

THE 1997
SWIFT
RANGE

QUALITY BEGINS WITH GOOD DESIGN

OVER THIRTY YEARS OF QUALITY AND INNOVATION has earned Swift Caravans a host of press and consumer awards and the distinction of being

revered as the thoroughbred of the touring caravan world.

Throughout the Conqueror, Corniche, Challenger and Classic ranges, 1997 brings a host of improvements on

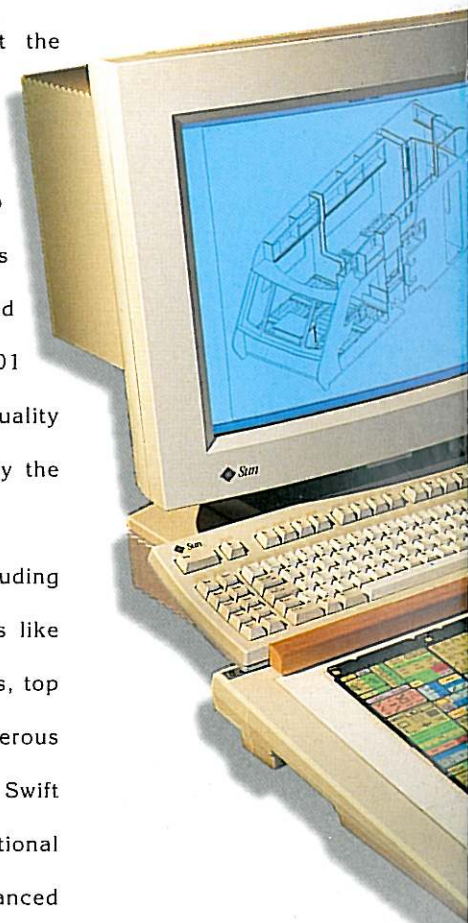

all 22 Swift models. Redevelopment of washroom and changing areas gives you an even wider choice and the opportunity to select a layout that meets your needs precisely.

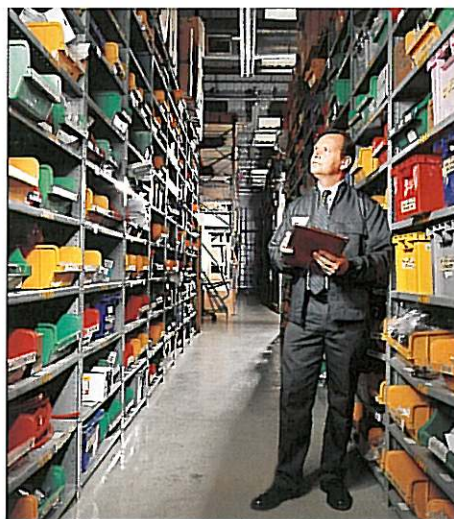

Investment in state-of-the-art computer technology ensures all models are produced to the highest quality standard. Innovative changes utilise Computer Aided Design techniques which allows Swift designers to consider

every possible improvement option before a prototype is even built.

This technology automatically checks safety and stability variances at the design stage. Even with all this technology, well over 200 rigorous manual tests are carried out to ensure absolute perfection. This commitment to quality has earned Swift the enviable ISO9001 certificate for the standard of quality manufacturing systems operated by the company.

The finest attention to detail, including carefully sourced propriety fixtures like Stoves ovens and Electrolux fridges, top quality raw materials and numerous safety features, are central to the Swift popularity and success. Traditional skills blended with the best of advanced technology has earned the company a reputation for producing the best quality touring caravans in Europe.

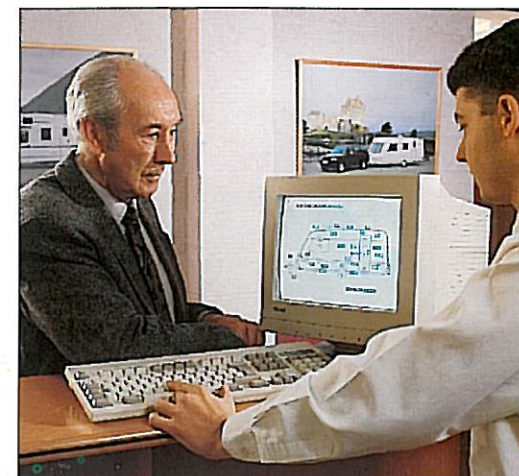

TOTAL CUSTOMER SATISFACTION is top priority at the Swift Group, and the quality ethos extends through to authorised Swift dealers who are carefully chosen for their outstanding level of service.

Swift maintains a team of specialists who operate Swift Supercare, a highly sophisticated after sales operation that utilises a national computer system linking dealers directly to the manufacturing site. Supercare provides professional help and advice to dealers as well as efficient handling of all parts ordering and supply, to keep you on the road to happy holidays.

All owners of new Swift caravans also benefit from a comprehensive three

year warranty scheme called Swift SuperSure. The warranty is operated by Swift for the first year and administered by the highly reputable Warranty Holdings in subsequent years. For a competitive single premium, Swift SuperSure can be extended for a further two years, giving a full five years' peace of mind. Warranty maintenance simply involves an annual service by an authorised Swift dealer.

Swift dealers offer a range of financial services via leading finance houses, comprehensive caravan insurance through specialist insurers and can also supply a host of useful accessories, all designed to make sure you have everything you need for the perfect holiday, the Swift way.

