conditions demand. Distributors and dealers sell Sprite products on their own account and not as agents of Swift. Accordingly, they have no authority to bind Swift or to make any representation or undertaking whatsoever on behalf of Swift. All preps are for photographic purposes only and are not included in the specification. Issued August 2012

WEIGHTS: The method of calculating the Mass in Running Order (MRO) and user payload figures has changed in order to bring it in line with European Vehicle Directives.

Allowances for essential equipment (e.g. gas cylinders) previously allowed for in the user payload are now contained within the MRO. A provision for a leisure battery which used to be within the essential equipment payload has now been included within the personal effects payload allowance.

Although the method of calculation has changed, the overall effect is that the amount of payload available to the customer has remained the same, it is just calculated in a different manner.

BED SIZES: Please note that the front double

bed sizes quoted are for seating configurations without a chest of drawers. The front double bed width for a layout with a chest of drawers fitted, will be reduced by 0.4m (1'4") from that stated.

AWNING SIZES: Due to varying awning designs and sizes the awning sizes given are approximate only. Specific awning sizes must be confirmed by your dealer or awning manufacturer prior to purchase.

* The dimensions given are approximate due to slight variations in suspension ride heights, loading conditions and tyre pressures. Customers should verify the actual dimensions of their touring caravan before committing to anything that could be impacted by these dimensions

Sprite

Back in 1949, Sam Alper developed the first Sprite caravan and since then Sprite has remained the name everyone associates with style, lightweight, affordable price and reliability - the ideal first new caravan.

Built by the market leading Swift Group, the 2013 Sprite range continues this ethos and offers even better value for money. Using the same components as the Group's more expensive models Sprite now offers a wider range of factory fit and dealer fit options which enable you to choose the final specification and price.

All Swift Group tourers are fitted with the self powered Tracker Retrieve system. This is one of the most effective tracking systems available, recognised by all police forces. Powered by its own battery it is ideal while the caravan is in use or in storage. Activation of the system is via a specially negotiated annual subscription.

1. New Optional panoramic sunroof
2. Step on hitch cover for easy cleaning of the front windows
3. Separate shower mixers with adjustable head positions

Sprite Plus Points

You can be reassured when you buy a Sprite Caravan that they all come with the following market leading features

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimension and safety regulations
- EN1645 Grade 3 classification for heating and thermal insulation
- 1.95m (6'5") headroom
- One-piece, 5000 Series marine grade aluminium sidewalls
- Higher tyre rating - a minimum of 150kg extra load margin at 130kph (law permitting)
- Step-on hitch cover for easy access to clean front
- TV station with 230V, 12V and aerial sockets
- Bed make-up system with slats retained on track (model specific)
- Seat bases with spaceframe construction, full front access and space for larger items
- Front chest of drawers with convenient slide-out extending top (model specific)
- Dining table suitable for full-size place settings
- Positive overhead locker catches for secure loading
- 3 burner gas hob with electronic ignition
- High flow rate in-board pump with chrome finish brass taps for reliable, high performance water supply
- Separate shower mixers with adjustable head positions
- High impact, scratch resistant floor lino
- New Thatcham approved tracker fitted as standard
