Welcome to Bailey

Bailey caravans have been developed using over sixty-five years of experience in caravan design and are manufactured in our state-of-the-art South Liberty Lane production facility to provide, what we believe to be, the very best in touring home quality and value.

All of our products are built using our patented Alu-Tech construction system and incorporate the core Bailey values of award winning design, first class build quality and unbeatable value for money. Plus to ensure that they remain some of the best-engineered and most technically advanced caravans available, we subject them to a programme of continuous testing through leading independent experts which takes them as far afield as the Australian Outback and the European Alps.

As a result, we are proud to present three distinct caravan ranges which offer something to suit every lifestyle and budget. To help make an informed decision about which of our models will best meet your needs, we recommend you visit your local retailer who will be happy to demonstrate why Bailey is the UK's favourite touring caravan brand.

## About Alu-Tech

Prior to the introduction of the Alu-Tech construction system in 2009 there had been little change in leisure vehicle bodyshell design for over thirty years. Whilst conventional construction served us well during that period with the advances in production technology and materials we asked: was there a better way?

Two years in the making and the result was the development of our patented Alu-Tech design technology which takes a completely new approach to bodyshell construction. Using a unique interlocking aluminium external framework to which the body panels are bonded and then clamped using internal fixings it has a much stronger and more rigid shell which provides greater protection against the elements.

The sole use of thicker fully laminated panels in this new assembly greatly enhances the thermal performance of the shell, making our caravans genuine four-season vehicles. The replacement of the timber elements in the sides and roof with a composite plastic internal skeleton and GRP wall linings, in conjunction with a significant reduction in the number of external joints and fixing points, enhances its resistance to moisture ingress.

When you consider that these benefits of ownership were achieved without a cost or a weight penalty you can begin to see why the Alu-Tech construction system is so unique.

## Extreme Testing

Equivalent to 40 years accelerated life testing carried out at Millbrook Proving Ground on numerous road surfaces

Tested in extreme temperatures as low as -28°C and as high as 40°C in a climate control chamber

### Cost neutral design technology

- Advanced technology universally available at no extra cost

### Sole use of thicker laminated bodysell panels covered in an impact resistant outer GRP skin

- Increased strength and durability providing greater protection against the elements
- Enhanced thermal insulation capabilities to enable holidaying all year round

### Interlocking aluminium extrusion external framework with internal fixings

- Increased strength and durability providing greater protection against the elements
- Minimises the number of potential water access points to improve the overall integrity of the shell

### Timber free upper bodysell panels featuring a composite plastic internal skeleton and a GRP inner wall lining

- Improved durability by limiting the impact any possible ingress water may cause

### Lighter bodysell with a more balanced weight distribution

- Lighter caravans accessible to owners of a wider range of tow vehicles
- Increased stability and improved road handling for safer towing

## The Pursuit of Enjoyment

# PURSUIT

Alu-Tech Bodysheet

The well-designed, well-equipped yet affordable Pursuit range stands out from the crowd with its stylish and distinctive slate grey and polar white exterior with contemporary graphics and 14" alloy wheels.

Offering the lightest weights in the Bailey portfolio, Pursuit can be towed by a wide range of tow vehicles. High quality fixtures and fittings, practical kitchens and spacious washrooms make the Pursuit a perfect base to enjoy outdoor activities in all weathers, as well as the ideal place to refresh and relax afterwards.

## *What makes Pursuit different?*

- A low-cost light-weight first caravan range in a choice of six best-selling layouts suitable for couples and large families
- Balanced 14" alloy wheels fitted with anti-tamper WSL Safety Bolts and a high security entrance door lock for additional peace of mind
- A stylish and distinctive exterior with a well-equipped interior to accommodate your everyday needs
- A fully specified Truma Combi heating system with digital control panel for complete comfort all year round
- The option to upgrade the specification with a Premium Pack and sunroof allowing you to tailor the caravan to specifically suit your requirements

*Pursuit 430-4 (Optional Premium Pack and opening sunroof fitted)*

Pursuit 430-4 (Optional Amaro upholstery and bed linen shown. Optional Premium Pack fitted)

Step inside the Pursuit to experience the contemporary design and light and airy interiors. Italian design overhead locker doors with chrome handles, premium quality fabrics and De-Luxe sprung mattresses for fixed-bed models add to the high quality look and feel.