To reserve your place on a factory tour to see Swift products being produced in one of Europe's most sophisticated factories, simply call the number on the back of the brochure.

SUPERCARE AND SUPERSURE
FOR TOTAL PEACE OF MIND

CORNICHE RANGE

WITH ITS UNIQUE EXTERIOR SHAPE, created through the skilled use of Glass Reinforced Plastic, and its striking all white colour scheme with markings in gold and burgundy and large gold trimmed windows, the award winning Corniche is as impressive in appearance as it is luxurious in specification.

Add a much wider choice of washroom layouts for 1997 and the Corniche is the range that provides everything you will ever need for true luxury touring at any time of the year.

Wall to wall luxury and the finest soft furnishings with the best Belgian fabrics.

15/2E L option

15/2E

All models

15/2E

15/2

15/2E

Right 15/2
(L option)

WITH A CHOICE OF PARALLEL OR L SHAPED FRONT SEATING IN ALL MODELS, and the option of two different washroom styles in the Corniche 15/2E and 16/3, you have maximum opportunity to tailor make your own layout in five star luxury.

Both these models feature the latest domestic style swivel toilet, and have a separate shower room, dressing area with wardrobe and vanity unit. Blown air heating is via the latest Carver 3600 electronic ignition heater, and the large 77 litre fridge with full width freezer compartment is concealed behind a matching wooden door. The finest attention to detail wherever you look.

CONQUEROR RANGE

640

RENOWNED FOR ITS IMPRESSIVE STYLE AND HIGH STANDARD OF COMFORT, the Conqueror range offers three spacious models, including a new 580 model which is available with two luxury washroom options.

Kitchens have been upgraded with the latest flush fitting Stoves oven, heating features the Carver 3600 with Fanmaster element, there is a new dedicated TV station, and a new infrared alarm system tops a list of other security features to protect your holiday investment.

CHALLENGER RANGE

440

Right 530

FOR YEARS, THE CHALLENGER HAS BEEN THE FIRM FAVOURITE WITH THE COMMITTED CARAVANNER, offering the perfect combination of style, specification and level of sophistication essential for those who see their caravan as an extension to their everyday life.

For 1997, the Challenger provides three different washroom options, detailed on the washrooms page, and a series of major improvements in specification, many of which they share with the more expensive Corniche and Conqueror ranges, making them clear leaders in their class.

All models have L shape front option. 490 featured has L shaped rear seating and optional parallel seating.

490

Re-styled furniture and new flush fitting Stoves oven.

490

530

CLASSIC RANGE

FOR LEVEL OF SPECIFICATION, value for money and choice of both two berth and family layouts, there can be little to beat the 1997 Classic range. With three new layouts, and the choice of five different washrooms, three of which have separate changing area with vanity unit, wardrobe, toilet and separate shower compartment, this introduction into the Swift model range has never been so affordable, giving you no reason to compromise.

Alouette

Solid ash framed furniture doors add the perfect finishing touch.

Pirouette

Silhouette

Classic Swift styling gives a distinctive prestige appearance.

WASHROOMS

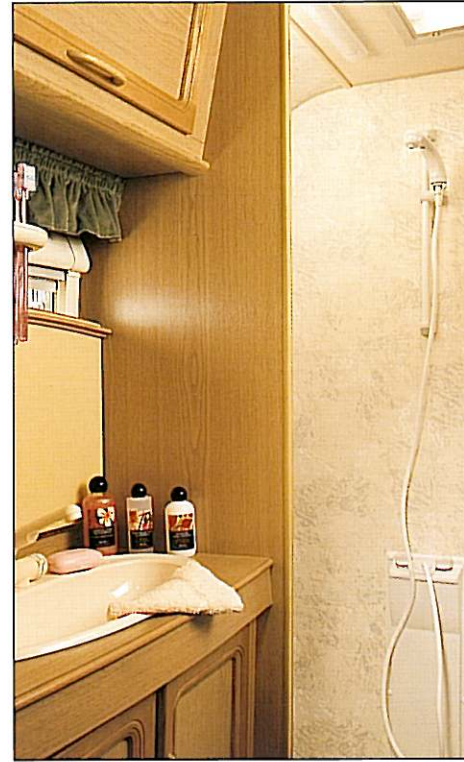

A major redevelopment of the washroom and changing areas in all four Swift ranges has provided the widest ever choice of layouts for 1997. No fewer than five designs are featured offering the greatest possible combination of options in this key area.

| or double | 6'6" x 6'2" | or double 6'6" x 6'2" | or double 6'6" x 6'2" | and 6'0" x 2'2" |
| | | | | or double 6'6" x 6'0" |
| | | | | Side single 5'11" x 2'2" |

Note: Payloads on all 1997 Swift Caravans (all ranges). Maximum Authorised weight (MAW) - is the maximum weight all caravans are plated to by the manufacturer to include a normal payload. Maximum Technical Permissible Weight (MTPW) - if you require extra payload, in some cases it may be possible to increase the MAW to the MTPW. To do this, you must contact your dealer who will arrange to have a new weight plate supplied by the manufacturer for a charge. If you exceed the Maximum Authorised Weight plated on your Swift tourer you could be liable to prosecution.