Pursuit boasts an impressive range of home comforts including a Truma Combi boiler with a user-friendly digital control panel, up to five 230v power sockets for all of today's essential electrical equipment, Thetford Duplex combination oven and grill, Dometic 103 litre fridge and a large separate shower cubicle with a bi-fold door and an Ecocamel shower head that's not only more powerful but also uses less water.

A tolerance in the MRO has been allowed for in the calculations of Payload Margins. The awning length measurement shown is to be interpreted as a guide only and an enquiry should be made to individual awning manufacturers as to the correct size. Visit [www.baileyofbristol.co.uk](http://www.baileyofbristol.co.uk) for Pursuit metric bed sizes.

## Alu-Tech Bodyshell

Structural interlocking aluminium extrusion external framework with no external fixing points and concealed awning channels on both sides | Five part fully bonded exterior panel assembly system | Upper body panels manufactured using superior bead application laminating technology for a stronger more consistent bond | Upper body panels built using a timber free construction, incorporating a composite plastic internal skeleton, a high density polystyrene insulation and a GRP inner wall lining | NEW upper body panels cloaked in a single sheet impact resistant GRP outer skin for extra durability | Supplied with a 6-year transferable bodyshell integrity guarantee and a 3-year transferable manufacturers components warranty\* | 4-year transferable extension to bodyshell integrity guarantee available as a cost option (making 10 years in total)\* | EN-1645 Grade III classification for heating and thermal insulation (cold chamber tested) | European Whole Vehicle Type Approved & certified by the National Caravan Council to be European Standard compliant

## Exterior Features

NEW distinctive duo-tone bodyshell colourways, in slate grey and polar white | AL-KO galvanised steel chassis, braking system and running gear | NEW one piece integrated front and rear impact resistant bumpers | NEW design step up a-frame fairing | 14" TUV tested alloy wheels | Hartal two part exterior door with moulded interior liner and map pocket | LED awning light with integral water management system | Double glazed Polyplastic opening windows throughout | Midi and mini Heki roof lights located throughout the main habitation area | NEW centrally mounted easy-access gas locker for enhanced stability and reduced nose weight | Status 550 telescopic directional digital television aerial | Twin front storage compartments (model specific) | NEW co-ordinating contemporary graphics scheme

## Interior Features

### Space

Internal headroom of 1.96m (6'5") throughout the length of the caravan | Body width of 2.23m (7'4")

### Furniture & Soft Furnishings

Bailey "Walnut" furniture finish | NEW large front window shelf | NEW recessed front drawer & slide out occasional table (model specific) | NEW drop down front table (model specific) | NEW construction front bed boxes with beech sprung bed box tops and slide out double bed make up (model specific) | NEW slatted front bed make-up system on easy glide track (model specific) | Backrest and seat ventilation boards | Free standing table with dedicated storage | NEW aircraft style overhead locker system with split level storage, domestic style metal hinges and chrome handles | Structural locker dividers with greater load bearing capacity | NEW dual finish Italian design overhead locker doors | NEW premium quality fixtures and fittings in polished chrome finish | NEW high gloss kitchen and washroom worktop laminate | NEW drop down kitchen worktop extension (model specific) | NEW solid domestic style washroom door with domestic metal handle | Foam filled upholstery featuring premium quality fabrics, high density filling and superior cushion construction and De-luxe sprung mattresses (model specific) | NEW standard 'Spice' soft furnishings with co-ordinating lined curtains, arm rests or bolster cushions (model specific) and two standard size scatter cushions | NEW optional Amaro soft furnishings with co-ordinating curtains, arm rests or bolster cushions (model specific) and four standard size cushions | Wood effect floor vinyl | Loose fit drop in carpets

## Services

### Electrical System

NEW 230v power supply with up to 5 interior sockets | TV station with 230v, 12v and a minimum of one aerial socket | 12v internal lighting system | Centrally located electrical control panel | Domestic style consumer unit with dedicated access door | Switch mode battery charger with 20 amps output | RCD/MCB protection for mains electric system | 25 metre mains connecting lead

### Water & Gas System

NEW Dual fuel Truma Combi boiler (2kw gas & 1.8kw electric) with user friendly digital control panel including adjustable fan speed and water boost functions | Propane/Butane 30mb gas regulator mounted in gas locker compartment | Truma Ultraflow submersible pump | Inboard pressurised hot and cold fresh water system with reinforced hosing | Inboard rigid pipe waste plumbing system | NEW stainless steel circular kitchen sink and mixer tap, washing up bowl, drainer and chopping board | Thetford C-260 cassette toilet with integrated header tank | NEW inboard shower unit with ceramic ball mixer tap, Ecocamel shower head & bi-fold partition door | NEW washroom hand basin and mixer tap

## Kitchen Equipment

NEW Dometic 103 litre refrigerator with electronic ignition | Thetford Duplex combination oven and grill with electronic ignition and flame failure device | Thetford 3-burner gas hob incorporating flush fitting glass hinged lid and conveniently located controls

## General Equipment

Remis retractable flyscreen and sunblinds to principal windows | NEW Remis flyscreen and splash proof roller blind for kitchen and washroom windows

## Safety & Security

NEW WSL Individually Laser Balanced wheels fitted with 'Security' tyres and anti-tamper WSL Safety Bolts | Optional AL-KO Secure portable wheel lock | NEW high security entrance door lock | CRiS identity number anti tamper labels attached to windows and inside gas locker | Concealed security data chip within caravan construction | Smoke alarm | Carbon Monoxide alarm

## Optional Extras

NEW Premium Pack\* | NEW Polyplastic double glazed opening sunroof with night blind in front dome | AL-KO ATC Trailer Control System | AL-KO Secure portable wheel lock | Optional Amaro soft furnishings with co-ordinating curtains, arm rests or bolster cushions (model specific) and four standard size cushions | Bespoke caravan bedding sets to co-ordinate with caravan soft furnishings (model specific)

\*Optional Premium Pack Contents:

AL-KO AKS 3004 Stabiliser | Floor mounted steel spare wheel & retainer | Exterior door flyscreen | Stainless steel 800 watt microwave oven | Branded Radio/CD/MP3 player with iPod/MP3 player connection point

Welcome to the 'great indoors'

Pegasus has become a name synonymous with the Bailey philosophy of providing owners with the unique combination of superior performance, award-winning design as well as market leading value for money. The latest generation of models take this philosophy a stage further by moving caravan design in this market sector to the next level both in terms of practicality and desirability.

With particular emphasis on the choice and execution of layouts plus the enhancement of interior style and comfort, everything has been considered to make trips away in the new Pegasus as relaxing as possible.

## *What makes Pegasus different?*

- A stylish makeover both inside and out make the new Pegasus the range to be seen in.
- A wide choice of seven layouts, including three new and one revised model, accommodating up to five people to offer something for everybody
- Re-designed interiors offer more internal floor space, larger kitchen worktops and longer seats for more practical living
- A new domestic style seating system sets new standards in caravan comfort and simplifies the bed-making process
- A fully specified Truma Combi programmable heating system, with faster heat and hot water supply, combines with market-leading insulation courtesy of the Alu-Tech body shell to make the new Pegasus a van for all-seasons

*Pegasus Genoa (Standard Richmond upholstery shown)*

Inside the new Pegasus takes design cues from its upmarket sibling, the best-selling Unicorn range, to deliver a level of ambience and a quality of finish not normally found in a vehicle in this price bracket. The combination of the modern 'Mendip Ash' furniture, featuring new design locker doors with a dual gloss finish, 'Italian Stone' worktops, chrome fixtures and fittings plus the signature Bailey front vertical skylight totally transform the interiors to deliver the perfect room with a view.

As practical as they are comfortable these well thought-out vehicles include a host of new features aimed at making your life easier. The installation of the Truma Combi 6E dual fuel heating system combines with the market leading thermal properties of the Alu-Tech bodyshell to make the new Pegasus a genuine four season vehicle. While the introduction of the all new 'Dreamsleep' soft furnishing system featuring a domestic style cushion construction with multi-layered base cushions and shaped back sets new standards in caravanning comfort.

*Pegasus Modena (Optional Belvoir upholstery and optional bed linen shown)*

## The Complete Picture

**UNICORN**   
ALL-TECH BODYSHIELD

Incorporating the expertise which only sixty-five years of experience can bring the Bailey Unicorn has now firmly established itself as one of the most well-designed and most well-equipped caravans available today.

All of the layouts in the third-generation range have been appreciably reconfigured to maximise the available interior living space whilst maintaining their accessible unladen weights to provide a choice of eight great-looking models that are as practical as they are comfortable.

## *What makes Unicorn different?*

- A top-of-the-range line-up in a choice of eight best-selling layouts suitable for both couples and small families
- Superior safety and security package including the AL-KO ATC Trailer Control System, premium brand tyres with anti-tamper WSL safety bolts, AL-KO Secure wheel lock and a TRACKER Retrieve Stolen Vehicle Recovery System
- Re-designed interiors offer more internal floor space, larger kitchen worktops and longer seats for more practical living
- A fully specified Alde programmable central heating system for greater efficiency and improved fuel economy
- Top of the range specification for today's modern caravanner includes a 100 watt Truma solar panel, DAB Radio/CD/MP3 player with USB connectivity and a slim-line large capacity tower refrigerator (single axle models only)

Unicorn Seville (Optional Trafalgar upholstery shown)

The stylish new interior featuring a modern 'Mendip Ash' furniture finish is beautifully showcased by the signature vertical front skylight by day and new LED task and mood lighting by night. Italian design locker doors with a dual gloss finish and soft close hinges combine with high quality soft-furnishings plus chrome fixtures and fittings to give models that unmistakable touch of class.

Unicorn's four-season touring credentials are further enhanced with an upgraded Alde central heating system featuring a new more economical boiler, a user friendly digital control panel and an additional washroom radiator whilst the new Truma 100 watt solar panel allows you the extra freedom to holiday where and when you want.

These well thought-out caravans include a host of new features designed to make your life easier. Ranging from the chef-friendly kitchens offering additional worktop space and increased storage, plus a new slim-line Dometic 133 litre tower refrigerator\* to the fully-equipped washrooms featuring a separate square shower cubicle complete with a domestic style door and integral lighting. Everything has been considered to make trips away in your new Bailey Unicorn as relaxing as possible.

*\*single axle models only. Twin axle layouts feature the existing Dometic 190 litre fridge freezer*

## Why Choose Bailey?

1 in 3 caravans sold in the UK is a Bailey, making it the most popular brand

Bailey is the UK's longest established independent manufacturer with over 65 years experience in leisure vehicle production & design

Bailey leisure vehicles are designed to be 75% recyclable to make them more environmentally friendly

Bailey has the most advanced manufacturing plant in the UK, featuring the industry's only mechanised production line, allowing us to further improve both the quality and value of our vehicles

Bailey products have received more third party endorsements from leading industry sources than any other in recent years re-affirming our position as the UK's favourite leisure vehicle brand

All of our products are certified by the National Caravan Council and have attained Whole Vehicle Type Approval to ensure they are both legal and safe

Our continuous programme of product development, using expertise from leading third-party authorities such as The University of Bath & the Millbrook Proving Ground, has taken real life testing of our caravans as far afield as the Australian Outback and the European Alps

Since 1948 approximately 165,000 Bailey leisure vehicles have been manufactured in Bristol. If positioned nose to tail these caravans and motorhomes would stretch over 1,000 miles - equivalent to the distance from Bristol to Vienna in Austria

## Keeping you safe on the road

Bailey has worked closely with the Department of Mechanical Engineering at The University of Bath for many years to help develop the design and construction of our leisure vehicles with a view to optimising the towing performance of our caravans.

### Design

As a result of the research carried out we have made some key changes to the design and layout of our caravans to help make them inherently more stable with lower caravan nose weights, as a result making our caravans safer on the road. Changes include:

- The development of the Alu-Tech construction system which, with the absence of the heavy plastic cladding panels found at the front and rear of conventionally built caravans, has a greater proportion of weight concentrated in the centre of the vehicle.
- Moving heavy items such as the gas bottle locker and battery box nearer to the centre of the caravan over the axle.

As a result of the lightweight Bailey design all of our single-axle caravans have an MTPLM of less than 1500kg further improving the towing stability of our caravans.

01 Gas bottle locker    02 Battery Box

The Unicorn Valencia floor plan shows the new location of the heavy items based on the research carried out.

### Safety

It is essential for your caravan to be matched with an appropriate towcar for safe towing. For further peace of mind the following items of safety equipment are fitted as standard or offered as a cost option on all our caravan ranges:

We have also worked with our wheel supplier, Wheel Solutions, to offer a unique package which sets our caravans apart from the rest. All of our caravan wheels are laser balanced ensuring even wear and tear on all of the tyres and every wheel is fitted with WSL Caravan Wheel Safety Bolts which have been designed to ensure the bolts stay tight\* and prevent wheel theft.

### Stability

It is important to load your caravan correctly as this can affect the towing performance of the caravan. Load heavy items such as the awning at a low level and as close to the axle as possible. Medium weight items such as food can be loaded around the heavy items whilst light items such as clothing and maps can be stored in the overhead lockers.

- Heavy Items    ○ Medium Items    ○ Light Items

\* Before hitching up the caravan always check the wheels bolt are tightened to the correct torque. \*\* Fitted to Unicorn range only.
